NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

THE SECRETARY OF THE ADMIRALTY,
(Editor of the Navy List) London, S.W.1,

mentioning the ship or page affected.

Such communications should be marked "On His Majesty's Service", and need not be stamped.

The Seniority Lists of Officers on the Retired, &c., Lists will appear annually in the July issue of the Navy List. Otherwise this Navy List includes all retired and emergency Officers serving.

The rates of pay, regulations, &c., are contained in a separate publication entitled "Appendix to the Navy List", which appears in June and December.

No appointments dated after the 18th day of the month of publication can be inserted in the Navy List until the following List is published.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the same to the Secretary of the Admiralty, in order that the necessary alterations may be made in the Navy List and in the Official Records of the Admiralty.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of the Degrees held, but generally speaking are confined to degrees of an honorary nature conferred specially upon an Officer and degrees which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

The Navy List *is compiled and published by order of the Lords Commissioners of the Admiralty for the convenience of the Service; but, as errors may occasionally occur, their Lordships must expressly reserve their right to determine the status of any Officer according to the actual circumstances of the case, independently of any Entry in the* Navy List.

By command of their Lordships,

J. G. LANG.

The above list is issued for the information of Captains of His Majesty's Ships with reference to the provisions of Article 126 of the King's Regulations, under which they are authorised to ascertain whether British Merchant Ships flying the Blue Ensign of His Majesty's Fleet are legally entitled to do so.

The detailed Regulations issued by the Ministry of Transport lay down the following conditions relative to the wearing of the Blue Ensign :—

(*a*) If, from any circumstances, the Officer to whom the warrant was issued is not in command of the ship, then the Blue Ensign is not to be worn.

(*b*) If the number of persons belonging to the Naval Forces or Naval Reserve Forces specified in the Admiralty Regulations on board is less than 7, then the Blue Ensign is not to be worn unless it can be shown by the endorsements on the Agreement, or by entries in the Official Log, that the reduction in the number is caused by death, sickness, desertion or joining a British Man of War, or by some unavoidable casualty.

(*c*) If it should be found that, although the ship is provided with an Admiralty Warrant, the above Regulations are not complied with, the Admiralty Warrant should be obtained and transmitted, with a report, to the Admiralty if the Commanding Officer is on the Retired List of the Royal Navy and to the Registrar-General in all other cases.

(*d*) If it is found that the ship is flying the Blue Ensign without an Admiralty Warrant, the Blue Ensign should be seized and the case reported to the Admiralty or Registrar-General of Shipping and Seamen as the case may be.

SEA CADET UNITS AND R.N. SECTIONS OF THE COMBINED CADET FORCE.

There are in a number of Schools, R.N. Sections of the Combined Cadet Force. C.C.F. Units are adminstered through a Joint Cadet Executive consisting of one Naval Officer, one Military Officer and one Air Force Officer attached to the Staff of the Director, Territorial Army and Cadets, the Training Policy of R.N. Sections being the responsibility of Admiral Commanding Reserves.

There are also, in schools, a small number of "Closed" Sea Cadet Units. These are outside the scope of the above Regional and Area Organisation and are administered by the School authorities who are directly responsible to Admiral Commanding Reserves.

The Scholarships are limited in number, at present to five each year, of which two are for applicants for service in the Royal Navy, two for the Army and one for the Royal Air Force. The value of each Scholarship is dependent on the financial resources of the scholar's family. Applications can be received only in January or February of each year, and must be made on an application form obtainable as below.

Further details of these and other Kitchener Scholarship for University courses for sons of Service parents may be obtained on application to :—

BOTH SIDES OF THE GRILLE

Our customers take it for granted that they will receive a friendly welcome whenever business brings them into the Bank. This attitude on the part of its staff reflects the importance which the Westminster Bank attaches to the establishment of cordial relations between its customers and itself. It recognises that nothing so greatly stimulates a full use of the Bank's various facilities—a state of affairs in which there are matters of benefit for those on each side of the cashier's grille . . . The Manager of any branch will be glad to show you how easy it is to become a customer of the Westminster Bank.

PERMANENT COMMISSIONED OFFICERS OF THE ROYAL NAVY AND ROYAL MARINES.

NEW CODE

1. The following is a summary of the provisions of the new retired pay code.

2. It applies to permanent commissioned officers who were serving on the active list on 19th December 1945, and to officers granted permanent commissions after that date. If it is to their advantage, officers serving on the active list on 6th March, 1946, will be allowed to receive, in respect of the rank held on that date, the retired pay or gratuity terms prescribed under the old code instead of those prescribed under the new code. It does not apply to officers holding temporary or short service commissions. Ex-R.N.R. and R.N.V.R. officers granted permanent commissions in the R.N., either under regulations in force before the 1939 war, or under current regulations, are now eligible to receive the new rates as are Short Service Air Branch officers accepted to complete time for retired pay, under the conditions specified in A.F.O. 545/47.

For service short of 22 years, there will be deductions from £475 at the normal rate as for a Lieutenant-Commander.

CONDITIONS OF AWARD OF RETIRED PAY OR GRATUITY

4. Qualifying Service

Eligibility for retired pay or gratuity is dependent on the completion of the following minimum periods of qualifying service, reckoned in accordance with paragraph 11 (a) below.

Retired pay.

On retirement for a cause other than invaliding or under para. 10 (b) .. 20 years
on invaliding .. 10 years

Retired pay may however be awarded on completion of not less than 15 years' reckonable service, on compulsory retirement only,

(a) To officers who necessarily entered, in the interest of the Service, at an age above the normal and have in consequence not completed 20 years' qualifying service at the time of their compulsory retirement for age or non-employment.

(b) To officers promoted from the lower deck provided that they have not less than 22 years' service (including ratings service in full) from first entry or age of 18, whichever is the later.

Gratuity

On retirement for a cause other than invaliding (para. 9), or under para. 10 (c) .. 10 years

Digitized by Google

5. Conditions necessary for award of full standard rate.

(a) Compulsory retirement

Subject to the following conditions regarding length of service and service in the rank, retired pay at the standard rate is payable to an officer either—

(i) compulsorily retired on reaching the age limit for service in the rank and Branch or

(ii) compulsorily retired before reaching the age limit, by reason of it having been decided that he will not be further employed or promoted.

(b) Service in the rank

An officer who retires for any cause other than invaliding must have completed the following periods of full pay service in the substantive rank to qualify for retired pay appropriate to the rank—

(i)	Admiral or General, R.M.	1 year
(ii)	All other officers (except as in (iii)	2 year
(iii)	Commanders and Lt.-Cdrs. from Branch List and equivalent R.M. Officers ..	1 year

If an officer has less than the prescribed period of service in the rank, his retired pay will be based on the highest rank for which he is so qualified.

(c) Service from age 21

To qualify for the full standard rate, officers must have completed the following periods of service from age 21, reckonable in accordance with para. 11 (b) below.

Rear-Admiral, Major-General, R.M., or above ..	30 years
Captain, R.N., after 6 years' service in the rank, or Colonel, R.M.	28 years
Captain, R.N., with less than 6 years' service in the rank or Lieutenant-Colonel, R.M.	26 years
Commander, R.N., or Major, R.M.	24 years
Lieutenant-Commander, R.N., or Captain, R.M.	22 years
Lieutenant, R.N., or R.M.	20 years
Senior Commissioned Officer } Branch { ..	20 years
Commissioned Officer .. } List { ..	20 years

6. Deductions for service short of the standard periods.

Where the total service given is less than the period, according to rank, prescribed in paragraph 5 (c), the rate of retired pay otherwise admissible will be reduced by one deduction, at the following rates, in respect of each year or part of a year of the deficiency :—

Rate of retired pay	Deduction for each year or part of a year by which total service falls short of the period specified in paragraph 5 (c)
Above £1,000 a year	£50 a year
£1,000 and above £600 a year	£30 a year
£600 and above £400 a year	£20 a year
£400 and above £300 a year	£15 a year
£300 and above 200 a year	£10 a year
£200 and below	£5 a year

Where, after a deduction has been made, the net remaining rate of retired pay is less than the minimum appropriate to the rate of deduction, any further deductions will be at the next lower rate. For example, if the standard rate of retired pay is £625 a year but under the above conditions three deductions are to be made, the first deduction would be at £30 a year, and the next two at £20 a year each ; thus the net rate of retired pay would be £555 a year.

7. Voluntary Retirement

(a) Officers who are allowed to retire at their own request, within two years of the date on which they attain the compulsory retiring age for their rank and branch, will receive the rate of retired pay for which they are eligible by rank and service that would have been payable on compulsory retirement in the circumstances set out in paragraph 5 (a) above.

(b) The rate of retired pay payable to an officer who is permitted to retire at his own request, except as provided in sub-paragraph (a) above, will be the rate which he would have received on compulsory retirement at the age-limit for service in his rank and branch reduced by one deduction on the scale shown in paragraph 6 above for each year or part of a year by which his age falls short, by more than two years, of that age-limit, with a further deduction of 10 per cent. of the resultant figure.

8. Gratuities

(a) Gratuities at the following rates will be payable to officers on the General List holding permanent commissions who are allowed to retire voluntarily, or are compulsorily retired otherwise than for unsuitability, incapacity or misconduct, but have insufficient service to qualify for retired pay. The rate of gratuity is the same for officers of all Branches.

For each year up to the 10th inclusive, and for each year in excess of ten rendered before 6th March, 1946	£100
For each year in excess of 10 rendered after 6th March, 1946 (subject to a maximum of £2,350) ..	£150

Officers transferred from the Reserves or from temporary service will not be eligible for gratuities on voluntary retirement unless they have rendered ten years' service from the date of transfer to the permanent list.

Digitized by Google

(b) Branch Officers and officers promoted therefrom (other than Branch Officers promoted direct to the General List) permitted to retire at their own request with insufficient service to qualify them for retired pay, may be granted a gratuity on the following scale, subject to the completion of a minimum period of ten years' actual service from the age of 18.

(*a*) *Rating Service*

For each year of reckonable service in excess of 5 years up to 10 years	£10
For each year of reckonable service in excess of 10 years	£25
Subject to a maximum for ratings' service of	£200

(*b*) *Officer Service*

For each year of reckonable service as Commissioned Officer, Branch List (formerly Warrant Officer) ..	£75
For each year of reckonable service as Senior Commissioned Officer, Branch List (formerly Commissioned Officer from Warrant Rank)	£100
For each year of service as Lieutenant or above, Branch List	£100

2. A Branch Officer with sufficient service to qualify for an award of retired pay, or for an award of pension on the ratings' scale (with special rank increments for service as officer), will not be eligible for an alternative award of gratuity on the foregoing scale.

3. Voluntary retirement with a gratuity on the foregoing scale will be allowable at the discretion of the Admiralty in exceptional circumstances only.

9. Officers Invalided

(A) *Officers with a minimum of* 10 *years' qualifying service will be granted retired pay as follows* :—,

(*a*) An Officer with 20 or more years' qualifying service will receive the rate of retired pay for which he would have been eligible by rank and service had he been compulsorily retired.

(*b*) An Officer with less than 20 but more than 10 years' qualifying service will receive retired pay as follows :—

(i) *General List Officers.*—From the retired pay for which he would have been eligible under (*a*) above had he completed 20 years' qualifying service and retired in the rank of Lieutenant-Commander, Royal Navy, or Captain, Royal Marines; or his substantive rank, if higher; a deduction will be made of twice the amount referred to in paragraph 6 for each year or part of a year by which his qualifying service falls short of 20 years.

(ii) *Commissioned Officers (Branch List) and Officers promoted therefrom other than Branch Officers promoted to the General List.*
Commissioned Officer.—£150 a year for 10 years' reckonable service with an addition of £10 for each further complete year of service. A Branch Officer who has not 10 years' reckonable service will be entitled, if he has 12 years' actual service, to an invaliding pension on the rating scale, with special rank elements for service in the rank of Commissioned Officer (Branch List) or higher rank as follows :—

Senior Commissioned Officer.—£180 a year for 10 years' reckonable service with an addition of £12 for each further complete year of service.
Lieutenant and above.—From the rate of retired pay for which he would have been eligible under (*a*) above had he completed 20 years' qualifying service, a deduction will be made of twice the amount referred to in paragraph 6 for each year or part of a year by which his qualifying service falls short of 20 years.

(B) *Officers with less than* 10 *years' qualifying service.*

(i) Commissioned Officers (General List) with less than 10 years' qualifying service, will receive service gratuities at the rate of £100 for each year of such service.

(ii) Branch Officers with less than 10 years' qualifying service and with insufficient service to qualify them for ratings' pension, will receive gratuities at the rate of £75 for each complete year of qualifying service.

If an officer's unfitness when invalided is due wholly or in part to his own negligence, or to causes within his own control, the grant and amount of retired pay or gratuity will be at the discretion of the Admiralty.

10. Retirement for Unsuitability, Inefficiency, Misconduct, etc.

Officers retired for incapacity, unsuitability, misconduct, etc., will be eligible for retired pay or gratuity as follows :—

Officers retired for causes not within their control.

(a) An Officer retired on account of incapacity, etc., not due to causes within his own control, with at least 20 years' qualifying service, may be awarded retired pay as for other officers compulsorily retired.

11. Reckoning of Service

For the purpose of the grant or assessment of retired pay or gratuity full pay service on the Active List will reckon as follows :—

(a) for determining qualification for retired pay or gratuity, and for assessing rate of gratuity, all commissioned service as defined in (c) below ;

(b) for determining the rate of retired pay, only service subsequent to the officer's 21st birthday (subject to (d) and (e) below) ;

(c) service counts as commissioned service for the purpose of (a) and (b) above as follows :—

(i) *In full* : Service as Acting Sub-Lieutenant ; Second Lieutenant, Royal Marines not below the age of 20 ; Branch Officers, R.N. and R.M. ; and above ;

(d) In determining the rate of retired pay, sufficient service reckoning in half under (c) (ii) above may be taken into account to produce a notional date of commencement of reckonable officer service not earlier than the 21st birthday.

(e) An Officer promoted to Acting Sub-Lieutenant or 2nd Lieutenant R.M., during the period of hostilities, August, 1914. to November, 1918, may reckon his service from date of promotion for b th (a) and (b) above.

12. Reckoning of Service—General Rules

(a) *Continuity of Service.*

Except as provided hereunder only continuous active list service on a permanent commission on full pay reckons for retired pay.

(b) *Reckoning of previous or non-continuous service.*

Previous active list service on permanent, short service, or other commission or engagement, may be taken into account provided :—

(i) there has not been a break in service of more than five years. The Admiralty may, however, at their discretion, take into account previous service notwithstanding a break exceeding five years provided that they are satisfied that the officer has been, for any excess over the five years, a member of a Reserve Force undertaking regular training ;

(ii) No gratuity (other than war gratuity) was paid to the officer on termination of the former service ; or if any such gratuity was paid, or the officer were entitled to such gratuity, arrangements satisfactory to the Admiralty are made for its repayment to the Admiralty.

(c) *Previous Army or Air Force Service.*

Previous service in the Army or Air Force may be taken into account as though it were Naval service in equivalent rank or rating.

(d) *Training Periods.*

Training periods on full pay, except individual periods of less than six months, may be taken into account as full pay service.

(e) *Half-Pay Service.*

Periods on unemployed full pay or on the intermediate rate of unemployed pay, or on half-pay before 1st Aug., 1938, not following the sentence of a Court Martial or the expiration of full pay sick leave, will reckon as service in full up to a maximum of six months in any one period or two years in all. Any such service not reckoning in full under the above rule reckons as a third subject to a maximum of six years such service reckoning as two.

(f) *Service in appointments not remunerated from Naval Funds.*

The Admiralty may, at their discretion, allow to reckon as service for retired pay, service in appointments not remunerated from Naval Funds which, the Admiralty is satisfied, are appointments which may be properly held, in the interests of the Naval service, by a Naval officer on the Active List during and as a part of his Naval career, to which the officer is required to bring Naval knowledge and experience, and from which he is considered by the Admiralty to acquire experience of value to his Service.

13. Rank

Only full pay substantive rank on the Active List will be taken into account in assessing retired pay under the New Code, except that :—

(a) For officers substantively promoted to a rank before 1st July, 1946 (or in the case of officers compulsorily retired from the former Royal Indian Navy before 31st December, 1947), periods of service in Acting Rank between 3rd September, 1939, and 30th June, 1946 (30th December, 1947, in the case of ex-R.I.N. officers), may be reckoned towards the minimum qualifying periods of service in that rank ; and service as Acting Captain, R.N., up to 31st Oct., 1952, inclusive, may reckon towards the requirement of six years service as Captain irrespective of the date of substantive promotion.

(b) Service in Acting Rank one step above substantive rank up to the 31st Oct., 1952, inclusive, may nevertheless count for increments of retired pay under the conditions laid down in A.F.O. 485/49.

14. Effect of National Retirement Pensions on Retired Pay

Officers who (a) enter the Royal Navy on or after the 1st July, 1949 (except Dartmouth Cadets who, although not actually in the Service on the 1st July, 1949, nevertheless had at that date had an undertaking given on their behalf that they would make the Royal Navy their career) and (b) re-enter on or after the 1st July, 1949, after a break in service, except those who re-enter within 12 months of being invalided or those who have already been granted service retired pay before re-entry, will have a deduction made from their service retired pay at the rate of 4d. a week for each year of service ; subject to a maximum of 16/- a week ; which will take effect from the date on which an officer attains the age of 65 and becomes entitled to a National Retirement Pension. No adjustment of service retired pay will, however, be made in the case of officers living outside the United Kingdom and not in receipt of National Retirement Pensions.

GRATUITIES IN RESPECT OF SHORT SERVICE COMMISSIONS

1. An officer granted a short service commission in the Royal Navy after the 19th December, 1945, under conditions which provide for the payment of a gratuity, may, on satisfactory completion of the full period of Active List service he has undertaken, be granted a gratuity as follows :—

(a) Officers granted short service commissions up to 30th June, 1947

(i)	Medical Officers—on completion of 4 years' service	£750
(ii)	Dental Officers—on completion of 4 years' service	£625
(iii)	Instructor Officers—	
	on completion of 3 years' service	£337 10s. 0d.
	on completion of 4 years' service	£450
	on completion of 5 years' service	£562 10s. 0d.

(b) Officers granted short service commissions after 30th June, 1947

(i)	Medical Officers—on completion of 4 years' service	£600
(ii)	Dental Officers—on completion of 4 years' service	£500

	on completion of 4 years' service	£400
	on completion of 5 years' service	£500

	on completion of 5 years' service	£500

(c) Officers, Pilots or Observers—on completion of 8 years' service .. £1500

(d) Pilots on completion of 4 years' service .. £700

(e) Commissioned Pilots (Branch List)—on termination of service, a gratuity at the rate of £50 for each year of aircrew service from the age of 18, time as rating counting as single time, and time as Branch Officer counting as double time. The first two years of aircrew service will, however, count as single time only in all cases.

(f) Chaplains not granted permanent commissions who withdraw from the Royal Navy after 4 years' full pay service will be granted a gratuity of £300 on leaving.

2. An officer who fails to complete the full period of Active List service which he has undertaken may nevertheless be awarded a gratuity as follows :—

(a) If his service is terminated on account of disability not due to causes within his own control, or for non-employment, or for unsuitability or inefficiency not due to causes within his control, or if his service is terminated at his own request within six months of the completion of the full period of Active List service he has undertaken to give, he may be granted a gratuity proportionate to the length of Active List service he has actually completed.

(b) In other circumstances, no gratuity will be payable unless he has completed at least one years' satisfactory service. If his service is thereafter terminated owing to disability due to causes within his own control, or to inefficiency or other cause within his own control but not amounting to misconduct, or if his service is terminated at his own request more than six months before the conclusion of the period he has undertaken to give, he may be allowed, at Admiralty discretion, such gratuity as may be determined, but not exceeding three quarters of the amount proportionate to the length of his actual service on the Active List.

(c) If his service is terminated on account of misconduct, the award of a gratuity will be at Admiralty discretion, but the award will not exceed 90% of the gratuity which could have been awarded had his service been terminated at his own request.

3. No short service gratuity will be payable in the event of the death of an officer before the completion of the period of Active List service he has undertaken to give.

4. If an officer serving on a short service commission continues on full pay beyond the period of Active List service which he has undertaken, payment of the gratuity may be deferred until the end of such further service. No additional gratuity will, however, be payable in respect of the period of extended service, unless special provision for such further payment is made.

5. A short service commissioned officer granted a permanent commission will not be eligible for any gratuity in respect of his service on a short service commission, but such service may count towards an ultimate award of retired pay or gratuity as a permanent officer. If, having received a gratuity in respect of short service an officer is granted a permanent commission, his previous service will not be reckonable towards an ultimate award of retired pay or gratuity as a permanent officer unless satisfactory arrangements are made for the refund of the Short Service Gratuity.

6. A regards officers granted short service commissions in the Educational Branch of the Royal Navy who have within a year previously been in contributory service under the Teachers (Superannuation) Acts, the full amount of the employers and employees contributions required to maintain their entitlement to superannuation allowance or gratuity under those Acts shall be deducted from any gratuity payable to the officer on termination of his service.

PERMANENT COMMISSIONED OFFICERS OF THE WOMEN'S ROYAL NAVAL SERVICE.

1. **RATES.** The full rates of Retired Pay will be as follows :—

Superintendent (after 6 years)	£600 a year
Superintendnent	£550 a year
Chief Officer	£420 a year
First Officer	£320 a year
Second Officer	£250 a year

CONDITIONS OF AWARD OF RETIRED PAY OR GRATUITY

2. **QUALIFYING SERVICE.**

Eligibility for retired pay or gratuity is dependent on the completion of the following minimum periods of qualifying service reckonable in accordance with paragraph 9 below.

Retired Pay.

On retirement for any cause other than invaliding	20 years
On invaliding	10 years

Retired Pay may, however, be awarded on completion of not less than 15 years' service, on compulsory retirement only

(a) To officers who necessarily entered, in the interest of the Service, at an age above the normal, and have in consequence of late entry not completed 20 years' qualifying service at the time of their compulsory retirement for age or non-employment.

(b) To officers promoted from rating provided that they have not less than 22 years' service (including rating's service in full) from first entry or age of 18, whichever is the later.

Gratuity.

On compulsory retirement for age or non-employment or on retirement at own request (see also paragraph 6 (b) below)	10 years

3. **Conditions necessary for award of full standard rate.**

(a) Compulsory retirement.

Subject to the following conditions regarding length of service and service in the rank, retired pay at the standard rate is payable to an officer either—

(i) compulsorily retired on reaching the age limit for service in the rank, or

(ii) compulsorily retired before reaching the age limit by reason of it having been decided that she will not be further employed or promoted.

(b) An officer who retires for any cause other than invaliding must have completed two years' full pay service in the substantive rank to qualify for retired pay appropriate to the rank. If an officer has less than the qualifying period of service in the rank, her retired pay will be based on the highest rank for which she is so qualified.

(c) Service from age 21.

To qualify for the full standard rate, officers must have completed the following periods of service from age 21, reckonable in accordance with paragraph 9 below.

Superintendent (after 6 years' service in the rank)	28 years
Superintendent (with less than 6 years' service in the rank)	26 years
Chief Officer	24 years
First Officer	22 years
Second Officer	20 years

Note.—So long as the compulsory age for retirement in this rank remains at 40, no Second Officer will be able to qualify for the full standard rate of retired pay.

4. **Deductions for service short of the standard periods.**

When the total service given is less than the period, according to rank, prescribed in paragraph 3 (c) the rate of retired pay otherwise admissible will be reduced by one deduction, at the following rates, in respect of each year or part of a year of the deficiency :—

Rate of Retired Pay.	Deduction for each year or part of a year by which the total service falls short of the period specified in paragraph 3 (c).
£600 and above £400 a year	£20 a year
£400 and above £300 a year	£15 a year
£300 and above £200 a year	£10 a year
£200 and below	£5 a year

Digitized by Google

Where, after a deduction has been made, the net remaining rate of retired pay is less than the minimum appropriate to that rate of deduction, any further deductions will be at the next lower rate. For example, if the standard rate of retired pay is £320 a year but under the above conditions three deductions are to be made, the first two deductions would be at £15 a year and the third at £10 a year; thus the net rate of retired pay would be £280 a year.

5. Voluntary Retirement.

(*a*) Officers who are allowed to retire at their own request, including those retiring on marriage, within two years before the date on which they attain the compulsory retiring age for their rank, will receive the rate of retired pay for which they are eligible by rank and length of service that would have been payable on compulsory retirement in the circumstances set out in paragraph 3 (*a*) above.

(*b*) The rate of retired pay payable to an officer who is permitted to retire at her own request, including retirement on marriage (except as provided in sub-paragraph (*a*) above), will be the rate which she would have received on compulsory retirement at the age limit for service in her rank reduced by one deduction on the scale shown in paragraph 4 above for each year or part of a year by which her age falls short by more than two years, of that age-limit, with a further deduction of 10 per cent. of the resultant figure.

6. Gratuities.

(*a*) Gratuities at the following rates will be payable to officers who are allowed to retire voluntarily or are compulsorily retired otherwise for unsuitability, incapacity or misconduct, but have insufficient service to qualify for retired pay.

On completion of not less than 10 years' service	£650
For each complete year of service in excess of 10 years, a further	£100
Subject to a maximum of	£1,550

(*b*) A gratuity will not be payable on voluntary retirement unless the officer has held a permanent commission for five years, as well as 10 years' qualifying service.

(*c*) On compulsory retirement for non-employment on the completion of five years' qualifying service, a gratuity of £325 will be payable.

(*d*) Officers transferred to the permanent list from an extended service engagement,

(i) if compulsorily retired through no fault of their own before qualifying for gratuity or retired pay as officers of the permanent service, or

(ii) if retired for marriage within three months after marriage, after the end of the period of their extended service engagement,

will remain eligible for a gratuity at the rate of £50 for each year's service on an Extended Service Commission before 24th November, 1948, and at the rate of £65 a year for each year of extended service after that date. Officers who retire for marriage within three months after marriage, before the end of their extended service engagement will remain eligible for an extended service gratuity at the rate of £50 for each year of such service.

(*e*) Officers granted a Short Service Commission in the Meteorological Branch will be eligible on the completion of five years of such service for a gratuity at the rate of £65 a year for each year of service.

7. Officers invalided.

A. An officer invalided with a minimum of 10 years' qualifying service will be granted retired pay as follows:

(*a*) An officer with 20 or more years' qualifying service will receive the rate of retired pay for which she would have been eligible by rank and service had she been compulsorily retired.

(*b*) An officer with less than 20 but more than 10 years' qualifying service will receive retired pay on the following basis. From the retired pay for which she would have been eligible under (*a*) above had she completed 20 years' qualifying service and retired in the rank of First Officer, or her substantive rank, if higher; a deduction will be made of twice the amount referred to in paragraph 4 for each year or part of a year by which her qualifying service falls short of 20 years.

B. An officer with less than 10 years' qualifying service will receive a service gratuity at the rate of £65 for each year of such service.

8. Retirement on account of Prognancy, Unsuitability, Inefficiency, Misconduct, etc.

The regulations to govern the payment of retired pay or gratuity or other non-effective awards to officers placed on the retired list for pregnancy, unsuitability, inefficiency or misconduct, or to those dismissed, are under consideration.

9. Reckoning of Service.

For the purpose of the grant or assessment of retired pay or gratuity full pay service on the Active List will reckon as follows:—

(*a*) for determining qualification for retired pay or gratuity, and for assessing rate of gratuity, all commissioned service as defined in (*c*) below;

(*b*) for determining the rate of retired pay, only service subsequent to the officer's 21st birthday (subject to (*d*) below)

(*c*) service counts as commissioned service for the purpose of (*a*) and (*b*) above as follows:—

(i) In full. Service as a Commissioned Officer.

(ii) In half. Service as a rating (not below age 18).

(*d*) In determining the rate of retired pay, sufficient service reckoning in half under (*c*) (ii) above may be taken into account to produce a notional date of commencement of reckonable officer service not earlier than the 21st birthday.

10. Reckoning of Service—General Rules.

The general rules for reckoning of service will be the same as for male officers (see para 12., page 25).

11. Effect of National Retirement Pensions on Retired Pay.

Officers who enter on or after the 1st July, 1949, or re-enter on or after that date after a break in service, except those who re-enter within 12 months of being invalided or those who have already been granted service retired pay before re-entry, will have a deduction made from their service retired pay at the rate of 4d. a week for each year of service; subject to a maximum of 16s. a week; which will take effect from the date on which an officer attains the age of 60 and becomes entitled to a National Retirement Pension. No adjustment of service retired pay will, however, be made in the case of officers living outside the United Kingdom and not in receipt of National Retirement Pensions.

GENERAL REGULATIONS.

1. In calculating service for retired pay under the old code, the time of all Officers of the R.N. and R.M. while on full pay and while on unemployed full pay subsequent to 31st July, 1938, will count in full. Time on unemployed full pay prior to 1st August, 1938, on an intermediate rate, and on half-pay, will reckon as one-third of full service, subject to the proviso that such time in excess of two years after an Officer's last employment or, if promoted while unemployed, time in excess of two years, subsequent to date of promotion, will not be reckoned at all. The manner in which time is reckoned for purposes of gratuity on retirement or discharge from the Service is as indicated in the Regulations.

2. In the absence of special provisions to the contrary, service while on the Retired List does not count towards increase of retired pay nor do steps in rank on the Retired List confer any claim to increase of retired pay.

3. In the absence of special provisions to the contrary, gratuities under these Regulations will not be payable to the estate of an Officer who dies or is killed while serving on the Active List.

4. If an Officer be invalided and his unfitness be due, in the opinion of the Admiralty, wholly or in part due to his own negligence, misconduct or any cause within his control, any retired pay or gratuity which might otherwise have been granted to him may be reduced or withheld at the discretion of the Admiralty.

5. The sentence of a Court Martial placing an officer at the bottom of the list of his rank involves the loss of previous time of service in that rank; so also when the sentence of a Court Martial takes away any seniority from an Officer, it thereby affects his half or retired pay or pension, where these depend upon seniority; and it carries with the loss of the benefit of the service included in the seniority forfeited, where the half or retired pay, pension, or gratuity depend upon actual service; but, although the time is forfeited, it is to be considered as service in reference to compulsory removal from the Active List.

6. An Officer placed on the Retired List under Order-in-Council of 15th August, 1941, because of unsuitability for further service by reason of incapacity, inefficiency, unsatisfactory performance of duties or other defect, such unsuitability having been held by the Admiralty to be due to causes within his own control but not of such a nature as to justify retirement for misconduct, may be granted such rate of retired pay or such gratuity within the scale provided for an Officer of such rank and service who is placed on the retired list for incapacity under Order-in-Council of 21st April, 1922, as the Admiralty, in their discretion, may think fit. The Admiralty may, at their discretion, award a gratuity of such amount as they think fit instead of retired pay, provided, however, that a gratuity shall not be awarded instead of retired pay to an Officer who would have been eligible for retired pay had he been permitted to retire voluntarily. The amount of a gratuity awarded instead of retired pay shall be within the commutation value, calculated according to the current table in use by the Pensions Commutation Board for the commutation of Officers' retired pay, of the retired pay which would have been payable had the Officer retired for incapacity under Order-in-Council of 21st April, 1922.

7. An Officer placed on the Retired List under Order-in-Council of the 11th September, 1941 by reason of an act or acts of misconduct or who through intemperate or irregular habits of life has become unfit for or is unworthy of further employment may be granted such rate of retired pay or such gratuity as the Admiralty in their discretion may think fit, provided that :—

(i) Retired pay be not granted to any Officer who would have been eligible for a gratuity only if placed on the retired list for incapacity under Order-in-Council of 21st April, 1922.

(ii) Gratuity instead of retired pay may be awarded to any Officer who could have been awarded gratuity instead of retired pay had he been retired for unsuitability under Order-in-Council of 15th August, 1941 (see paragraph 6).

(iii) The maximum rate of retired pay shall be the lower of the two following rates, viz. :—

(*a*) The rate for which the Officer would have been eligible under Order-in-Council of the 21st April, 1922, after crediting the Officer with any service lost as a result of sentence by Court Martial, less 10 per cent., or

(*b*) The rate for which the Officer would have been eligible if he had been retired for incapacity under Order-in-Council of the 21st April, 1922, calculated upon the Officer's service as reduced by sentence of Court Martial.

iv) The maximum gratuity payable shall be :—

(*a*) if the Officer would have been eligible for a gratuity only had he been retired for incapacity under Order-in-Council of 21st April, 1922, the amount of such gratuity, or

(*b*) if the Officer could have been awarded gratuity instead of retired pay had he been retired for unsuitability under Order-in-Council of 15th August, 1941 (see paragraph 6), a gratuity within the commutation value, calculated according to the current table in use by the Pensions Commutation Board for the Commutation of Officer's retired pay, of the retired pay which could have been awarded to the Officer under (iii) above.

8. An Officer who has been dismissed the Service or dismissed with disgrace by sentence of Court Martial or whose name has been removed from the list of Officers or who has been deprived of retired pay following upon the removal of his name from the list of retired officers or who has been allowed to resign his commission or warrant to avoid trial by Court Martial, may be awarded a compassionate allowance, but the grant of such an allowance and its duration, if granted, shall be entirely at the discretion of the Admiralty. No Officer may, however, be awarded a compassionate allowance in excess of the retired pay or gratuity which might have been granted to him if placed on the retired list for misconduct (see paragraph 7) and no Officer who has been deprived of retired pay in consequence of the removal of his name from the list of retired Officers may be awarded a compassionate allowance in excess of the compassionate allowance which might have been granted to him if at the date of his retirement his name had been removed from the list of Officers.

9. Nothing in paragraphs 7 and 8 shall confer on any person who has been removed from His Majesty's Service any right to half-pay, retired pay or pension, compassionate allowance or gratuity

6.—*Family Allowances.*

An Officer who is awarded additional retired pay for disability or disability retired pay, may be granted allowances in respect of his wife and children at such proportion of the following rates as corresponds to the degree of his disablement on which his disability award is based.

	Rate for 100 *per cent disablement.*
	£

For each other child	30

The conditions governing the grant of these family allowances in addition to disability awards shall be as follows:—

(*a*) If an Officer's wife is living apart from her husband, family allowance shall not be allowable in respect of her unless—

(iii) the separation was caused by the husband's mental instability due to the disability in respect of which he is granted a disability award.

(*b*) Allowances in respect of children other than legitimate children may be granted under similar conditions to those prescribed for the payment of such allowances to Naval ratings and marines—see "Pensions, etc., to R.N. Ratings and Royal Marines," Section III, A, paragraph 4 in this Appendix.

Notes.—

(i) Family addition to a disability award in respect of a child shall normally terminate when the child attains the age of 18 years, but (a) if satisfactory evidence is produced that, owing to mental or physical infirmity, such infirmity having arisen before the child reached the age of 18, a child is unable to maintain himself or herself, the addition may be granted or continued beyond that age, and (b) the addition may also be granted or continued after the age of 18 years in the case of a child who is being educated at secondary school, technical school or university, or is an apprentice receiving not more than nominal wages.

(ii) Family addition to disability awards in respect of any individual may be withheld if in the opinion of the Admiralty the circumstances are not such as to justify the grant.

(iii) Where an individual in respect of whom such family addition to a disability award is admissible is not residing with the Officer, the addition may, at the discretion of the Admiralty, be granted independently for the benefit of that individual, to some person other than the Officer.

7.—*Education Allowances.*

(i) In addition to disability award, an allowance may, at the discretion of the Admiralty, be granted in respect of a child, eligible for an allowance under paragraph 6 for the purpose of the child's education, if:—

(a) the child has attained the age of 5 years; and,

(b) the circumstances of the family are such as to require it; and,

For the purpose of this paragraph approved treatment means in-patient treatment authorised or approved by the Admiralty.

(v) The allowance under (ii) (*a*) above may be increased by whichever of the following amounts is appropriate, namely :—

Schedule III.

MISCELLANEOUS REGULATIONS.

1. Additional retired pay or disability retired pay under these regulations shall only be awarded in respect of the degree of disablement which is certified by the competent medical authority as attributable to the conditions of service.

2. Additional retired pay or disability retired pay under these regulations shall not be granted to any Officer whose percentage degree of disablement or retirement is certified by the competent medical authority to amount to less than 20 per cent., notwithstanding that he may have been retired on account of sickness or injury attributable to the conditions of service, but any such Officer shall be entitled to receive the retiring allowance, by way of annual retired pay or gratuity if any, to which he would have been entitled if invalided for a cause not attributable to the conditions of service.

3. An Officer who is ineligible for retired pay in respect of service, but to whom disability retired pay under these regulations is awarded (except Short Service Officers of the Air Branch) shall not be entitled to receive in addition any retiring allowance by way of gratuity, which might have been awarded to him under under any other regulations, and if any such allowance has already been paid to such an Officer before the admission of his claims to disability retired pay under these regulations, he shall be required to refund it as a condition to the grant of disability retired pay under these regulations.

4. The assessment of additional retired pay or disability retired pay under these regulations may be increased or reduced or cancelled, when it is shown to the satisfaction of the Admiralty that the disability in respect of which it was granted has increased or decreased or ceased to exist. In all cases, the disability will be regarded as having ceased to exist when it falls below 20 per cent.

5. When an Officer has been in receipt of additional retired pay or disability retired pay under these regulations for a period of five years, a final assessment of the disability may be made for the purpose of determining a permanent rate of additional retired pay or disability retired pay, unless this has already been done, provided that, in assessing the degree of disability on which the permanent additional retired pay or disability retired pay is to be based, regard shall be had to the probable degree of disability over a period of years.

6. No compensation in respect of disability shall be payable under these regulations to any Officer, except in respect of sickness, wounds or injury on account of which he is invalided, provided that any Officer (other than an Officer retired on the half-pay applicable to his rank or an Officer to whom the provisions of Rule 7 apply) may on retirement or discharge, but not later, be granted compensation in respect of a wound or injury due to service, and is recorded on any Hurt Certificate or of which there is other satisfactory evidence and for which he has not already received an award of compensation. The amount of compensation in respect of such injuries shall be at the discretion of the Admiralty, but in determining it, regard shall be had to the scale appropriate if the Officer had been invalided therefor, to the degree of disablement persisting at the date of retirement or discharge and the cause of retirement or discharge.

7. An Officer who elects to retire voluntarily will be assumed to have waived on behalf of himself and his dependants all claims to retired pay, gratuity or other grant under these regulations in respect of either disability or subsequent death, except as may be otherwise provided in regard to widows' pensions on the ordinary scale, and will not be eligible for any such retired pay, gratuity or other grant.

8. No compensation in respect of disability shall be payable under these regulations to any Officer who is already in receipt of a wound or injury pension in respect of a wound or injury sustained before the first day of October, 1921, but, should an Officer be subsequently retired or discharged in circumstances rendering him eligible for an award under these regulations in respect of another disability, he may, at the discretion of the Admiralty and if such course be to his advantage, be permitted on retirement or discharge from the service to surrender the wound or injury pension and to receive the additional retired pay or disability retired pay appropriate to the total degree of his disablement under these regulations, provided that the additional retired pay or disability retired pay shall in no case be subsequently reduced under Rule 4 of this Schedule below the amount of the wounds pension.

9. If an Officer's unfitness when invalided, or the degree of his disability at any time thereafter when surveyed for the review of an award, be due wholly or in part to his own negligence or misconduct or to any cause within his control, any grant which might otherwise have been made to him under these regulations may be reduced or withheld at the discretion of the Admiralty.

10. Should an Officer, retired or discharged as medically unfit for further service, be suffering from two separate and distinct disabilities and be eligible in respect of one of them for a grant under the regulations of the Ministry of Pensions, and in respect of the other for a grant under these regulations, only one grant will be made in respect of both. This grant will be assessed partly under the regulations of the Ministry of Pensions and partly under these regulations, according to the proportion which the percentage of each disability respectively bears to the sum of the two percentages added together, the assessment under these regulations being so regulated, however, as to ensure that the total grant made shall be neither more than the Officer would receive if the two disabilities were dealt with as one combined disability under the regulations of the Ministry of Pensions nor less than he would receive if they were so dealt with under the regulations here set forth.

11. If an Officer be injured in circumstances which entitle him to compensation from or on behalf of a third party for the act, omission or circumstances which caused the injury, any compensation received by him may be taken into consideration in determining the amount of any additional retired pay or disability retired pay which may be awarded under these regulations, and similarly, if such compensation is received after the award of additional retired pay or disability retired pay under these regulations, it may be taken into consideration and the award under these regulations may be amended or cancelled accordingly. If in the opinion of the Admiralty, an Officer either unreasonably refuses to prefer a claim for compensation against the third party, or unreasonably accepts an inadequate amount of compensation from such party, the additional retired pay or disability retired pay may be withheld or reduced at the discretion of the Admiralty.

12. "Rank" for the purpose of these regulations means the last substantive rank held by an Officer before retirement or discharge from the Active List.

13. Where the amount of any grant payable under these regulations is dependent upon length of service, the term "service" means service as reckoned for the purpose of calculating service retired pay, except as otherwise provided in these regulations.

14. If an Officer of the Royal Navy or Royal Marines, who has been seconded for service with the Royal Air Force and while serving therein has been paid at Royal Air Force rates of pay, is disabled by an accident while flying on duty or from causes directly attributable to the conditions of service in the Royal Air Force, he shall be dealt with as under the Royal Air Force Regulations appropriate to his rank in that Force or under Naval regulations appropriate to his rank in the Royal Navy or Royal Marines, whichever would be more to his advantage, subject to the following conditions, viz.:—

(i) Where the award under Royal Air Force regulations is dependent on length of service in a Royal Air Force rank or ranks, previous service in an equivalent, or any, Naval or Marine rank shall not be taken into account.

(ii) In the event of an Officer being invalided after return to the Royal Navy or the Royal Marines, the invaliding being directly attributable to service in the Royal Air Force, the award under Royal Air Force regulations shall not exceed that to which he would have been entitled had he been invalided on the date of his ceasing full pay in the Royal Air Force.

15. A Naval or Marine Officer who has been attached to the Royal Air Force for service with the Fleet Air Arm and while serving therewith has held a temporary Royal Air Force commission, if invalided on account of sickness or injury certified by the competent medical authority to be attributable to the conditions of the service during the period of attachment shall be dealt with, for the purpose of the award of retired pay, as under the Royal Air Force regulations, appropriate to his rank in that Force or under Naval Regulations appropriate to his rank in the Royal Navy or Royal Marines, whichever would be more to his advantage, subject to the following conditions:—

(i) Where the award under Royal Air Force regulations is dependent on length of service in a Royal Air Force rank or ranks, previous service in an equivalent or any Naval or Marine rank shall not be taken into account.

(ii) In the event of an Officer being invalided after return to the Royal Navy or the Royal Marines the award as under Royal Air Force regulations shall not exceed that to which he would have been entitled had he been invalided on the date of termination of his temporary commission in the Royal Air Force.

PROCEDURE FOR PLACING OFFICERS ON UNEMPLOYED PAY, HALF OR RETIRED PAY.

1. The authority for the payment of Unemployed Pay, Half-pay, or Retired Pay, to an Officer entitled thereto is given to the Paymaster-General, without preliminary application on the Officer's part. At the time this authority is issued, the Officer is informed of the award and is provided with a form of application for payment, which should be completed and forwarded to the *Paymaster-General*, Russell Square House, Russell Square, W.C.1. The appropriate payment forms will then be issued from time to time. Special arrangements are made by the Paymaster-General where Officers propose permanently to reside abroad.

2. All inquiries as to the *payment* of the awards referred to above should be addressed to the Paymaster-General, and not to the Admiralty.

COMMUTATION OF RETIRED PAY OR OTHER PAYMENT OF THE LIKE NATURE UNDER THE PENSIONS COMMUTATION ACTS, 1871 to 1882.

The following Pensions are commutable under the provisions of the Pensions Commutation Acts, 1871 to 1882, subject to such restrictions as may be imposed :—

Retired Pay or Pensions of all Officers.

Officers' Pensions for wounds or injuries, and

Disability Retired Pay.

The following are not commutable :—

Good Service Pensions.

Naval and Greenwich Hospital Pensions.

Naval Compassionate Pensions.

2. By the 2nd section of the Act of 1871, the term Officer means commissioned Officer, Branch Officer, or Subordinate Officer of the Navy; Officers of the Royal Marines are included.

3. An Officer in receipt of a permanent pension for wounds or injuries may commute the whole or part of such Pension at any time, irrespective of age, subject if he be on the Retired List to his being left with a permanent pension, including retired pay, of not less than the minimum amounts specified in paragraph 4 (*b*) (ii) or (iii), or if he be on the Active List, to his pension, together with the retired pay (if any) for which he would be eligible at the date of his application if retired voluntarily being not less than the same minimum amounts, but an Officer promoted from active service rating or from the ranks to temporary commissioned rank in the Royal Navy or Royal Marines or to temporary commissioned rank in the Royal Naval Volunteer Reserve may, however, commute up to a third of his service retired pay, subject to the amount uncommuted not being reduced below £60.

An increase of retired pay awarded under the Pensions Increase Scheme, 1944/1947 is not commutable.

An applicant for commutation in receipt of Service retired pay and wounds pension will be required to commute the Pension for wounds first.

Permanent disability retired pay is commutable under the conditions applicable to Service retired pay. Permanent disability additions to Service retired pay are not commutable but for the purpose of determining the amount commutable under para. 4, Service retired pay and permanent disability addition thereto will be aggregated.

4. (*a*) No Officer will be allowed to commute any portion of his retired pay until he has attained the age of 40, unless he is certified, to the satisfaction of the Admiralty, to be permanently incapable of further active service, and in order to determine whether an Officer is permanently unfit for further service he may be required to undergo a medical survey.

(*b*) (i) No Officer will be allowed to commute more than half his retired pay if £300 or over.

(ii) No Officer will be allowed to commute so much of his retired pay if between £180 and £300 as would reduce it below £150.

(iii) An Officer whose total retired pay is less than £180 may commute an amount not exceeding £30, provided that the total amount uncommuted is not thereby reduced below £120.

(*c*) A fee of one per cent. will be charged on the amount awarded provided that such fee shall never be less than £1 1s. nor more than £10 in each case.

5. No Officer will be allowed to commute any portion of his retired pay who is holding or is about to hold any appointment under the Crown the terms of which involve the suspension of his retired pay.

6. An Officer desirous of commuting a part of his retired pay must make application on the prescribed application form which can be obtained from the Secretary of the Admiralty. An application shall be deemed to be made as on the date on which the prescribed form duly completed is received at the Admiralty during the hours of public business, but not before the date from which payment of retired pay actually commences.

An Officer who has been adjudicated bankrupt or has had a Receiving Order made against him or is indebted to public funds, must disclose the facts and circumstances at the time of his application.

7. If the Admiralty shall think proper to recommend the commutation, the Officer will be so informed, and his letter of application will be forwarded to the Commutation Board, from whom he will receive further instructions. The fact that an Officer's application has been recommended by the Admiralty to the Commutation Board must not be taken to imply that the application will necessarily be approved by the Commutation Board and the Treasury.

8. The Commutation Board will require him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he will be required to submit himself for personal examination at the Office of the Board, 2, Royal Exchange Avenue, London, E.C.3. Officers living in Scotland, Northern Ireland or the Irish Free State, may, if they so desire and if the Pensions Commutation Board see fit, be permitted to be examined by the Board's Medical Advisers in Edinburgh, Belfast or Dublin respectively. Officers who are engaged in exceptionally hazardous occupations are liable to be debarred from commutation.

Officers resident abroad who desire to be exempted from personal attendance may apply to the Commutation Board accordingly, stating their reasons for making the request; and their applications will be submitted to the Lords Commissioners of His Majesty's Treasury, whose decision in the case will be final. They may be allowed to commute as a privilege provided that suitable arrangements for medical examination, etc., can be made, but it should be understood that a considerable time may elapse before payment of any capital sum awarded can be effected, especially if the applicant is residing in a distant part of the world.

Officers who intend to proceed abroad should therefore endeavour to complete all formalities before doing so. In other cases, a certain amount of time could perhaps be saved if the Officer

appointed a friend or agent in England to whom the Pensions Commutation Board could communicate the result of the application and who could then advise him by cable, if desired, in advance of the formal notification posted by the Board.

9. If an applicant neglects or refuses within a period of seven months after the date on which the application was made to furnish information, required by the Pensions Commutation Board or to attend for medical examination, no further steps will be taken by that Board without a renewed application from the person proposing to commute, and a further recommendation from the Admiralty.

11. Applicants for commutation will continue to draw the retired pay which they have applied to commute until the date upon which the warrant for the Treasury Award is handed by the Pensions Commutation Board to the National Debt Commissioners, or until seven months have elapsed from the date upon which an application to commute was received at the Admiralty whichever is the earlier.

If the Pensions Commutation Board are unable to recommend commutation and the Treasury concur, the applicant will be informed accordingly. If the application is granted, he will be informed of the amount of money to be paid in commutation as soon as it has been fixed by the Treasury on the recommendation of the Pensions Commutation Board. The approved sum will be immediately available for payment. The applicant will, however, have the option of withdrawing his application on the payment of a fee of £2 within 30 days after the date of despatch of the Notice of Award, but, in exceptional circumstances or where the distance is so great as to make it impossible for a reply by post to be received within 30 days, the time may be extended to such a period as the Treasury directs. If the applicant shall not withdraw his application and pay the above fee within that period, the decision will be considered final, and the commutation will take place absolutely. Officers must not assume that the recommendation of the Commutation Board will be necessarily approved by the Treasury and should make no arrangements depending on commutation until informed by letter from the Commutation Board of the amount awarded.

12. The Admiralty have full discretionary power to forward, or to refuse to forward, applications for commutation to the Commutation Board, especially in the case of persons reported for neglect or desertion of family; of persons under stoppage of Pension by Bankruptcy Orders; of persons likely to go abroad and leave their families a burden on the public; and such like cases.

13. If any applicant for commutation wilfully makes any false declaration in relation thereto he shall be liable to forfeit all claim to his retired pay or the value thereof, and to imprisonment, or fine or both.

14. Retired pay or pension commuted in whole or part is finally surrendered, in the same way that the amount received in commutation becomes the absolute property of the Officer commuting. The basis of assessing present value covers the possibility of the Officer outliving the given number of years' purchase as well of his predeceasing it.

If an Officer who has commuted a part of his retired pay is re-employed, the amount commuted will be deducted from his full pay during the period of his re-employment.

15. The Widows of Officers who commute will be granted Pensions according to the usual scale, provided :—

(*a*) That they married before the date of commutation.

(*b*) That their husbands' names were on the List of the Navy at the time of death.

(*c*) That they are otherwise eligible for Pensions.

16. The Children of Officers who commute will be granted Children's Allowances according to the usual scale, provided :—

(*a*) That they were born before date of commutation.

(*b*) That their fathers' names were on the List of the Navy at the time of death.

(*c*) That they are otherwise eligible for Children's Allowances.

17. The Pensions to Widows of Officers who marry after commutation, and the Allowances to children born after commutation will be reduced in proportion to the decrease caused in the retired pay of the Officer by such commutation.

18. The claims of Officers to be awarded Naval Pensions, Naval Compassionate Pensions, or Greenwich Hospital Pensions will not be affected by their having commuted their Pensions, provided their names are on the List of the Navy.

19. Officers who have already commuted the whole of their retired pay should report themselves by letter annually, on or shortly after the 1st January, to the Secretary of the Admiralty, or to the Commandant General, Royal Marines (for R.M. Officers) in order to ensure that their names are retained in the Navy List.

20. During a time of war an Officer who is employed on active service or is eligible for such employment will not be permitted to commute retired pay or wounds pension.

GENERAL RULES.—CONDITIONS OF RETIREMENT, &c.

NOTE—*For Tables of Full, Half, and Retired Pay, and Gratuities, see pp.* 5, 18 *and* 29.

NAVAL OFFICERS.

I.—General Rules

1. Officers who have not reached the age for compulsory retirement may, at Admiralty discretion, be allowed to retire voluntarily, or to resign, as appropriate.

The overriding factor in considering such applications will be the requirements of the service and, subject to special consideration when compassionate grounds are advanced, no officer will be allowed to retire voluntarily, or to resign, if service requirements would thereby be prejudiced.

2. Except as provided below for Officers promoted to the rank of Captain, R.N., before 1st August, 1938, and Flag Officers promoted to the rank of Rear Admiral before 1st August, 1938, Officers (other than Admirals of the Fleet and General Officers, Royal Marines) will be placed on the Retired List when it becomes certain that they will not be further employed.

3. Officers will be retired at any age at the discretion of the Admiralty if found physically unfit to serve.

4. Regulations governing the retirement of Officers for misconduct, unfitness for employment or sickness due to causes within their own control are in Appendix XIII of the King's Regulations and Admiralty Instructions.

5. Retirement from the Active List is not to disqualify any Officer for employment at or under the Admiralty.

6. Officers appointed to technical and administrative posts, which carry with them rates of pay and pension on a civlian basis, shall be supernumerary to the Established lists while so employed.

II.—Flag Officers.

1. Under Order-in-Council dated 6th February, 1940, Admirals of the Fleet are borne on the Active List of the Royal Navy for life.

2. The ages for compulsory retirement of other Flag Officers shall be :—

An Officer promoted to the rank of Captain, R.N., before the 1st August, 1938, and promoted to Rear-Admiral after 1st August, 1938, if he should be employed afloat when his turn comes for promotion to Vice-Admiral, and if it should be decided that he will not be given further employment as Vice-Admiral, will be promoted to Vice-Admiral and will be retained on the Active List until the end of his appointment. He will then be placed on the Retired List with retired pay assessed as laid down in Note *b* to paragraph I of the Retired Pay Regulations on page 29 for an Officer retired as Rear-Admiral. If on the

other hand he should be employed ashore or be not in employment when his turn comes for promotion to Vice-Admiral, and if it should be decided he will not be given further employment as Vice-Admiral he will be placed on the Retired List immediately with retired pay, assessed as laid down in Note *b* to paragraph I of the Retired Pay Regulations and will immediately be promoted to Vice-Admiral. An Officer promoted to the rank of Captain, R.N., before 1st August, 1938, and promoted to Rear-Admiral after 1st August, 1938, if the decision that he shall not be given further employment is reached at any other period in his career, will be placed upon the Retired List immediately if he is then unemployed or at the end of his appointment, if he is in employment. (*Note.*—The immediately preceding rule is, for the period of the war, amended as follows. An Officer promoted to the rank of Captain, R.N., before 1st August, 1938, and promoted to Rear-Admiral after 1st August, 1938, if the decision that he shall not be given further employment is reached at any other period in his career, will be placed on the Retired List immediately if he is then unemployed or, if he is in employment, he will be placed on the Retired List when an Officer below him is about to be promoted on the Active List); if retired as Rear-Admiral or Vice-Admiral he will receive one promotion on the Retired List to Vice-Admiral or Admiral respectively when the Officer on the Active List below him is promoted.

4. Flag Officers (except Admirals of the Fleet) who were promoted to the rank of Captain after 1st August, 1938, will be placed on the Retired List, when it becomes certain that they will be given no further employment.

If such an Officer should be in an appointment when the Officer below him is promoted to Vice-Admiral he will be retained on the Active List as a Rear-Admiral until the end of his appointment and will then be placed on the Retired List with retired pay as laid down in the Retired Pay Regulations, page 29, paragraph I (ii).

Notes.—(i) The widows and other dependants of Officers retired in the rank of Rear Admiral or Vice-Admiral under clause 6 of Order-in-Council of 4th November, 1938, and promoted on the Retired List to Vice-Admiral or Admiral, respectively, will be eligible for pensions and allowances applicable to their rank on the Retired List. (*See*, however, sub-paragraph 3 of clause 2 below.)

(ii) The widows of Captains, Engineer Captains, or Captains (E), and Surgeon Captains, whom it has been decided not to employ in a higher rank, and who have been retired on reaching or approaching the top of their respective lists under Orders-in-Council of the 7th October, 1931, and 4th November, 1938, will be eligible for pension at the rate applicable to the widow of a Commodore, viz., £120 a year, provided that their husbands were qualified for promotion to Rear Admiral, or equivalent rank, under such regulations as were in force at the date of their retirement.

This rule will apply to all Officers promoted to the ranks of Captain or Engineer Captain or Captain (E) or Surgeon Captain after the 7th October, 1931, except Medical Officers entered on or after 1st May, 1934, or transferred to the conditions laid down in A.F.O. 1119/34, Part I.

The widows of Captains who were eligible for the " over-six year " scale of retired pay under the New Code will be eligible for a pension at the rate of £120 per annum.

(iii) The widow of a Chaplain will be eligible for pension at the ordinary rate of £100 a year provided that her husband, if he entered the Royal Navy,

(*a*) before 2nd January, 1927, had attained 20 years' seniority and served in a service capacity on or after the 2nd August, 1914.

(*b*) after the 1st January, 1927, but before the 25th December, 1934, had attained 22 years' seniority and had been specially selected for retention on the Active List beyond the age of 50 under Schedule V, Section VIII, Clause III (a) of Order-in-Council of the 22nd January, 1920.

(*c*) on or after the 25th December, 1934, had attained the age of 50 before retirement and 22 years' seniority on the Active List, provided that, where Officers otherwise coming under (*a*) or (*b*) had accepted the conditions of service laid down in Order-in-Council of the 21st February, 1935, the conditions specified under (*c*) will govern the award.

(iv) If a Chaplain, under the age of 50, being a Minister of a religious body not in conformity with the Church of England, chooses to remain on the conditions in force prior to the promulgation of Order-in-Council of 17th November, 1943, No. 33 C.W. and dies from a cause not directly attributable to the service whilst serving on the Active List and would have been eligible for Service retired pay had he been invalided on account of non-attributable disability, or had retired after completion of 15 years' commissioned service and was in receipt of retired pay, his widow may be awarded a pension at the ordinary rate not exceeding £70 a year.

(v) Pension and gratuity for the widow of Quartermaster (Captain) R.M. with less than eight years' service since promotion to Lieutenant retired on or after 1st October, 1932, to be at the rates applicable to the widows of Lieutenants, R.M.

(vi) The widow of a Chief Officer of Coast Guard ranking with Warrant Officer granted the rank of Lieutenant on retirement not earlier than 7th July, 1897, not later than 25th June, 1925, may be awarded a pension of £40 per annum.

(vii) Widows and other dependants of Sergeant-Majors, R.M., are eligible for pensions, etc., from Naval funds at the rates and under the general conditions applicable to Warrant Officers, Class I, in the Army *de* Articles 1162 to 1183 of the Royal Warrant for Pay, etc., of the Army, 1931, and Order-in-Council of 3rd February, 1937, No. 131/N.

2. For the purpose of assessing these pensions and gratuities, the rank of the Officer shall be, except as hereinafter provided, the highest substantive rank held by the Officer on the Active List. In the case of a Chaplain on the retired list, seniority for this purpose shall be taken as seniority at date of retirement. Brevet or honorary rank shall not count, except where otherwise specifically stated, but the rank of Commodore 1st or 2nd class shall be regarded as a substantive rank. Brevet rank held on the active list prior to or on the 25th June, 1925, shall also be regarded as a substantive rank.

The widows and dependants of Officers of the following ranks shall be eligible, subject to these regulations, for pensions or allowances at the rates appropriate to the substantive rank in which the Officers were acting or serving in a probationary capacity at the time of their death :—

Probationary Lieutenants, Royal Marines.

Acting Lieutenants promoted to that rank under A.F.O.s 611/39, 1594/39 and 1874/42 (Order-in-Council 25th May, 1939, 25th July, 1939, and 8th December, 1944.)

Acting Warrant Officers (this term including Schoolmaster Candidates, Royal Navy, and Probationary Schoolmasters, Royal Navy and Royal Marines).

If an Officer accepts a temporary rank lower than his substantive rank and dies in circumstances rendering his widow eligible for a pension at the attributable rate, his widow shall not receive a pension greater than the rate on the attributable scale appropriate to her husband's temporary rank, unless eligible for a higher pension on the ordinary scale appropriate to his substantive rank. (*See* however, Clause 19 regarding Supplementary Widows' pensions).

Pensions and gratuities appropriate to higher rank than that last held by the Officer on the active list may, however, be granted in the following cases :—

(*a*) The widows of Officers who were promoted to the rank of Captain, Royal Navy, on the Active List and advanced to the rank of Flag Officer whilst on the retired list, and were retired or married before the 10th November, 1886, may receive pensions and gratuities applicable to the rank last held by their husbands on the retired list.

(*b*) The widows of Officers referred to in the notes to the tables in Clause 1 may be granted pensions as laid down therein.

(*c*) The widows of Officers promoted to Commissioned Officers from Warrant rank on the active list prior to the 25th June, 1925, may be granted pensions and gratuities applicable to the rank or relative rank of Leiutenant, Royal Navy, provided that their husbands :—

(i) If on the retired list at the date of death, retired after the 1st April, 1896 (or in the case of Officers of the Schoolmaster Branch, after the 10th January, 1910), with the substantive, honorary or relative rank of Lieutenant, Royal Navy, or Lieutenant, Royal Marines, as the case may be, or

(ii) If on the active list at the date of death, were qualified in all respects under the regulations for the grant on retirement of the rank or relative rank of Lieutenant, Royal Navy, in the case of Naval Officers or of the rank or relative rank of Lieutenant, Royal Marines, in the case of Royal Marine Officers, and had attained the age of 40 years.

(*d*) The widows of Officers whose deaths were directly attributable to the conditions of service may receive pensions and gratuities applicable to the highest substantive rank held by their husbands on the active list, or while re-employed in a service capacity during war or emergency.

(*e*) The widows of retired Officers who were re-employed in a service capacity during war or emergency prior to the 17th December, 1929, may receive pensions at the ordinary rate applicable to the highest substantive rank held by their husbands during such re-employment.

(*f*) The widows of retired Chaplains who were re-employed in a service capacity during war or emergency prior to the 17th December, 1929, may receive pensions based on the seniority of their husbands at date of retirement, increased by the amount of actual service during such re-employment.

(*g*) The widows of Officers who have held paid acting rank higher than their substantive rank for a minimum period of three years on the Active List, between 3rd September, 1939, and 31st October, 1942, inclusive, may receive pensions at the ordinary rate applicable to the acting rank, one step above the highest substantive rank held by their husbands.

3. Pensions at the attributable rate may be granted in all cases where death is due to wounds, injuries or disease certified by the competent medical authority to be directly attributable to the conditions of service, provided :—

(i) That the marriage took place before the Officer received the wound or injury or before such first removal from duty. As from 1st February, 1946, pension may be granted irrespective of the date of marriage, if the Officer died on or after the 3rd September, 1939.

(ii) In the case of disease, that the Officer survived the marriage by at least a year unless it can be shown that he was manifestly in good health at the time of the marriage, and,

(iii) In the event of death after retirement, that the Officer did not elect the conditions of voluntary retirement instead of retirement for disability. (*See* Clause 7, Schedule III, Disability Retired Pay Regulations.)

4. A Warrant Officer's widow who is in receipt of a pension for herself at the attributable rate and has a child in her care, may be granted a rent allowance at the rate and under the conditions laid down for the widows of Naval ratings, provided that the total of widow's pension, children's allowances and rent allowance shall not exceed the total of widow's pension and children's allowances that would have been payable had her husband been a Sub-Lieutenant.

5. The additional gratuity to the widow together with pension at the attributable rate, may be granted in cases where the Officer is killed in action or dies of wounds received in action within seven years of the date on which the wounds were received.

So long as this rule shall continue in force for Officers of the Royal Air Force, the gratuity to the widow may also be granted in cases where the Officer is killed on flying duty, or while being carried on duty in aircraft under proper authority, or dies of injuries sustained on flying duty or while being carried on duty in aircraft under proper authority within seven years of the date of the injuries.

(NOTE.—The rate and general conditions applicable to awards of pensions, etc., to widows and other dependants of Sergeant-Majors, R.M., the causes of whose deaths are certified by the competent Naval Medical Authority to be directly attributable to the conditions of service, are the same as those for Warrant Officers, Class I, in the Army, *vide* Articles 1170 to 1183 of the Royal Warrant for Pay, etc., of the Army, and Order-in-Council of 2nd February, 1937, No. 131/N.)

6. In cases which the deaths of Officers are not certified by the competent medical authority to be attributable to the conditions of service, pensions not exceeding the ordinary rate laid down in Clause 1 of these Regulations may be granted to widows of Officers other than temporary Officers on the active or retired list of the Royal Navy and Royal Marines at the time of their death, and of permanent Officers of the Coast Guard (not being pensioned ratings), including the Cruiser Service, provided that the total income of the

Digitized by Google

widow be not thereby brought up to an annual sum in excess of the limit laid down in respect of the rank held by her husband at the date of death, in the confidential scale fixed by the Admiralty from time to time. In cases where the total income of the widow would exceed the limit laid down, if a pension at the full ordinary rate were awarded, the Admiralty may, at their discretion, award a reduced pension, but with effect from a date not earlier than the 1st January, 1924. The pension of a widow whose private income increases or decreases, after her pension has been awarded, shall be adjusted or suspended, as may be necessary and may be increased or reduced or restored at the same or a greater or a lesser rate, according to the manner and extent to which her income may vary from time to time.

Except where the Officer dies in such circumstances as would render his widow eligible for a pension at the attributable rate, a pension shall not be granted to a widow:—

(*a*) If her husband shall have married her after he reached the age of 60.

(*b*) If she was more than 25 years younger than her late husband, except in the case of a widow already married to an Officer on the list on the 25th June, 1925.

(*c*) If her husband, being capable of service, should have been excused at his own request from serving when called upon, provided that he had been officially warned that his widow would thereby forfeit the pension.

(*d*) If her husband should have died in the service of a foreign state, unless serving with the permission of the Admiralty.

(*e*) If she had not been married for 12 months to the Officer deceased, unless it be shown that such Officer was manifestly in good health at the date of his marriage and that his death was not due to injury or disease arising from his misconduct or from any causes within his own control.

(*f*) In the case of Officers who retired after the 30th November, 1886, or Officers retired before that date whose widows are not eligible for pensions under the regulations existing before the 25th June, 1925, if the marriage took place after the Officer was removed from the Active List.

If, however, the Officer was subsequently to his marriage, or at the time of his marriage, re-employed in time of war or emergency, a pension may be awarded to the widow; provided that such re-employment occurred before the 17th December, 1929, and subject to the other conditions laid down in these regulations.

(*g*) If her husband retires with a gratuity on or after the 25th June, 1925, or if he retired with a gratuity only under the provisions of Order-in-Council of 14th July, 1922, or, being a Medical or a Dental Officer or a Royal Marine Officer, retired or withdrew with a gratuity prior to the 25th June, 1925.

(*h*) Unless her husband shall have had—

(i) In the case of Chaplains already on the list on the 25th June, 1925, if they are still on the list at the time of their death, 3 years' service on full pay, of which one year must have been subsequent to the marriage, provided the widow is otherwise qualified.

(ii) In the case of Officers promoted after service as ratings in the Royal Navy, or in the ranks of the Royal Marines, 12 months' service in Warrant or Acting Warrant or in Commissioned rank, or in the case of pensioners who were granted temporary acting Warrant rank or Commissioned rank during the First World War (1914-1919), 12 months' service in such rank.

(iii) In the case of other Officers, including Chaplains where the conditions under (i) are not satisfied, 10 years' seniority on the Active List in Commissioned or Warrant rank or in Commissioned and Warrant rank combined or in the case of Officers who retired before the 10th November, 1886, and whose widows are eligible for pensions under the regulations existing before the 25th June, 1925, 10 years' seniority as Commissioned Officers either on active, reserved, or retired lists combined. Should an Officer already on the list and already married on the 25th June, 1925, have 5 years' seniority or more on the active list, have been in good health when he married, and it be clearly shown that his death was not due to injury or disease arising from his misconduct or from any causes within his own control, the Admiralty may award pensions in such cases as they may think proper.

(*i*) In the case of an Officer entered in the Air Branch, unless he had retired with service retired pay or had been retained on the Active List beyond 15 years to complete time for retired pay. This period includes such service in the Royal Air Force as is allowed to qualify for Naval retired pay.

7. The widow of an Officer placed on the retired or pension list, on or after the 2nd August, 1910, on account of misconduct, after having completed not less than 20 years' service counting towards retirement or pension may, at the discretion of the Admiralty, be granted a pension if she is otherwise eligible, provided that a deduction of not less than 10 per cent. shall have been made from the retired pay or pension to which, but for his misconduct, the Officer would have been entitled. In such cases, the widow's pension shall be reduced by not less than half the percentage by which her husband's retired pay or pension has been reduced.

8. The widow of an Officer placed on permanent half-pay or on the retired or pension list for misconduct, before the 2nd August, 1910, shall not be eligible for a pension.

9. The pension of a widow who re-marries shall be suspended from the date following that of her re-marriage but, in the event of her again becoming a widow, her pension may, at the discretion of the Admiralty, be restored for such time as she remains a widow, provided that she is otherwise qualified and that her pecuniary circumstances are such as, in the opinion of the Admiralty, to justify the award. Should she become eligible by re-marriage for a pension at a different rate, she may choose that which is more to her advantage.

ALLOWANCES TO CHILDREN

10. Allowances to the legitimate children (*see* Note (*a*)) of deceased Officers may be granted at the discretion of the Admiralty at the following rates, provided it be shown that the children have no other allowance, pension or provision from the public on account of the Officer's services, and that in cases where the Officer died in circumstances which would entitle the widow to a pension at the ordinary rate, their pecuniary circumstances and those of their family are, in the opinion of the Admiralty, so limited that they actually require assistance.

Where the Officer died in circumstances which would entitle the widow to a pension at the attributable rate:—

payable to motherless children of deceased Warrant Officers or equivalent ranks in the Royal Marines and Coast Guard shall be £45 while under the age of 15 years, and £52 thereafter.

As from 1st January, 1947, a motherless child who has attained the age of 18 years and in whose case the conditions under Clause 11 as to incapacity are fulfilled, the allowance may be awarded at, or if already awarded, increased to, a rate not exceeding £68 a year.

Where the Officer died in circumstances which would entitle the widow to a pension at the ordinary rate :—

(In such cases, the Admiralty may, at their discretion, grant smaller rates of allowances, if the pecuniary circumstances of the children and the family are, in their opinion, such as to justify allowances, though not at the full rates. Such provision to have effect as from the 1st January, 1924).

(*See* Note (vii) at foot of clause 1.)

The children of an Officer retiring or withdrawing with a gratuity will not be eligible for allowances if the widow is ineligible for an ordinary pension under these regulations, unless the Officer died in circumstances which would entitle his widow to a pension at the attributable rate.

NOTE.—(*a*) Where the Officer died in circumstances which would entitle the widow to a pension at the attributable rate, allowances may, in certain circumstances and with effect from 1st June, 1939, be granted in respect of other children.

11. The allowances granted to the children of Officers may be continued :—

(i) In the case of sons until they attain the age of eighteen or are otherwise provided for; and

(ii) In the case of daughters until they marry or attain the age of eighteen (*see* Note (*a*)), whichever shall happen first, or, in the case of allowances granted on or after 17th September, 1942, are otherwise provided for;

and no longer, except in special cases, in which it shall be shown that such sons or daughters are afflicted with a mental or bodily infirmity rendering them incapable of making adequate exertion for their own support, and that they are still in distressed circumstances, when the allowance may be continued, or revived, should any break of continuity have occurred.

These allowances may be granted or continued after the ages specified in the preceding paragraph in the case of either sons or daughters who are apprentices receiving not more than nominal wages or who are being educated at secondary schools, technical institutions or universities.

They may also be awarded in special cases where the sons and daughters of Officers who were not in receipt of allowances when under age, are rendered incapable of making adequate exertion for their own support through infirmity, dating from a period before the father's death, and before the sons and daughters reached the age at which in ordinary circumstances allowances would cease, provided that they are in distressed circumstances.

NOTE.—(*a*) Allowances (other than those granted on an attributable basis with effect from a date earlier than the 10th November, 1932), to unmarried daughters of Officers who have neither :—

(i) Been promoted to higher rank on the Active List, nor

(ii) Entered the service.

subsequent to the 10th November, 1932, will normally continue to the age of twenty-one.

12. Children who are being educated at the expense of Greenwich Hospital may be granted the allowances applicable to their father's rank provided they are in real need.

13. In the event of a widow re-marrying, her children by the first marriage are still eligible for allowances, provided they are otherwise qualified to receive them.

14. Allowances to children are payable from the date following that of the Officer's death to the 31st March next ensuing, and subsequent payments are made yearly in advance from the 1st April in each year.

15. In addition to these allowances, an allowance may be granted, at the discretion of the Admiralty, for the education of the children of Officers (other than Sergeant-Majors, R.M.) who die in circumstances which render the widow eligible for a pension at the attributable rate, provided that the pecuniary need of the family is such as to require it. The allowance shall be at such rates (not exceeding £80 per annum) as the Admiralty may think fit, and shall commence on or after the attainment of the age of 5. The continuance of the allowance shall be dependent upon the Admiralty being satisfied as to the education which the child is receiving and it shall cease at the age of 18, unless the education of the child is being continued at a secondary school, technical school or university, when it shall be within the discretion of the Admiralty to continue it, on the recommendation of a competent educational authority.

ALLOWANCES TO OTHER DEPENDANTS.

16. (1) If an Officer dies in circumstances which would have qualified his widow, or child had he been married, for a pension or allowance at the attributable rate, his parent or parents may be granted an annual allowance subject to such conditions as the Admiralty may determine, provided that :—

(*a*) the Officer did not leave a widow or a child eligible for an allowance under these regulations;

(*b*) the parent or parents are in pecuniary need;

(*c*) either the parent or parents were largely dependent on the Officer at the time of his death, or the father is deceased or incapable of self-support through age or infirmity.

(2) The rate of allowance shall be at the discretion of the Admiralty but shall not exceed :—

(*a*) Officers of the rank or equivalent rank of Lieutenant - Commander, R.N., and above	One and a half times the "ordinary" rate of Widow's Pensions.
(*b*) Other commissioned ranks.	†£100 a year.
(*c*) Warrant Officers R.N., Subordinate Officers R.N., after completion of shore training, and Officers of equivalent rank.	†£80 a year.

As from 1st February, 1946, the rate at (*c*) shall above shall be cancelled and the rate of £ substituted therefor.

In exceptional cases, the rate of pension may be increased in excess of the foregoing rates by a sum not exceeding £20 a year.

(3) A grant shall not be transferable, but if an award has been made to the two parents they

Officer, payment of pension may be continued to the survivor at such rate as the Admiralty may determine.

(4) An allowance shall cease on the re-marriage of the grantee.

BROTHERS AND SISTERS.

17. Similarly, brothers and sisters of an Officer who died in circumstances which would have rendered his widow, had be been married, eligible for pension at the attributable rate, may, collectively, be granted an annual allowance of such amount as the Admiralty may decide, but not exceeding half the pension the widow would have received, and not exceeding £24 (or £18 if the deceased was a Warrant Officer) for any one brother or sister, provided :—

(i) That the Officer did not leave a widow, legitimate child or parent ;

(ii) That the brothers and sisters were largely dependent on the Officer at the time of his death ; and

(iii) That their pecuniary and other circumstances are such as, in the opinion of the Admiralty, justify the grant.

Allowances granted to the brothers and sisters of Officers shall be subject to the same age limits and rules as to continuance and cessation as those laid down for the allowances of Officers' children, except that the grant will not be continued beyond the normal ages, unless in cases of mental or bodily infirmity.

GENERAL

18. A pension or allowance to the widow or other relative of a deceased Officer shall not be claimed as a right. It shall not be granted when the applicant is shown to be unworthy of the public Bounty, nor unless the Officer's service as been such as, in the opinion of the Admiralty, to justify the award. It may, at the discretion of the Admiralty, be discontinued in the event of any misconduct rendering the recipient unworthy of such bounty.

In the event of an Officer acquiring foreign nationality, any pension or allowances which might otherwise be payable to his widow shall be liable to forfeiture.

19. If the applicant is granted any other pension or allowance from the public on account of the officer's services, whether in the Royal Navy, Royal Marines, or in any other capacity, the amount of such other pension or allowances will be taken into consideration and the grant permissible under these regulations may be withheld or reduced at the discretion of the Admiralty, but this provision shall not apply where a pension is awarded from the Civil List or a pension or an allowance is awarded by the Ministry of Pensions under the Personal Injuries (Civilians) Scheme. (*See also* clause 20 regarding supplementary pensions and allowances to the widow and children of a retired officer who loses his life as a result of further service during the present war in a rank lower than his rank on the retired list.)

20. In the case of a retired Officer who loses his life as a result of further service in any of H.M. forces during the 1939/45 war in a rank lower than his rank on the retired list, the Admiralty may, at their discretion, supplement the widow's pension and children's allowances, if any, payable by the Ministry of Pensions under the Naval War Pensions Regulations up to the extent necessary to ensure that the total of the pensionary awards payable by the two Departments shall be equal to the total of the pensionary awards which would have been payable by the two Departments had the Officer died as a result of service as a member of a Civil Defence Organisation scheduled in the Personal Injuries (Civilians) Scheme, provided, however, that the total of the pensionary awards by the two Departments shall not exceed those which would have been payable by the Ministry of Pensions had the Officer lost his life as a result of service during the 1939/45 war in his rank on the retired list. The award and payment of these supplementary pensions and allowances will be subject to the general rules governing the award and payment of Naval pensions and allowances to the widow and children of an Officer who dies from causes not directly attributable to the conditions of service.

21. Subject to any exception which the Admiralty may approve in a particular case, a pension will not be granted to a widow who was living apart from her husband at the time of his death. Any pension so granted will be at such rate within the scales laid down in this Order and subject to such conditions as the Admiralty may determine.

22. Any case in which the deceased Officer's rank is not provided for in Clause 1 of these regulations shall be dealt with according to the Officer's relative rank, ascertained in accordance with the method outlined in Clause 2 of these regulations.

23. The date of commencement of any pension or allowance granted under these regulations will, as a rule, be the day following the date of the Officer's death. The date of commencement is, however, at the discretion of the Admiralty, and in fixing the date account will be taken of any delay on the part of the widow or other relative in applying for such pension or allowance.

Where a temporary post-mortem allowance is paid in respect of an Officer who at the date of his death was either on the Active List or re-employed at Naval rates of pay, the widow's pension and children's allowances, if any, will, as a rule, be paid with effect from the day following the termination of the temporary allowance. Where, however, the pension and children's allowances are greater than the temporary allowance, the pension etc., will be ante-dated to the day following that of the Officer's death, and the temporary allowance treated as a recoverable advance of pension.

24. The benefits granted by these regulations to the widows and other dependants of Officers on the permanent lists shall be extended, subject to the other conditions here laid down, to the widows and other dependants of Officers of the Reserve Forces, or of Officers entered for temporary service only, provided that they die in circumstances which would, had they been on the permanent lists, have entitled their widows to a pension at the attributable rate.

25. If an Officer, Commissioned Officer from Warrant Rank, or Warrant Officer, is killed or dies in such circumstances that any grant is payable in respect of him under these regulations, and his widow, child or other dependant receives compensation from or on behalf of a third party for the act, omission or circumstances which caused the death, any such compensation may be taken into consideration in assessing any grant which might be made in respect of the Officer, Commissioned Officer from Warrant Rank, or Warrant Officer under these regulations ; and if the compensation is received after assessment, it may be taken into consideration and the assessment may be amended or cancelled.

If, in the opinion of the Admiralty, the widow, child, or dependant relative of a Naval or Marine Officer either unreasonably refuses to prefer a claim for compensation against a third party, or unreasonably accepts an inadequate amount of compensation from such party, any pension or other grant which may be or may have been awarded under these Regulations may be withheld or reduced at the discretion of the Admiralty.

26. If an Officer, Commissioned Officer from Warrant Rank, or Warrant Officer who has been seconded to the Royal Air Force and paid at Royal Air Force rates of pay dies of wounds, injuries or disease directly attributable to the conditions of service in the Royal Air Force, his widow, children or other dependent relatives shall be dealt with as under the Royal Air Force regulations appropriate to his rank in that Force, or under Naval regulations appropriate to his Naval rank, whichever would be more to their advantage, subject to the condition that such award, if made as under the Royal Air Force regulations, shall not exceed that which might have been made had the Officer died on the date of his ceasing to draw full pay in the Royal Air Force.

27. If an Officer's death, or the wound, injury or disease which resulted in his death, was due wholly or in part to his own negligence or misconduct, or to any cause within his control, any grant which might otherwise have been made under these regulations to his widow or other dependent relative may be withheld or reduced in amount at the discretion of the Admiralty.

28. With regard to the effect of commutation on widows' pensions and allowances, *see* paragraphs 15, 16 and 17 of the Commutation Regulations (page 57).

29. The rates of pension, etc., laid down in these Regulations are the maximum amounts payable, and the Admiralty have no power to increase them. Should further assistance be sought, it is recommended that a letter be addressed in the first instance to the Secretary, Central Bureau, 1 Chesham Street, S.W.1, who would advise as to any private Funds to which application might be made.

PENSIONS AND GRATUITIES TO ROYAL NAVY RATINGS, WOMEN'S ROYAL NAVY RATINGS, AND ROYAL MARINES (OTHER RANKS).

NOTES.—(a) The award for compensation for disablement directly due to service after 2nd September, 1939, is governed by the Regulations of the Ministry of Pensions, which are shown at the end of this Appendix.

(b) Details of a Pensions Increase Scheme appear later in this Appendix (see Index).

I. General Regulations.

1. The following Regulations are supplementary and subordinate to the Regulations for the award of Pensions or Gratuities in respect of Service or Disability published in Chapter LVI of the King's Regulations and Admiralty Instructions.

2. Any pensioner convicted of felony and sentenced to penal servitude, imprisonment with hard labour, or imprisonment exceeding twelve months, or of an attempt to commit a fraud in the receipt of pension or prize money, shall be struck off the pension list. *Note.*—The personating or falsely assuming the name or character of a Naval pensioner in order to obtain his pension money is made felony by Act of Parliament.

3. All pensions are tenable only during good behaviour, and may be suspended or forfeited by reason of misconduct on the part of the pensioner, to be judged of by the Admiralty, but the Admiralty at their discretion, may restore, either wholly or partially, any pension which has been suspended or forfeited.

4. A pension so restored may be paid to, or applied for the benefit of the pensioner's wife, children, or other dependants, for the period of his imprisonment.

5. Any assignment, sale, or contract relating to a Naval or Greenwich Hospital pension is void, but if the naval pensioner desires to commute a portion of his pension, and can show that commutation would be to his distinct and permanent advantage, the Admiralty, at their discretion, and on such terms and subject to such conditions as they may prescribe, may commute, by the payment of a capital sum of money, any portion of the pension that may be in excess of three shillings a day in the case of a Sergeant-Major, R.M., or two shillings a day in the case of Naval ratings and other ranks of the Royal Marines. Pensions of three shillings a day, or less, for Sergeant-Majors, R.M., and two shillings a day, or less, for others shall not be commutable. (For Tables see para. 27 of Section II).

6. Pensioners in the categories enumerated below will be paid quarterly in advance, but if they so desire payment may be made weekly in advance on the strict understanding that their choice of payment weekly, once made, is irrevocable. Pensioners in category (i) who so desire, will be paid weekly in advance. Those in category (ii) are to signify on Form S. 409 when applying for pension, whether they desire payment to be made on a weekly or quarterly basis.

(i) Men and boys pensioned from a date commencing before the 1st January, 1936.

(ii) Continuous service ratings whose re-engagement to complete time for pension dated from not later than 30th September, 1935* ; non-continuous service ratings serving on that date under an engagement which will enable them to complete 22 years' pensionable service ; and all ranks of the Royal Marines who, not later than 30th September, 1935, re-engaged for a second period or completed 10 years' pensionable time by that date and declared in writing, not later than 30th September, 1935, their intention of re-engaging as soon as such re-engagement is open to them (provided, in each instance, that no break in service occurs on or after the 1st August, 1935).

7. The widows or legal representatives of pensioners to whom the provisions of paragraph 6 apply, may be allowed to receive their pensions up to the end of the quarter in which the pensioner died, provided such pensions shall not already have been paid, and provided there be no stoppage against the pension on account of maintenance in a hospital, or other reason. If any such pensioner shall have received his pension up to the end of the quarter in which he died, and his death takes place within two days from the end of the quarter, a month's pension may be paid to the widow on special authority from the Admiralty.

8. All pensioners other than those in the categories enumerated in paragraph 6 will receive payment of pension weekly in advance. The pension of men and boys finally entered, or re-entered, after a break in service, on or after 1st August, 1935, will cease at the end of the pension week in which death occurs but for all others the benefits mentioned in paragraph 7 may be allowed.

9. The arrangements for weekly payment in advance apply to pensioners resident in the United Kingdom, the Channel Islands and the Irish Free State. Pensioners resident abroad who do not wish, or are ineligible to receive payment of their pensions quarterly in advance, will, generally, be paid monthly in arrear.

10. Any pensioner guilty of violence or outrage towards any person employed in paying the pensioner, shall be punished by the loss of either the a part or of the whole of his pension, in addition to any other punishment which the law may inflict for such offence.

11. A pensioner who neglects to draw his pension for four successive quarters, will be struck off the pension list and not replaced unless he account satisfactorily for such omission, and the Admiralty, at their discretion, will grant or withhold the arrears, or any portion thereof, but in no case will arrears be paid for a longer period than two years, unless the man shall have been serving in the Navy in a rating which entitled him to receive his pension while so employed.

---

* This is to be deemed to include candidates for mechanician who have re-engaged for a second period of 12 years, and Yard Craft ratings see para. 1 (*f*) of Section IV) with 10 years' pensionable service on 30th September, 1935.

12. Naval pensioners may draw their naval pensions while serving in British merchant ships, or residing in any British possession abroad, but not for any period during which they may serve under a foreign flag, or reside in any foreign country of which they are not native, unless with the special permission of the Admiralty. Naval pensioners may also draw their pensions while serving in His Majesty's naval or civil establishments, including yard craft. A pensioner acquiring foreign nationality may thereby forfeit his pension.

13. When a pensioner, serving in a British merchant ship, has been compelled temporarily to reside on shore in a foreign country, owing to the wreck of the ship in which he may have been serving, or other unavoidable occurrence, his pension may be paid for the period of such residence, provided he take the earliest opportunity of joining another British ship, or of returning to England.

14. In special circumstances, and with the consent of the pensioner, the Admiralty may order a man's pension, or any portion of it, to be paid to or on behalf of his wife, or, if he have no wife, to or for the benefit of his child or children.

15. An advance of naval pension, not exceeding six months, may be made to a pensioner for the purpose of assisting him to emigrate to any of His Majesty's possessions abroad. This advance is payable only when authorised by the Admiralty.

II.—PENSIONS AND GRATUITIES FOR LONG SERVICE.

A. New Code.

1. The following is a summary of the main provisions of the New Code Scheme of pensions and service gratuities announced in Command Paper Number 6715 issued on the 19th December, 1945, amplified in the light of decisions reached since the publication of the Command Paper. This summary must not be regarded as comprehensive, since certain conditions and rates are still under consideration.

Pensions.

2. The New Pensions Scheme applies to Naval ratings and Royal Marines who were serving on the active list on the 19th December, 1945, or who entered or re-entered after a break in service after that date. If it is to their advantage, men already re-engaged for pension on the 19th December, 1945, will be allowed to receive pensions under the Old Code instead of those prescribed under the New Scheme.

3. The following are the minimum periods of service required to qualify for pension or gratuity.

(*a*) *For long service pension.* 22 years from age 18. Royal Marines who signed engagements to complete time for pension before 1st May, 1947, may receive New Code pensions with not less than 21 years service from age 18.

(*b*) *For service pension on invaliding.* 12 years continuous service from age 18; to be eligible for service pension or service element of disability pension men invalided must, in addition to having rendered the minimum period of service, have re-engaged to complete time for pension.

(*c*) *For gratuity on completion of engagement or on voluntary discharge.* 10 years continuous (unbroken) service from age 18.

(*d*) *For gratuity on invaliding.* 5 years continuous (unbroken) service from age 18, except that, for men entered for continuous service below the age of 18, service below that age may be taken into account in accordance with the provisions of para. 10 below.

They are not increasable at ages 55 or 65 by the award of Greenwich Hospital Age or Increased Age additions, as are pensions awarded under the Old Code, nor do they carry any entitlement to increase under the Pensions (Increase) Scheme. They are paid weekly in advance, and, in the event of death, pension will cease at the end of the pension week in which death occurs.

7. *Special Provision for Naval Aircrew Categories.*

Aircrew categories completing not less than 22 years, pensionable service, will be eligible for the full rate of Long Service Pension on the scale shown above, plus an addition in respect of each year of qualifying service while employed on aircrew duties as follows :—

completed not less than 10 years' total service at the following rates :—

After 10 years' continuous (unbroken) service £50
i.e., £10 for each complete year of service in excess of 5 years.

For each year in excess of 10 years' service £25 subject to a maximum total of £200.

9. Men with unbroken service prior to 19th December, 1945, will count their former service only

(*a*) towards the qualifying period of 10 years ;
(*b*) towards determining the rate at which gratuity begins to accrue from 19th December, 1945.

10. Men invalided with insufficient service to qualify for service pension may receive gratuities on the above scale, provided that they have not less than 5 years' continuous (unbroken) service. Service below the age of 18 may be allowed to reckon towards the qualifying period and rate of gratuity, subject to an overall maximum gratuity entitlement of £50 where such service is allowed to count.

11. *Special Provision for Naval Aircrew Categories.* Gratuities as follows will be payable to Airmen of aircrew catagories serving on normal regular aircrew engagements and who are discharged without entitlement to service pension :—

Pilots Aircrewmen I and Aircrewmen II	Navigators	£40 a year for each year of aircrew service.
Aircrewmen I (U) Aircrewmen II (U) Telegraphist (Flying)		£32 a year for each year of aircrew service.

The gratuities are subject to the general conditions of, and in lieu of, the ordinary rate of service gratuity payable to other ratings, except that the minimum requirement of five years' service on invaliding does not apply.

12. Voluntary Discharges. Men discharged voluntarily will be eligible for gratuity under the same conditions as for men discharged on completion of engagement.

13. *Other Discharges.* Men discharged S.N.L.R. or for unsuitability, inefficiency or misconduct are not entitled to gratuity ; but, at the discretion of the Admiralty, gratuities, not in any case exceeding the rate which would have been payable on voluntary discharge, may be paid in special cases.

14. If a Naval rating or Royal Marine dies while serving no gratuity will be payable.

B. Old Codes.

15. The periods of service necessary to qualify for the award of a pension for Long Service are defined in Article 1981, K.R. & A.I.

Non-Continuous Stewards and Officers' Cooks transferred to the continuous and general service system will be permitted to count their previous non-continuous service time as service rendered under a continuous service engagement, and the continuity of service will not be deemed to be broken by discharge to shore, unless such discharge was due to misconduct.

III.—DISABILITY PENSIONS AND GRATUITIES.

A.—When the Cause of Invaliding is attributable to the Service, or, in certain circumstances, when a Man is discharged otherwise and has sustained a Wound or Injury in the Service.

Note.—The following Regulations apply to Seamen and Marines suffering from disabilities directly attributable to the conditions of service between 1st October, 1921 and 2nd September, 1939.

The award of compensation in respect of disabilities attributable to service directly due to service after 2nd September, 1939, is governed by the Regulations of the Ministry of Pensions, which are shown at the end of this Appendix.

The New Code service and rank elements of pension are given on page 73, para. 4.

1. Seamen and Royal Marines invalided on account of wounds or hurts received in action, or otherwise in the execution of duty, or on account of sickness atrributable to the conditions of service, may be granted compensation, at the discretion of the Admiralty, in accordance with the following scales, subject to the conditions appended thereto. The assessment will be based on length of service and degree of disablement, and, when a pension is admissible, will include the appropriate additions for rank, good conduct badges and medal.

2. Scales applicable to those finally entered as man or boy after 31st March, 1930, or re-entered after that date after a break in service (*see*, however, note at end of paragraph 17 of Section II)—

(*b*) *Disablement Element of Pensions.*—The scale is as in paragraph 2 (*b*).

(*c*) *Rank Element of Pensions.*—The rules are as laid down in paragraph 2 (c), except that the scale in respect of good conduct badges and medal will be that shown in the long service pension regulations, paragraph 17.

4. *Family Allowances.* Where a rating is awarded a disablement pension under paragraph 2 (*b*), allowances in respect of his wife and children may be awarded at such proportion of the following rate as corresponds to the degree of disablement on which the pension is based, subject to the special conditions shown below.

	Weekly rate for 100 per cent. disablement. s. d.
For a wife	10 0
For each child	7 6
or, where no allowance is in payment for a wife :—	
For the first child	10 0
For each other child ..	7 6

The special conditions governing the grant of these family allowances to disablement pension shall be as follows :—

(*a*) If a wife is living apart from her husband, family element shall not be allowable in respect of her, unless—
(i) she was being regularly maintained in whole or in part by the Seaman or Marine up to the date of any award or renewal of his disablement pension, or
(ii) she is entitled to support under a separation or maintenance order, or
(iii) the separation was caused by the husband's mental instability due to the disability in respect of which he is granted his disablement pension.

(*b*) *For a step-child or a legally adopted child.*—The child shall have been regularly maintained in whole or in part by the Seaman or Marine up to the date of any award or renewal of his disablement pension.

(*c*) *For an illegitimate child.*—
(i) The child shall have been born before or within nine months after the date on which the Seaman or Marine sustained the wound or injury, or the date on which he was removed from duty on account of the disease in respect of which his disablement pension is granted, and
(ii) the child shall have been regularly maintained in whole or in part by the Seaman or Marine up to the date of any award or renewal of his disablement pension, or shall be the subject of an affiliation order in force against the Seaman or Marine.

(*d*) *For a foster child.*—
(i) the child shall have been brought up and wholly or mainly maintained by the Seaman or Marine for not less than six months (or such lesser period as the Admiralty may determine in the exceptional circumstances of any case) during the Seaman's or Marine's service, and
(ii) the child shall have been so maintained by the Seaman or Marine up to the date of any award or renewal of his disablement pension.

"The expressions 'removed from duty' or 'removal from duty' shall be interpreted with reference to the date of the first removal from duty on account of the disease upon which the claim in respect of disablement is based, providing that if as the result of service subsequent to the date of receipt of the wound or injury or of removal from duty, not being service after the 2nd September, 1939, during the present war, the Seaman or Marine suffered material aggravation of his disability, the date of removal from duty shall be that of the later removal on account of the disability: or, if there was no such removal, the date of termination of full pay service of the Seaman or Marine."

"Family addition to disablement pension in respect of a child shall normally terminate when the child attains the age of 16 years, but (*a*) if satisfactory evidence is produced that, owing to mental or physical infirmity, such infirmity having arisen before the child reached the age of 16, a child is unable to maintain himself or herself, the addition may be granted or continued up to an age not exceeding 21 years, and (*b*) the addition may be granted or continued after the age of 16 years in the case of a child who is being educated at a secondary school, technical school or university, or is an apprentice receiving not more than nominal wages."

"Family additions to disablement pension in respect of any individual may be withheld if, in the opinion of the Board of Admiralty, the circumstances are not such as to justify the grant."

"Where an individual in respect of whom family addition to disablement pension is admissible is not residing with the pensioner, the addition may, at the discretion of the Board of Admiralty, be granted independently, for the benefit of that individual, to some person other than the pensioner."

5. *Special Allowances for Unemployable Pensioners.*—

(i) Where a pensioner is in receipt of a pension under paragraph 2 (*b*) in respect of disablement so serious as to make him unemployable he may be granted :—

(*a*) an allowance by way of supplement to his pension at the weekly rate of 30/-

(*b*) an increase, where necessary, in the rate of family allowance awarded under paragraph 4 to the rate which would be appropriate under that paragraph if the degree of disablement were 100 per cent.

(*c*) family allowances in respect of any children for whom such allowances are not in issue at the rates which would be appropriate under paragraph 4, if the children were eligible for allowances under that paragraph and the degree of disablement of the unemployable pensioner were 100 per cent.

(*d*) the rate of wife's allowance may be increased up to a maximum of 16/- a week where the wife is wholly or mainly dependent on her husband.

Digitized by Google

(*e*) where no allowance is payable for a wife, an allowance not exceeding 16/- a week may be paid for
(i) a dependent adult relative living with the pensioner, or
(ii) a woman dependent on the pensioner and having the care of a child or children of the pensioner for whom an allowance is being paid.

(*f*) an allowance in respect of any dependent child, irrespective of date of birth, of the amount and subject to such conditions as would be appropriate under paragraph 7, if the child were a child to whom the paragraph applied.

(ii) In determining whether a pensioner is unemployable, any earnings of the pensioner of 20/- a week or less shall be disregarded.

6. *Constant Attendance Allowances.*—Where a pension under paragraph 2 (*b*) is in issue in respect of disablement the degree of which is assessed at 100 per cent., and it is shown to the satisfaction of the Admiralty that constant attendance on the pensioner is necessary on account of the disablement, an allowance may be granted at a rate not exceeding 20/- a week, except that in exceptional cases of very severe disablement the allowance may be increased up to a maximum of 40/-.

7. *Education Allowances.*—
(i) In addition to a pension under paragraph 2 (*b*), an allowance may, at the discretion of the Admiralty, be granted in respect of a child eligible for an allowance under paragraph 4 for the purpose of the child's education if :—
(*a*) the child has attained the age of 5 years ; and
(*b*) the circumstances of the family are such as to require it ; and
(*c*) the Admiralty is satisfied that the type of education which the child is receiving or is to receive is suitable for the child.
ii) The amount of an education allowance shall be determined by the Admiralty, but the total payments made in respect of any period of twelve months will not exceed £80.

8. *Treatment Allowances.*—
(i) A pensioner in receipt of a pension under paragraph 2 (*b*) may, in lieu of his existing award, be granted in respect of any period during which he receives approved treatment, a treatment allowance consisting of a personal allowance in respect of himself, and an additional allowance in respect of his wife and children.
(ii) Subject to the following provisions of this para. :—
(*a*) a personal allowance will be at the rate of pension, including service and rank elements, which would be appropriate under these regulations if the degree of disablement were 100 per cent.
(*b*) an additional allowance in respect of a wife and/or children will be at the rates and subject to the conditions which would be appropriate if the wife and/or children were eligible for family additions under para. 4.
(iii) The allowance in respect of a wife under (ii) (*b*) above may be increased to the rate of 16/- a week where she is wholly or mainly dependent on her husband.
(iv) Where no allowance is payable for a wife an allowance not exceeding 16/- a week may be paid for
(*a*) a dependent adult relative living with the pensioner, or
(*b*) a woman dependent on the pensioner and having the care in the pensioner's home of a child or children of the pensioner for whom an allowance is being paid.
(v) The allowance under (ii) (*a*) above may be increased by whichever of the following amounts is appropriate, namely :—
(*a*) if the pensioner is not eligible for a sickness benefit (or retirement pension or contributory old age pension) under the National Insurance Act 1946 ; 26/- a week ;
(*b*) if he is eligible for such benefit at a lower rate than 26/- a week the amount of the difference between that lower rate and 26/- a week.

Provided that this paragraph shall not apply to :—
(i) a pensioner who is in receipt of an Unemployable Allowance under paragraph 5 of Section III above ; or
(ii) a pensioner who is receiving approved institutional treatment and is *not* entitled to an allowance under (ii) (*b*) ; (iii) ; and (iv) (*a*) and (*b*) above.
The allowance will be subject to such deductions as the Admiralty may think appropriate having regard to all the circumstances of the case and taking into account any sick pay or similar benefit arising by virtue of the pensioner's employment.
For the purpose of this paragraph approved treatment means in-patient treatment authorised or approved by the Admiralty.

9. *Allowances where prolonged abstention from work is necessary following Approved Institutional Treatment.*—
Where it is notified that a pensioner should on completion of a course of approved institutional treatment abstain from work for a prolonged period in consequence of the condition which necessitated that treatment, he may be treated as if he were eligible throughout that period for a treatment allowance under paragraph 8.
This paragraph shall not apply to a pensioner who is in receipt of an Unemployable Allowance under paragraph 5 of Section III above.

10. *Clothing Allowance.*—
(*a*) As from 1st February, 1948, a disablement pensioner who is in receipt of a pension for the loss of a limb and who wears an artificial one may be granted a clothing allowance of £3 a year in single amputation cases and £5 a year in cases where more than one artificial limb, or a tilting table limb is worn.
(*b*) In any other case in which the Admiralty is satisfied that as a result of the pensioner's disablement there is exceptional wear and tear of the pensioner's clothing, an allowance not exceeding £8 a year may be granted.

11. *Loss of Wages whilst attending Surveys.*—
Compensation may be paid within certain limits for loss of wages, etc., incurred by a pensioner who is called upon to attend a medical examination in connection with his pension.

12. *Allowance for lowered standard of occupation.*—
(i) As from 1st May, 1948, where a Naval rating or Royal Marine in receipt of a pension under paragraph 2 (*b*) in respect of disablement of less than 100%, has been, by reason of his disability, compelled after 1st July, 1945, to adopt an occupation not equivalent to that regularly followed by him for a reasonable period before that date, he may be granted a special allowance at a rate not exceeding 20/- a week, provided the pension together with the allowance does not exceed the rate of pension which would have been appropriate, if the degree of disablement were 100%.

(ii) No award shall be made under this paragraph where the pensioner is in receipt of a special allowance under paragraph 5.

13. *Gratuities.*—
(i) Subject to (ii) below, Seamen and Marines discharged with less than the qualifying period of service required for the award of a pension (service element) will be eligible for the grant of a gratuity not exceeding £2 for each completed year of service from the date of entry. (For the purpose of these gratuities service under the age of 18 will be reckoned under the same conditions as service above that age.) If the degree of disablement be assessed at less than 20% a gratuity appropriate to the degree of disablement but not exceeding a maximum of £100 may be awarded at Admiralty discretion.
(ii) Seamen and Marines entered only for a period of hostilities are not eligible for the award of gratuities in respect of service.

14. Men eligible for a pension in respect of the service element and for a gratuity on the ground of disablement, or vice versa, will have their pensions assessed on the appropriate service or disablement scales, plus the rank element, and will receive payment in full, in addition to the disablement or service gratuity appropriate to their case.
Men eligible for gratuities only in respect of both the service and the disablement elements will receive payment in full.

15. *Pensioners injured during further Service.*—When a pensioner employed in His Majesty's Naval Service shall become unfit for further service through wounds or injuries received in the actual performance of duty, or sickness attributable to the conditions of service, he may be awarded in respect of his disablement such compensation under these regulations as the Admiralty shall think fit in the circumstances of the case.

16. As from 30th December, 1940, and for the period of the present emergency, Native ratings may be granted compensation for injuries or disabilities certified to be attributable to the Service at the rates laid down in Admiralty Fleet Orders.

17. *Compensation in respect of injuries, etc., unconnected with cause of discharge.*
(*a*) *Wounds and injuries.*
Compensation may be granted on or after discharge, in respect of wounds or injuries attributable to Naval service and recorded by the medical authorities, at the rate that would have been appropriate had the man been invalided for the disability.
(*b*) *Diseases.*
Where the disability is caused by disease, and is wholly attributable to Naval service, compensation may be granted on or after discharge at the rate that would have been appropriate had the man been invalided for the disability, provided the claim is made within 7 years from date of discharge.

18. The provisions of paras. 5, 6, 7, 8, 9 and 12 of this Section are subject to review.

B. When the cause of Invaliding is not attributable to the Service.

1. Seamen and Royal Marines invalided for disability contracted in, but not attributable to, the Service, may be granted compensation, at the discretion of the Admiralty, in accordance with the following scale, subject to the conditions appended hereto. The assessment will be based on length of service, and when a pension is granted, will include the additions earned in respect of rank, good conduct badges and medal.

For a continuous service man or Royal Marine, service with very good character reckoning as petty or non-commissioned officer time will be doubled after 15 years' service, subject to completion of 10 years' continuous service, provided the man is discharged while holding a petty officer or leading rating, or non-commissioned officer rank.

4. *Gratuities*—
(i) Subject to (ii) below, Seamen and Marines discharged with less than the qualifying period of service required for the award of a pension will be eligible for the grant of a gratuity of £2, plus an additional 10s. for each ten degrees of disability in excess of 20% in respect of each completed year of service from the date of entry. (For the purpose of these gratuities service under the age of 18 will be reckoned under the same conditions as service above that age.).
(ii) Seamen and Marines entered only for a period of hostilities are not eligible for the award of these gratuities.

5. *Native Ratings* (except Chinese and Malayan Ratings for whom see Section V), who, having completed a minimum period of six years' service, are invalided for disability contracted in, but not attributable to the Service, may be granted a gratuity of 15s. for each complete year of satisfactory service, together with rank additions of £1 and 10s. respectively, for each year served in a petty officer or leading rating subsequently to the completion of a total service of fourteen years.

C. General Rules governing Disability Pensions.

1. The foregoing scales of compensation for attributable and non-attributable disabilities will be subject to reduction, at the discretion of the Admiralty, in the event of the cost of living falling considerably as compared with the standard cost which prevailed when these scales were established. Such reduction, if made, will apply to all pensions assessed thereunder which are being drawn at the date of reduction, as well as to future grants.

2. If any person, on being invalided from the Service, is suffering from two separate and distinct disabilities, and is eligible in respect of one of them for a grant under the Regulations of the Ministry of Pensions, and in respect of the other for a grant under these Regulations, only one grant will be made in respect of both. This grant will be assessed partly under the Regulations of the Ministry of Pensions, and partly under these Regulations. When the invaliding disability is attributable to the Service the grant will be assessed according to the proportion which the percentage of the peace and the war disability, respectively, bears to the sum of the two percentages added together; the assessment under these regulations being so regulated, however, as to ensure that the total grant made shall not be more than the person would receive if the two disabilities were dealt with as one combined disability under the Regulations of the Ministry of Pensions, nor less than he would receive if they were so dealt with under these regulations.

3. Where a seaman or marine is injured in such circumstances that a pension, allowance, or grant is payable to or in respect of him under these regulations, and where he receives compensation from or on behalf of a third party for the act, omission or cirmcumstances which caused the injury, any such compensation may be taken into consideration in assessing any pension or grant which might be awarded to or in respect of the man; and where the compensation is received after assessment it may be taken into consideration and the assessment may be amended or cancelled accordingly.
If, in the opinion of the Admiralty, a seaman or marine either unreasonably refuses to prefer a claim for compensation against the third party or unreasonably accepts an inadequate amount of compensation from such party, any pension or other grant which may be or may have been awarded to or in respect of the man under these Regulations may be withheld or reduced at the discretion of the Admiralty.

4. When the cause of invaliding is due to negligence or misconduct on the part of the man or to his want of proper care, pension or gratuity may be withheld, or awarded at such reduced rate as may be thought fit.

5. It is a necessary condition in order that a man may be qualified for the award of a pension (service element) on being invalided that he has re-engaged to complete time for Long Service Pension.

VI—GREENWICH HOSPITAL PENSIONS AND BENEFITS.

A.—AGE PENSIONS.

1. Greenwich Hospital age pensions of 5*d.* a day (£1 18*s.* a quarter) for seamen and Royal Marine pensioners over 55 years of age, and at the increased rate of 9*d.* a day (£3 8*s.* a quarter) for seamen and Royal Marine pensioners over 65 years of age, are awarded under the Greenwich Hospital act of 1865, according to the following Regulations. The increased pension of 9*d.* a day (£3 8*s.* a quarter) will not be granted to men who entered or (after a break in service) re-entered the Service after the 3rd October, 1925; for the purpose of this provision, however, the date of transfer of, or resumption of former engagement by, the men enumerated in the Note at the end of paragraph 16 of Section II will not be regarded as debarring them from the increased age pension provided they are otherwise eligible.

(*a*) Seamen and Royal Marines who are in receipt of naval pensions for life (other than deferred marine pensions or pensions awarded under the 1919 pensions code), and are qualified by age, may be granted, at the discretion of the Admiralty, an age pension at the appropriate rate as from 1st April, 1919, or from the date on which the qualifying age is attained, whichever may be the later. (*c*) Greenwich age pensions may be drawn by men residing in British possessions abroad.

(*d*) The Greenwich age pension shall not be awarded to any man whose general conduct in the Service was inferior to "Good", or whose character and conduct since his discharge shall be considered by the Admiralty to be bad or indifferent.

(*e*) All applications for Greenwich age pensions shall be made to the Secretary of the Admiralty, London, S.W.1.

(*f*) Yard craft personnel and Riggers on the Wages List, who have been granted civil superannuation, as well as those who have been granted naval pensions, or who have been pensioned under the old Dockyard Regulations, are eligible for the Greenwich Hospital Age Pension of 5*d.* a day (£1 18*s.* a quarter) and, provided they did not enter or (after a break in service) re-enter the Service after the 3rd October, 1925, for the increased pension of 9*d.* a day (£3 8*s.* a quarter). Breakwater men are not entitled to these pensions, never having been eligible for the benefits of Greenwich Hospital.

B.—SPECIAL PENSIONS AND OTHER BENEFITS OF GREENWICH HOSPITAL.

1. Under the Greenwich Hospital Act of 1865 Seamen and Royal Marines are admitted to the benefits of Greenwich Hospital. By the term "Benefits of Greenwich Hospital" is meant the grant of special pensions from the funds of Greenwich Hospital, to Seamen and Royal Marines of good character who have been discharged from His Majesty's Service, and are permanently or temporarily unable to maintain themselves.

2. The under-mentioned persons shall be considered eligible for the benefits of Greenwich Hospital if infirm or helpless, or permanently or temporarily unable to maintain themselves—

Class II.—All seamen and marines who have served with good characters for 12 years continuously, or with short intervals.

may, after examination, be allowed special pensions from the funds of Greenwich Hospital not exceeding 5/- a day.

Special pensions may be drawn by men residing in the Commonwealth.

4. All applications for the benefits of Greenwich Hospital shall be made to the Director of Greenwich Hospital, Admiralty, 14 Buckingham Gate, S.W.1. A medical survey will be held on each applicant, to ascertain the degree in which he can contribute towards his own support, and on this report a decision will be formed by the Admiralty as to the claims of the applicant upon the funds of Greenwich Hospital.

5. *Persons ineligible.*—The following persons shall not be considered eligible for the benefits of Greenwich Hospital—

(*a*) Men who are materially able to contribute to their own support.

(*b*) Men with less than twelve years service, however old they may be, who were discharged in good health and do not come under Class V of paragraph 2.

(*c*) Men whose general character has been inferior to "good" unless there are special circumstances.

(*d*) Foreigners entered after 24th April, 1900.

6. Civil and Army pensioners who, in consequence of naval or marine service, may be eligible for the benefits of Greenwich Hospital, may be granted special pensions.

7. Time served in the Army shall not be allowed to reckon with subsequent naval service for the benefits of Greenwich Hospital.

8. Yard craft personnel and Riggers on the Wages List, who have been granted superannuation, as well as those who have been granted naval pensions, or who have been pensioned under the old dockyard regulations, shall be considered eligible for all the benefits of Greenwich Hospital, but breakwater men are not eligible for those benefits.

C.—Pensions to Widows and Gratuities to Dependants.

Under the Greenwich Hospital (Dependants) Pensions Order, 1948, widows of Seamen and Marines may be granted pensions, and Dependants may be granted gratuities subject to the following conditions :—

1. In cases of exceptional financial distress Pensions of 10s. 6d. per week may be granted by the Admiralty out of the funds of Greenwich Hospital to the widow of any person deceased, whether before or after the passing of the Greenwich Hospital Act, 1947, while serving, or having served, as a non-commissioned officer, Petty Officer or man of the Royal Navy or Royal Marines or of any naval reserve force. Awards of these pensions will be granted only in very exceptional necessitous circumstances.

2. Owing to the limited funds available for this benefit, the total number of awards in force at any one time will be small. Priority will be given to the following classes, and awards will normally be restricted to these classes :—

(*a*) Widows of men who have given not less than 22 years service in the Royal Navy or 21 years in the Royal Marines.

(*b*) Widows of men who, having given a shorter period of service, died while serving, or were invalided.

Awards will be made on a temporary basis, normally for one year, with review of the pensioner's circumstances at the end of that period.

3. A widow in receipt of a pension in respect of the attributability of her husband's death to H.M. Service will be ineligible for the above pension.

4. If a widow re-marries her pension will cease.

5. Pensions and allowances are tenable subject to good behaviour and are granted at the discretion of the Admiralty. They cannot be claimed as a right. Any assignment, sale or contract relating to a Pension is void.

6. Widows without children under 15 years of age will be medically surveyed by an Admiralty Surgeon and Agent in order to ascertain the degree (if any) and probable duration of any infirmity.

7. Widows will be required to make a declaration quarterly or whenever it be considered necessary, before a duly authorised person, as to their continued widowhood and distressed circumstances.

8. The number of Greenwich Hospital Widows pensions in force at any one time under this Order shall not exceed 150.

9. In the event of men specified in paragraph 1 of these Regulations dying as widowers or without having been married, but leaving parents or other relatives dependent upon them, gratuities not exceeding £50 may be given at the discretion of the Admiralty to such parents or relatives (provided the total expenditure on such Gratuities shall not exceed in any one year the sum of £500). No gratuity will be payable in any case where the death of the man has been accepted as attributable to Service.

PENSIONS, ALLOWANCES AND GRATUITIES TO THE WIDOWS, CHILDREN AND CERTAIN OTHER DEPENDENT RELATIVES OF CHIEF PETTY OFFICERS, PETTY OFFICERS, R.N., SERGEANT-MAJORS AND NON-COMMISSIONED OFFICERS, R.M., AND MEN & BOYS OF THE ROYAL NAVY & ROYAL MARINES.

NOTE.—The following Regulations apply to widows and other dependants of Seamen and Marines whose deaths are attributable to the conditions of service between the 1st October, 1921, and the 2nd September, 1939. The award of compensation in respect of deaths attributable to service after 2nd September, 1939 is governed by the regulations of the Ministry of Pensions, which are shown at the end of this Appendix.

General.

1. Pensions, allowances and gratuities may be granted to the widows, children and certain other dependent relatives of deceased Chief Petty Officers and Petty Officers, R.N., Sergeant-Majors and Non-Commissioned Officers, R.M., and men of the Royal Navy and Marines and of the Reserve Forces of the rates and subject to the conditions set out in the following paragraphs. A deceased Chief Petty Officer or Petty Officer, R.N., or Sergeant-Major or Non-Commissioned Officer, R.M., or man is hereinafter referred to as a Seaman or Marine.

2. These Regulations take effect as from 1st October, 1921, but will not apply in any case where it is proved that the death of the Seaman or Marine is attributable to service during the period of the Great War in which event his family will be eligible for consideration under Ministry of Pensions Regulations instead of under these Regulations. For this purpose, "The period of the Great War" is to be read as meaning the period beginning on 4th August, 1914, and ending on 30th September, 1921.

3. The grant of a pension, allowance, or gratuity under these Regulations will only be allowable provided that the Seaman or Marine was killed or drowned in the service of the Crown or died as the result of wound, injury or disease, directly attributable to the conditions of service.

4. A pension, gratuity, or allowance under these Regulations cannot be claimed as a right. It will not be granted when the applicant is shown to be unworthy of a grant from public funds, nor will it be granted unless the service of the deceased Seaman or Marine has been such as, in the opinion of the Admiralty, to justify the award, nor if, having been a pensioner, he shall have forfeited his pension through the acquisition of foreign nationality.

5. If the applicant is granted any other pension or allowance from the public, on account of the services of the Seaman or Marine in any other public capacity, the grant permissible under these Regulations shall be reduced by the amount of such pension or allowance.

6. Subject to any exception which the Admiralty may approve in a particular case, a grant under these Regulations will not be made to a widow who was separated from her husband at the time of his death. Should such exception be approved the grant made will be at such rate within the scales laid down in these Regulations and subject to such conditions as the Admiralty may determine.

7. If a Seaman's or Marine's death or the wound, injury or disease which resulted in his death was due wholly or in part to his own negligence or misconduct or to any cause within his control, any grant which might otherwise have been made under these Regulations to his widow or other relative may be withheld or reduced in amount at the discretion of the Admiralty.

8. If a Seaman or Marine is killed or dies in such circumstances that any grant is payable in respect of him under these Regulations, and his widow, child or dependent relative receives compensation from or on behalf of a third party for the act, omission, or circumstances which caused the death, any such compensation may be taken into consideration in assessing any grant which might be made under these Regulations; and if the compensation is received after assessment, it may be taken into consideration, and the assessment may be amended or cancelled accordingly.

If, in the opinion of the Admiralty, the widow, child or dependent relative of a seaman or Marine either unreasonably refuses to prefer a claim for compensation against a third party or unreasonably accepts an inadequate amount of compensation from such party, any pension or other grant which may be or may have been awarded under these Regulations may be withheld or reduced at the discretion of the Admiralty.

9. Any pension or allowance granted under these Regulations will be discontinued should the recipient subsequently prove to be unworthy of it, or should the conditions which justified the grant no longer be fulfilled. Any assignment, sale or contract relating to a pension, allowance or gratuity is void.

10. A grant under these Regulations will not be made if the claim thereto fails to be established before the death of the person to whom it might have been made and such failure is due to neglect or omission on the part of such person, or, in the case of a person not of adult age, on the part of his or her guardian or other representative.

11. Any pension or allowance which may become payable under these Regulations to the widow or other dependent relative of a Naval pensioner who is, at the time of death, in receipt of pension paid on a weekly basis, shall not commence before the date of expiry of the period covered by the last payment of his pension or by the special grant of a month's pension which may be made to his widow. Otherwise, the date of commencement of any pension or allowance will, as a rule, be the day following the date of the Seaman's or Marine's death, or if later, the date following that to which any marriage allowance to his family has been paid. The date of commencement is, however, at the discretion of the Admiralty, and in fixing the date account will be taken of any delay on the part of the widow or other relative in applying for such pension or allowance.

12. As from 7th February, 1946, the scale of pensions to widows of Seamen and Marines is as follows :—

Rank	Widow over 40, or under 40 with eligible children or incapable of self-support	Widow under 40, without eligible children and not incapable of self-support
	Weekly rate	Weekly rate
	s. d.	s. d.
Sergeant-Major, R.M.	40 0	28 4
Chief Petty Officer ..	38 0	25 0
Petty Officer ..	37 0	23 4
Leading Rating ..	36 0	21 8
Other men	35 0	20 0

13. Widows and other dependants of Sergeant-Majors, R.M., are eligible for pensions, etc., from Naval Funds at the rates and under the general conditions applicable to Warrant Officers, Class I, in the Army, vide Articles 1162 to 1183 of the Royal Warrant for the pay, etc., of the Army, 1931, and Order in Council of 2nd February, 1937, No. 131/N.

14. A pension will not be granted if the Seaman or Marine married after he received the wound or injury or after he was removed from duty on account of the disease from which he died, unless at the date of his death he was in receipt of an allowance in respect of his wife under paragraph 5 of Section III A of the Men's Disability Pension and Gratuities Regulations.

As from 7th February, 1946, in cases where the Seaman or Marine died on or after 3rd September, 1939, pension may be granted irrespective of the date of marriage.

15. *Rent Allowances.*—(i) Where a widow is in receipt of a pension under clause 12 or 13, and the household of the widow includes a child, the widow may be granted a supplementary allowance in accordance with the following provisions at such weekly rate, not exceeding 15/-*, as the Admiralty may consider appropriate having regard to the amount by which her weekly rent and rates exceed 8/-.

(ii) Where a child has attained the age of 16 years, an allowance under this para. will not be made or continued unless the circumstances of the case are such, in the opinion of the Admiralty, as to justify the grant or its continuance.

(iii) Where an allowance under this para. would cease by reason of the death of a child before attaining the age limit laid down in sub.-para (ii), the allowance will be continued for the period of thirteen weeks from the date of the child's death.

(iv) For the purpose of this paragraph

(*a*) "child" means a child who is eligible for an allowance under para 17 and any other child who should, in the opinion of the Admiralty, having regard to the relationship to or connection with the deceased rating and the other circumstances of the case, be treated as included in this clause.

(*b*) "weekly rent and rates" means such sum as the Admiralty may, after taking into account all relevant factors and making all necessary apportionments, consider to be the weekly amount which the widow is paying or providing either directly or indirectly in respect of rent or the equivalent thereof and rates for accommodation for the benefit of herself and the child.

(*c*) "accommodation" means living accommodation without any service or benefit not ordinarily provided by the landlord to the tenant of an unfurnished dwelling house, but may, at the discretion of the Admiralty, include accommodation reasonably required for the storage of furniture.

16. If a widow who has been granted a pension under these Regulations re-marries, her pension will cease on the date of her re-marriage, but she may then be granted a gratuity equal to one year's pension. This grant will be subject to such conditions as to payment as the Admiralty may determine and will be in full discharge of all claims. (As regards the widows of Sergeant-Major, R.M., see clause 13).

Children.

17. Compassionate allowances may be granted to the legitimate children, step-children, legally adopted children and illegitimate children under the age of 16 of a Seaman or Marine whose widow is awarded a pension under these Regulations or would, if she had been living at the time of the Seaman's or Marine's death, have been eligible for such pension. In exceptional circumstances compassionate allowances may, at the discretion of the Admiralty, be granted to such children even though the widow herself is ineligible for the award of a pension under the Regulations. (As regards the children of Sergeant-Majors, R.M., see clause 13).

In the case of children other than legitimate children an award shall not be made unless the following conditions are satisfied :—

(*a*) For a step-child or a legally adopted child, the child shall have been regularly maintained in whole or in part by the Seaman or Marine up to the date of any award or renewal of pension to him, or up to the date of his death.

(*b*) For an illegitimate child, the child shall have been born before or within nine months after the date on which the Seaman or Marine sustained the wound or injury, or the date on which he was removed from duty, on account of the disease, from which he died, and the child, unless posthumous, shall have been regularly maintained in whole or in part by the Seaman or Marine up to the date of any award or renewal of pension to him, or up to the date of his death, or shall have been the subject of our affiliation order in force against the Seaman or Marine at the date of his death.

NOTES.—(i) Awards under (*a*) and (*b*) above shall not have effect from a date earlier than 1st June, 1939.

(ii) The expressions "removed from duty" or "removal from duty" shall be interpreted with reference to the date of the first removal from duty on account of the disease upon which the claim in respect of death or disablement is based, provided that if, as a result of subsequent service, the Seaman or Marine suffered material aggravation of this disability, the date of removal from duty shall be that of the later removal on account of the disability; or, if there was no such removal, the date of termination of full pay service of the Seaman or Marine.

* Operative from 7th February, 1946.

18. Compassionate allowances under paragraph 17 may (as from 4th May, 1944) be granted to a widow pensioned under these Regulations, at the weekly rate of 11/- in respect of each child under the age of 16, so long as the child is maintained by her.

The rate for motherless children will be 13/6 a week each while the child is under the age of 15, and 20/-* a week thereafter.

19. These allowances will not, as a rule, be paid to or in respect of children over the age of 16. At the discretion of the Admiralty, however, they may be granted or continued after that age in the case of a child who is an apprentice receiving not more than nominal wages or who is being educated at a secondary school, technical school or university.

20. They may also be granted or continued between the ages of 16 and 21 in the case of a child incapable through mental or bodily infirmity of earning a living, provided the infirmity existed before the child attained the age of 16. In such cases, and provided the child is motherless, the rate of allowance may be increased to 26/-† a week when the child attains the age of 18 years.

20a. *Education Allowances.*—(i) In addition to compassionate allowance under paragraph 17, an allowance may, at the discretion of the Admiralty, be granted for the purpose of the child's education if :—

(*a*) the child has attained the age of 5 years; and,

(*b*) the circumstances of the family are such as to require it; and,

(*c*) the Admiralty is satisfied that the type of education which the child is receiving or is to receive is suitable for the child.

(ii) The amount of an education allowance shall be determined by the Admiralty, but the total payments made in respect of any period of twelve months will not exceed £80.

21. If pension to a widow be withheld or discontinued on grounds of unworthiness her children, if otherwise eligible for compassionate allowance, and if removed from her control, may at the discretion of the Admiralty be granted such allowance at the rate appropriate to motherless children.

22. Children's Allowances will not be issuable for any period during which the children are maintained in the Royal Navy, the Army or the Royal Air Force.

* Operative from 7.2.46.
† Operative from 1st January, 1947.

22a. The provisions of paras. 15 (*a*) and 20a are subject to review.

Parents.

23. If a Seaman or Marine dies in circumstances which would have qualified his widow or child, had he been married, for a pension or allowance under these regulations, his parent or parents may be granted an Allowance subject to such conditions as the Admiralty may determine, provided that—

(*a*) The Seaman or Marine did not leave a widow, or a child eligible for an allowance under these regulations;

(*b*) the parent or parents are in pecuniary need;

(*c*) the father is deceased or is incapable of self-support through age or infirmity.

24. The rate of pension shall be at the discretion of the Admiralty but shall not exceed 20*s.* a week for one parent or 27*s.* 6*d.* a week for both parents. In exceptional cases these rates may be increased to 27/6 and 40/- a week respectively.

25. A grant shall not be transferable, but if an award has been made to the two parents of a Seaman or Marine payment of pension may be continued to the survivor at such rate as the Admiralty may determine.

26. An allowance shall cease on the re-marriage of the grantee.

Brothers and Sisters.

27. The brothers and sisters of a Seaman or Marine who died in circumstances which would have rendered his widow, had he been married, eligible for a pension under these Regulations may, collectively, be granted an allowance at such rate not exceeding 10*s.* a week and not exceeding 5*s.* a week for any one brother or sister as the Admiralty may decide, provided :—

(1) That the Seaman or Marine did not leave a widow, child, or parent;

(2) That the brothers and sisters were largely dependent on the deceased Seaman or Marine at the time of his death; and

(3) That their pecuniary and other circumstances are such as, in the opinion of the Admiralty, would justify the grant.

28. Allowances granted to the brothers and sisters of Seamen or Marines will be subject to the same age limits and rules as to continuance and cessation as those laid down in this Schedule for the compassionate allowances of children, except that the special grant or extension provided for in paragraph 19 will not be admissible.

GRATUITIES TO RELATIVES OF NATIVE SEAMEN, OTHER THAN EUROPEANS.

29. A pension or an allowance will not be issuable in respect of the death of a Native Seaman, other than a European (whether or not he was a British subject) but, provided the conditions laid down in the foregoing paragraphs are satisfied, a gratuity, of such amount as the Admiralty may decide, but not exceeding the amount of a year's pay attaching to the substantive rating and any Good Conduct Badges held at the date of death may be granted to the dependent relatives.

30. Only the dependent relatives specified in the foregoing paragraphs will, under the circumstances stated therein, be eligible for gratuities.

31. As from 30th December, 1940, and for the period of the present emergency, an alternative scheme of compensation has been introduced, particulars of which have been promulgated in Admiralty Fleet Orders.

OFFICERS EMPLOYED ON INSPECTION, RESEARCH, DESIGN AND EXPERIMENTAL ORDNANCE DUTIES, &c.—CONDITIONS OF SERVICE.

The following regulations govern, with effect from 21st November, 1929, the conditions of service of Naval and Royal Marine Officers employed on Inspection, Research, Design and Experimental Ordnance Duties, etc., as indicated in paragraph 4 below. They do not apply to any civilians so employed.

1. *Recruitment.*—The following Officers are eligible for appointment:—

(*a*) Executive Officers, who have at least three years' service in a ship of war at sea as Lieutenant, are qualified as Gunnery or Torpedo Lieutenant and have been employed at sea in that capacity for not less than one year.

(*b*) Executive and Air Branch Officers who have at least three years' service in a ship of war at sea or in a Naval Air Establishment as Lieutenant, are qualified as Air Gunnery Officers and have been employed in that capacity for not less than one year.

(*c*) Executive Officers who have at least three years' service in a ship of war at sea as Lieutenant and have been employed at sea in Submarines in that rank for not less than one year.

(*d*) Engineer Officers and Air Engineer Officers who have at least three years' service in a ship of war at sea or in a Naval Air Establishment in Lieutenant's rank.

(*e*) Electrical Officers who have at least three years' service in a ship of war at sea, or in a Naval Air Establishment in Lieutenant's rank.

(*f*) Royal Marine Officers who have (i) passed the Naval Gunnery Instructor's Course in H.M.S. "Excellent" and have been employed as Gunnery Instructor, or (ii) passed the advanced course at the Military College of Science.

Officers will be considered for appointment up to the age of 37. (*Note*: This limit is temporarily in abeyance.)

2. *Conditions of Service. Training and Promotion.*—Officers will be on probation for two years from the date of appointment, or for such period exceeding two years as may be necessary owing to a confirmed appointment not being available.

If at any time during the probationary period an Officer is found to be unsuitable, he will revert to sea service or corps duty.

During the probationary period, Officers will be allowed the option of reverting to sea service or corps duty after they have had sufficient time to find out by actual experience whether they are fitted for the work.

The period of probation will be spent under training as follows:—The first year's training will be under the direction of the Inspector of Naval Ordnance, Woolwich, including inspection, visits to Cordite Factory, Ordnance Factory, shell and steel makers' works and the Research Department. During the second year they will join the R.N. College, Greenwich, for a course lasting about eight months in metallurgy and chemistry, the instruction in the latter relating principally to explosives, propellants and metals. During this period, visits will be arranged, as requisite, to the Research Department at Woolwich, and other similar establishments.

Officers who, at the end of the probationary period, are finally selected for permanent appointment under the scheme will not be eligible to revert to sea service or corps duty.

Officers will be interchangeable, so far as efficiency permits, between the various branches, though it is contemplated that some will display special capacity and preference for a particular branch, and it may prove to the advantage of the Service to allow such Officers to devote a large proportion of their service to that branch.

In order to give opportunity for judging the relative suitability of Officers for the various types of work for the first eight years after the completion of the probationary period, Officers will normally be appointed for terms of two years only. Endeavour will be made to give each Officer one period in the Design and Research Departments, though the number of posts available will not permit this to be done in all cases.

Appointment to the senior posts and higher posts (paragraph 4) will be in vacancies, and will be made solely by selection.

After the initial ten years mentioned above, all appointments will be normally for four years.

NOTE—

(*a*) The number of posts permits of a proportion of Officers only obtaining higher posts. An Officer may hold one of the higher posts more than once, but only in exceptional circumstances will he hold one more than twice.

(*b*) The duration of all appointments will be subject to the exigencies of the Service, and while, in normal circumstances, the duration will be as given above, appointments may be curtailed or extended at the discretion of the Admiralty.

(*c*) Officers who hold Group (*c*) and Group (*d*) posts (paragraph 4) will not be eligible for further promotion under the scheme after they have attained the ages of 52 and 47 years, respectively.

Exceptions to this rule may be made at Admiralty discretion in the case of Officers who already held confirmed appointments on 21st November, 1929, in posts covered by the scheme, each case being considered on its merits. The Admiralty may make exceptions otherwise in very special cases where it is considered necessary in the interests of the Service to do so.

(*d*) Officers subject to this scheme will not be borne on ships books or included in Vote A, either during the probationary period or after. While still on the Active List, they will be supernumerary to the establishments of Officers of their particular ranks.

3. *Rank, etc.*—The Naval rank corresponding to each post is prescribed in paragraph 4. Precedence and control within the departments is determined by the post held.

Officers are to wear uniform only when serving with Officers of the Navy, Army or Air Force wearing uniform, or when otherwise required.

The uniform worn is to be that of the rank corresponding to the post (*see* paragraph 4).

Ths special grant of steps in rank after retirement (*see* paragraph 14) will be limited to what is required to give an Officer the rank corresponding to his grade (*see* paragraph 4).

A Lieutenant-Commander occupying a Group (*d*) post on retirement will remain a Lieutenant-Commander unless he is eligible for higher rank under the ordinary general Naval rules in force.

Active service Officers appointed to any of the posts in the ensuing paragraph, who do not already hold the rank appropriate thereto, will be given acting rank, as necessary, until placed on the Retired List.

A Captain, R.M., on the Active List holding a Group (*d*) post, or holding a Group (*c*) post with the rank of Acting Major, will be promoted to the rank of Brevet Major at the time at which he would normally have been promoted to the rank of Major if he were performing Corps duty. Such promotion will be subject to the Officer being recommended in all respects but *not* to having passed for promotion. Should an Officer who is on probation become due for promotion under this clause, such promotion will be suspended until he is confirmed in his appointment.

A Captain, R.M., who is placed on the Retired List under the provisions of paragraph 11 while holding the rank of Brevet Major, will be granted the rank of Major on the Retired List.

None of the above conditions affects the pay of the Officers in question while employed, which is dealt with in paragraph 4.

Group (*c*) Officers	1,025	30	1,125
Group (*d*) Officers, on entry		£900 at age 28 £925 at age 29 £950 at age 30 or over.	

Thereafter by annual increments of £25 to £1,000.

NOTES.—(1) The above are consolidated scales and are *not* subject to provincial differentiation.

(ii) In the event of circumstances leading to an Officer being appointed to a group (*c*) post after holding a group (*b*) post, he will be placed at the top of the group (*c*) scale. Officers transferred from one post to another of equal pay within the same group (*a*, *b*, *c* or *d*) will continue at their existing rate, counting former service in the group towards increments.

(iii) The retired pay of retired Officers serving in any of these appointments will be suspended during such service.

(iv) Officers employed in these appointments may receive an allowance of 2*s*. a day for each day on which they are required to serve at sea in a submarine.

5. *Remuneration during periods of temporary unemployment.*—Officers on the Active List serving in any of these appointments will be eligible for pay at the rates appropriate to their substantive rank and seniority, and under the conditions applicable to officers on the general Active List.

Officers on the Retired List will be eligible to receive unemployed pay at a rate equal to their retired pay plus the addition to retired pay, if any (*see* paragraph 11), for which they would have been eligible, if on the date of ceasing salary their services had been finally terminated at their own request.

Digitized by Google

6. *Counting of service for increase of retired pay.*—All time in respect of which salary is drawn will count as full time for increase of retired pay. Time in respect of which unemployed pay or half-pay is drawn will, in the case of officers on the Active List, count in the same manner as for officers on the general Active List, and in the case of retired officers be ignored.

7. *Leave.*—Leave up to 42 days per annum will be granted, subject to departmental requirements.

8. *Sick Leave.*—Sick Leave on full salary may be granted up to six months in any twelve months, subject to an over-riding limit of twelve months in any four years. Admiralty sanction must be obtained for the grant of sick leave in excess of three months in any period of twelve months (*see* also paragraph 9).

9. *Hospital, medical and dental treatment.*—Officers, whether on the Active List or Retired List, R.N. or R.M., will be eligible for hospital, medical and dental treatment under Naval arrangements at the expense of Navy Votes. As the rates in paragraph 4 include an element for victualling (i.e., they are assessed on the basis that the officers will have to make their own arrangements for food), a charge will be made for their maintenance while in hospital, so long as they continue to receive full salary. A sum equivalent to the current rate of provision allowance will be deducted from their salary for each day or part of a day in hospital. Officers who have exhausted the sick leave to which they are entitled (*see* paragraph 8) will, if on the Active List be placed on half-pay, and, if on the Retired List, on unemployed pay (*see* paragraph 5).

10. *Termination of employment.*—Employment under the scheme will terminate compulsorily at the following ages:—

Higher posts	57
Senior posts	55
Junior posts	52

except in the case of officers already holding confirmed appointments in such employment on 21st November, 1929, where the Admiralty may decide to extend the age limit. Such extensions can be granted only when suitable employment continues to be available, and each case will be considered on its merits, with due regard to the regulations formerly in force and to past practice in administering them. Under those regulations officers are subject to a maximum retiring age of 60 if they have not previously been discharged to retired pay at their own request or for some other reason; and those appointed after September, 1925, were informed that they might normally expect employment to continue to the following ages:—

Assistant Inspectors	50
Inspectors	52
Chief Inspector and Officer of the corresponding grade ..	57

Officers may be unemployed for two consecutive years, but will not be eligible for further employment subsequently.

The employment of an officer may be terminated at any time, if, in the opinion of the Admiralty, he has been guilty of misconduct, or has unsatisfactorily performed his duties, or is otherwise unsuitable, or is physically unfit for further service.

Voluntary termination of employment, which, if the officer is on the Active List, must be accompanied by retirement therefrom, may be allowed at the discretion of the Admiralty, at or after the age of 45.

The Admiralty reserve to themselves the right to terminate an officer's employment under this scheme if, having regard to the posts he has held and the necessity for providing opportunity for promotion of more junior officers, they are unable to offer him further suitable employment.

11. *Retirement from the Active List and retired pay.*—Officers on the Active List serving in any of these appointments, if not previously retired at their own request or otherwise, will be placed on the Retired List on reaching the age for compulsory retirement under the regulations applicable to officers on the general Active List, but such retirement will not necessitate termination of their employment.

Officers whose employment under this scheme (otherwise than on probation) is finally terminated for any cause while on the Active List will be placed on the Retired List at once with the rate of retired pay for which they are eligible under the regulations applicable to officers retired from the general Active List. Officers whose services are finally terminated under paragraph 10, either after two consecutive years of unemployment, or on account of unsatisfactory performance of their duties, or on account of unsuitability, will be granted the retired pay prescribed for retirement from the general Active List for non-service.

12. *Addition to retired pay of retired officers whose employment is finally terminated after retirement from the Active List.*—Officers whose employment is finally terminated after their retirement from the Active List may be granted, in addition to the retired pay earned by their service prior to retirement, an increase in retired pay in respect of their subsequent service calculated, irrespective of the appointment held, under the following regulations:—

I. Except as provided in Clause III below officers whose services are terminated—

(*a*) otherwise than for misconduct after ten or more years' service subsequent to their retirement, or

(*b*) after less than ten years' service subsequent to their retirement either at their own request, or for unsuitability, or for unsatisfactory performance of their duties,

may be granted an addition to retired pay, the rate of which will be calculated at the rate of one-sixtieth of the salary of the appointment held immediately prior to discharge for each complete year of their service after retirement, excluding any periods for which unemployed pay under paragraph 5 above may have been issued.

II. Except as provided in Clause III below, officers whose services are terminated otherwise than for misconduct or any of the causes mentioned in Clause I (*b*) of this rule, and after less than ten years' service subsequent to their retirement, may be granted an addition to retired pay, the rate of which will be calculated at the rate of one-fiftieth of the salary of the appointment held immediately prior to discharge for each complete year of service after retirement, excluding any periods for which unemployed pay under paragraph 5 above may have been issued, provided, however, that the addition to retired pay shall in no case exceed one-sixth of the salary of the appointment held immediately prior to discharge.

III. An officer who on or after 1st April, 1919, has been retired from the Active List of the Royal Navy or Royal Marines with a special rate of retired pay higher than that permissible under the ordinary regulations applicable to officers on the general Active Lists at the date of retirement for an officer of like age, rank and service, will not, on the final termination of his employment, receive retired pay and addition to retired pay in excess of the greater of the two following sums :—

(*a*) The retired pay for which he would have been eligible had he, on retirement from the Active List of the Royal Navy or Royal Marines, been awarded the rate of retired pay permissible under the ordinary regulations in force at the date of such retirement for an officer of like age, rank and service and permitted to count the whole of his subsequent service for addition to retired pay under Clause I or Clause II hereof, whichever be appropriate, and

(*b*) The actual rate of retired pay awarded to him on retirement from the Active List without any addition for subsequent service.

IV. Officers whose services are terminated on account of misconduct may be granted such rate of addition to retired pay, if any, as the Admiralty at their discretion may see fit to award, provided that it be lower than the rate for which they would have been eligible if their services had been terminated for unsuitability or unsatisfactory performance of their duties.

13. *Non-effective benefits payable to those Officers who have retired from the Active List with gratuities only.*—The following regulations apply to those Officers appointed after 1st June, 1936, to the aforesaid posts who have retired from the Active List :—

A. with gratuities, only, under normal regulations,

B. with gratuities, only, under the Special Retirement Scheme (1934) laid down in Orders-in-Council dated the 26th day of February, 1934, and the 13th day of August, 1935.

I. *Service* for the purpose of these regulations shall be such service rendered in one or more of the aforesaid posts by an officer after his retirement from the Active List as would have counted for increase of retired pay had the officer retired from the Active List with retired pay. (*See* para. 6 above).

II. Officers in both categories A and B above who fail to complete four years' service otherwise than on account of attributable disabilities shall not qualify for the award of retired pay, but shall be eligible on termination of service, at Admiralty discretion, for gratuities, only, at rates not exceeding £200 and £160 for each complete year of service, in lieu of the retired pay additions of one-fiftieth and one sixtieth, respectively, prescribed in para. 12 above.

III. An officer in category A above whose service is terminated on, or after, the completion of four years' service shall be eligible for service retired pay equal in amount to the additional retired pay which he would have been granted under the provisions of para. 12 above, had he retired from the Active List with retired pay; to which shall be added, if his service has been terminated on account of attributable disability, the appropriate disability addition prescribed in para. 15 below.

IV. An officer in category B above whose service is terminated either

(i) on, or after, the completion of four years' service, or

(ii) at any time, on account of attributable disability,

shall be eligible for service retired pay at the rate laid down in para. 12 III (*a*) above, *less* the annuity value, as determined by the Admiralty, of the gratuity he received on retirement from the Active List; to which shall be added, in the case of (ii), the appropriate disability addition prescribed in para. 15 below.

V. Officers in both categories A and B above whose services are terminated on account of misconduct may be granted such rate of retired pay or gratuity, if any, as the Admiralty at their discretion may see fit to award, provided that it be lower than the rate of retired pay or gratuity for which they would have been eligible if their service had been terminated for unsuitability or unsatisfactory performance of the duties.

VI. Widows' pensions and children's allowances at ordinary rates (*see* para. 16 below) shall be payable in respect of officers in both categories A and B above, provided that a minimum of four years' service has been rendered and that the conditions, generally, governing such awards are fulfilled, notwithstanding the provisions of Clause 5 (*g*) of the Schedule of Order-in-Council dated the 25th day of June, 1925.

14. *Rank on the Retired List.*—Officers who on retirement hold, or who may subsequently be appointed to, a Higher Post under these regulations may, at the discretion of the Admiralty, be granted the rank or equivalent rank of Captain, R.N., or the rank of Colonel, R.M., on the Retired List, and similarly, officers who on retirement hold, or who may subsequently be appointed to, a Senior Post under these regulations may, at the discretion of the Admiralty, be granted the rank or equivalent rank of Commander, R.N., or the rank of Lieutenant-Colonel or Major, R.M., on the Retired List.

15. *Additional retired pay or disability retired pay on account of disablement attributable to the conditions of service.*—Officers, whether on the Active or on the Retired List, serving in any of the appointments to which these rules apply, will be eligible at the discretion of the Admiralty for additional retired pay or disability retired pay in respect of disability certified by the competent medical authority as attributable to the conditions of service, at the rates and under the conditions applicable from time to time to officers on the general Active List.

16. *Pensions and other grants to widows and dependent relatives of deceased officers.*—The widows and other dependent relatives of deceased officers who have served in any of the appointments to which these rules apply, will be eligible, at the discretion of the Admiralty, for the award of pensions or other grants under the regulations from time to time in force for officers of the Navy and Royal Marines, except that—

(*a*) for the purpose of determining the eligibility of any applicant for a pension or other grant, service on the Retired List in an appointment to which these rules apply will be regarded as equivalent to service on the Active List, and

(*b*) the pension or other grant shall be assessed as follows :—

Higher Posts—As for Captain R.N.
Senior Posts—As for Commander R.N.
Junior Posts—To remain on the basis of the highest rank held on the Active List.
Brevet rank will carry no higher entitlement to widow's pension.

(*f*) Where any portion of (*a*) retired pay, or (*b*) the service element of disability, retired pay or pension (subject to the exceptions in 3 (*b*) (i) (iv)), has been commuted, a sum equivalent to the amount of retired pay commuted will be deducted from pay.

(*h*) The bonus of 25 per cent. on pay which has been issued up to the 30th June, 1946, to re-employed retired officers entitled to retired pay, ceased on 1st July, 1946. Any re-employed service given by retired officers entitled to retired pay after 30th June, 1946, and during the present emergency, will count as active list service for re-assessment of retired pay for war service, until the terminal date fixed for the re-assessment scheme, subject to the general conditions of that scheme.

(*i*) Officers who were *placed* on the Emergency List *before* 1st November, 1930, including those who have been or may in future be promoted to the substantive rank or acting rank of Lieutenant-Commander (and relative ranks), will, for the time being, receive a bonus of 25 per cent. on pay (i.e. pay without additions or allowances). It is contemplated, however, that payment of this bonus will be brought to an end at some date to be fixed in the future. This bonus is not payable to Emergency List Officers who have been or may be exceptionally promoted since being called out to the acting or substantive ranks of Commander or Captain (and relative ranks) after the date of such promotion.

(*j*) In the case of officers who have retired without retired pay and officers on the Emergency List, neither time nor promotion after retirement will qualify for retired pay or retiring gratuity.

(iii) An officer awarded disability retired pay under the provisions of Schedule I, section 3, of the above-mentioned Order-in-Council or under corresponding provisions of any subsequent Order-in-Council, will continue in receipt of such portion of his disability retired pay as the Admiralty may decide to be equivalent to the disability addition which would have remained in issue to him under clause (ii) had he been eligible for service retired pay, the remaining portion of his disability retired pay (deemed to be the service element) being suspended.

(iv) An Officer awarded disability retired pay under the provisions of Schedule II of the above-mentioned Order-in-Council or under corresponding provisions of any subsequent Order-in-Council, will continue in receipt of such disability retired pay.

(v) Disability retired pay and disability additions to service retired pay which have been awarded on a temporary basis only will be liable to cessation or reduction at Admiralty discretion during re-employment.

(vi) Re-employment in war or emergency shall not affect the continued payment of an Officer's wound or injury pension awarded under Naval Regulations in force prior to the 1st October, 1921.

(vii) A retired Officer who sustained a disability attributable to service given after 1st October, 1921, and who is in receipt of, or is eligible to receive, a disability addition to service retired pay in respect of such disability, shall at his option, while re-employed—

5. The rates of retired pay or pension to which Officers may be entitled at the date of being called out for further service, will not be affected by any misconduct during further service except in the circumstances referred to in Section D of Appendix XIII, K.R. and A.I.

6. *Promotion.*—Officers called from the Retired List during war or emergency may be dealt with as regards promotion under the regulations which are in force at the time for Officers of the same class on the Active List, in so far as promotion is dependent on service, e.g., a Warrant Officer will be promoted to Commissioned Officer from Warrant rank on completing 10 years as Warrant Officer on the Active List and during re-employment.

Such Officers may also be promoted at the discretion of the Admiralty irrespective of the regulations governing the promotion of Officers of the Active List, provided that such special promotion does not extend to the granting of flag rank or of any equal relative rank. As a rule, however, such step in rank will not be granted until the Officer has ceased re-employment.

7. *Instruction.*—(*a*) Retired Officers who have been selected to fill appointments in time of emergency will undergo instruction as may be necessary to qualify them for the duties of the posts they will be required to take up. While undergoing such instruction they will receive in lieu of their retired pay, pay as in paras. 2 and 3 (without command money or equipment allowances) and allowances of their corresponding ranks on the

(iv) Should officers' residences be at such a distance from the places at which the committee meets that the expense of going there and returning between the dates of any two consecutive meetings would be greater than that of remaining in the vicinity and receiving the pay and allowances they are entitled to whilst actually attending the committee, officers are to adopt the latter course, acquainting the president of the committee of the facts, and reporting the same to the Admiralty in forwarding their claims for payment.

OFFICERS ON THE EMERGENCY LIST.

GENTLEMEN WHO HAVE RESIGNED THEIR COMMISSIONS IN THE ROYAL NAVY.

(*Under the Provisions of Orders-in-Council of the 13th May*, 1901, *5th July*, 1918, *7th February*, 1921, *10th August*, 1921, *and 20th December*, 1934).

NOTE.—*These regulations are issued for the general information of Officers on the Emergency List. It should, however, be understood that they are liable to revision, and any alteration made will be applicable in the case of all Emergency List Officers re-employed.*

OFFICERS ELIGIBLE.

1. In order that the State may not lose altogether the advantages which it has the right to expect in return for the expenses incurred in the training of Officers, a list of Officers eligible for employment in an Emergency has been established, and the Lords Commissioners of the Admiralty expect that all Officers who are permitted to resign their Commissions on the Active List for private reasons should be prepared to enrol their names on this list.

2. Medical and Dental Officers leaving the Active List on completion of their Short Service engagement will, however, be placed on the List in all cases and be liable for service in war or emergency during the subsequent four years. At the end of that four years they may volunteer to continue on the Emergency List, subject to the condition in paragraph 4.

3. Engineer Officers will only be placed on the List if their profession continues to be connected with mechanical engineering. The nature of their employment or intended employment should be stated by candidates when volunteering, and also, if enrolled, once a year after their names are placed on the List.

4. In the same manner Medical and Dental Officers will only be enrolled if they continue to practise their profession. The nature of their work as medical men should be reported annually.

5. Officers are required to write annually, on the 1st January, to the Secretary of the Admiralty, stating their address and, until they reach the age of 60, whether they are still fit to serve, otherwise their names will be removed from the List. They are to report at once any change in their address, and before proceeding abroad they must obtain the approval of the Admiralty.

6. Before Officers on the Emergency List enter into any engagement under or on behalf of Foreign Governments or accept any form of employment which may take them away from the United Kingdom, thus rendering them not available for service in H.M. Fleet at short notice, they must first obtain the approval of the Admiralty.

7. Any Officer who withdraws his name from the Emergency List will be required to resign his Commission.

8. The names of Emergency List Officers are shown in the July edition of the Navy List.

CONDITIONS OF SERVICE.

9. Officers whilst enrolled are allowed to retain their Commissions and to wear the Uniform of their rank at time of resignation or of any higher rank to which they may be subsequently promoted, but they do not receive pay, or pension, when not employed.

10. Officers actually selected to fill appointments to be taken up in time of war or emergency, will undergo such instruction as may be considered necessary to fit them for the duties they will be called upon to perform. Attendance at such courses of instruction will be under the following regulations :—

(*a*) The pay will be as under paragraph 11.

(*b*) Travelling expenses of Officers attending the Courses are allowed.

(*c*) Plain clothes may be worn, and no allowance for outfit is given.

(*d*) Accommodation when available will be provided if desired.

11. (i) When employed, Officers are to receive pay on the scale appropriate to the rank held on the Emergency List, time served on pay in that rank being reckoned for the puprose of increase of pay. The scale to be that in force at the time for corresponding Officers on the Active List. No bonus on full pay is payable.

(ii) An Officer promoted after resignation and re-employed in a rank lower than that held on the Emergency List to receive allowances at the rates appropriate to the rank in which he is serving except that allowances for which he would be ineligible if serving in the rank held on the Emergency List, will not be payable.

(iii) An Officer re-employed in a rank lower than that held on the Active List, will receive allowances at the rates appropriate to the last rank held on the Active List.

(iv) Neither time nor promotion after retirement to qualify for retired pay or retiring gratuity.

12. Officers re-employed after a break in service will receive a uniform grant of £10 towards the cost of bringing their uniform up to the prescribed scale. An additional grant may be paid to officers with a break in service is of four years or more.

PROMOTIONS.

13. Officers called from the Emergency List for service during war or emergency may be dealt with as regards promotion under the regulations which are in force at the time for Officers of the same class on the Active List in so far as promotion is dependent on service. In special cases, Officers may be promoted at the discretion of the Admiralty irrespective of the regulations governing the promotion of Officers on the Active List, but such special promotion will not extend to Flag or equivalent rank and will, as a rule, only be granted on ceasing service.

14. Officers on the Emergency List are not eligible for promotion when not employed.

GENTLEMEN WHO HAVE RESIGNED THEIR COMMISSIONS IN THE ROYAL MARINES.

Paragraphs numbered 1 and 5 (except that for "Secretary of the Admiralty" read "Commandant General, Royal Marines") and 6 - 14, applicable to Commissioned Officers of the Royal Navy, are also applicable to Commissioned Officers of the Royal Marines.

168. The Regulations respecting the manner of wearing Orders, Decorations and Medals, and the order in which they are to be worn, are laid down in the Uniform Regulations and are also published in the Appendix to the Navy List.

The insignia of Knights Grand Cross and Knights Grand Commanders of Orders consisting of the badge suspended from a broad riband over the shoulder and the star are to be worn with No. 1 Dress, No. 2 Dress, No. 2B Dress, No. 3 Dress, No. 8 Dress and No. 9 Dress. With No. 1 Dress, the riband should be worn under the epaulette and sword belt; with No. 8 Dress and No. 9 Dress under the shoulder strap; and with No. 2 Dress and No. 2B Dress under the coat and over the waistcoat. One riband and badge only is to be worn, and this is to be the senior riband and badge, unless a junior or foreign riband and badge should appear to be more appropriate to the occasion.

With No. 1 Dress, No. 3 Dress and No. 8 Dress, on collar days, the collar takes the place of the riband, being worn over the epaulettes of No. 1 Dress hanging at equal distance back and front, and fastened to the shoulders by bows of white satin, one and a half inches wide. With No. 3 Dress the collar of an order is worn secured to shoulder straps by bows. For officers entitled to the aiguillette, the aiguillette strap which carries the aiguillette is used on the appropriate side and on the other side a plain aiguillette strap is to be used. For other Officers a pair of shoulder straps appropriate to the rank of the wearer is to be used. On these occasions a Knight Grand Cross or Knight Grand Commander of more than one Order wears in addition the riband and badge of the next senior Order.

2. With Nos. 4, 9 and 9A Dresses the star of the Order only is worn; with Nos. 4A, 5, 9B and 10 Dresses the star of the Order only may be worn at discretion.

3. With No. 10 Dress on other occasions and with No. 5 Dress, the ribbon of a Companion of the Order is to be worn; with No. 6 Dress, No. 6A Dress, No. 11 Dress, and No. 11A Dress miniature badges but not stars are to be worn in lieu, and with No. 7 Dress and No. 12 Dress ribbons of miniatures.

Note.—Badges of Knights Grand Cross and Knights Grand Commanders are never to be worn round the neck.

Knights Commanders and Commanders.

4. The insignia of all Knights Commanders and of Companions of the Orders of the Bath, the Star of India, Saint Michael and Saint George, and the Indian Empire and of Commanders of the Royal Victoria Order and of the Order of the British Empire, consisting of the badge suspended from a riband round the neck, and, in the case of Knights Commanders the star, are to be worn with Nos. 1, 2, 2B, 3, 4, 8, 9 and 9A Dresses. With No. 1 Dress the riband should be worn inside the full dress collar and emerge between the hook and eye and the bottom of the collar. With No. 2 and 2b (and No. 3 when worn in the evening) Dresses, the riband should be worn outside the collar, but under the tie, the badge hanging as close as possible below the bow tie.

If the insignia of more than one Order be so worn, one riband and badge only is worn round the neck as described above except with No. 3 Dress (see below). The riband and badge so worn should be the senior, unless a junior or foreign badge is more appropriate to the occasion.

Digitized by Google

Other badges are worn with No. 1 Dress one below the other, each suspended from a small eye stitched inside the coat, on three inches of ribbon emerging from between the buttons of the coat, commencing between the first and second buttons on the right side of the coat. With No. 8 Dress and No. 9 Dress three ribands and badges may be worn, the senior riband being worn round the neck inside and under the collar of the tunic so that the badge hangs three quarters of an inch below the collar, other badges emerging between the buttons of the tunic, the next senior badge being one inch below the senior badge. With No. 9A Dress the senior riband and badge is worn round the neck as in No. 8 Dress.

With No. 2 Dress and No. 2B Dress, one badge is worn round the neck and all badges are worn on the breast in miniature.

With No. 3 Dress, two ribands and badges to be worn round the neck. These ribands are to be worn, except by Chaplains, with a turn-down white collar and day tie, over the tie. A wing collar and bow tie are only to be worn in the evening. The senior badge with a full size riband is to be worn immediately below the knot of the tie, the riband being worn inside the collar. The next senior badge is to be worn with a full size riband immediately below the senior badge, the lower part of the badge resting on the cross of the lapel of the coat. Chaplains will wear these badges with the clerical collar. With No. 4 Dress the senior riband and badge is worn round the neck as in No. 3 Dress.

5. With Dresses other than those mentioned in clause 4, the rules laid down in clauses 2 and 3 are to be observed.

Stars of Orders.

6. Stars of Orders are worn on the left side of the coat. When two stars are worn, they are placed one directly above the other, the star of the senior Order being in the upper position; when three stars are worn, the star of the senior Order is worn above and the stars of the two junior Orders beneath in line with each other, the star of the second Order being towards the wearer's right; but, if in this position the stars interfere with the riband, the stars of the senior Order and second Order may be worn above in line with each other, the star of the senior Order being towards the wearer's right, and the star of the third Order beneath; when four stars are worn, the star of the senior Order is worn above, the stars of the second and third Orders beneath in line with each other, the star of the second Order being towards the wearer's right, and the star of the fourth Order beneath, directly below the star of the senior Order. Nor more than four are worn and the order in which they are worn is to be as prescribed in Clause 9.

With No. 3 Dress and No. 8 Dress four Stars of Orders may be worn. When only one star is worn it should be worn in the centre line of the breast pocket of the coat or tunic with the upper point not less than one inch below the lip of the pocket. When two stars are worn the upper point of the next senior star should be not less than one inch below the lower point of the senior star. When three or four stars are worn it is necessary to re-position the senior star so that the second senior star is clear of the top left-hand button of the coat of No. 3 Dress; the senior star may then be worn with its upper point half an inch above the lip of the breast pocket in order to achieve this. The method of positioning three or four stars is given above.

With No. 4 Dress and No. 9A Dress the wearing of Stars of Orders is limited to two.

Orders worn on the breast, Decorations and Medals.

7. The Badges of Companions (other than Companions of the Orders of the Bath, the Star of India, Saint Michael and Saint George and the Indian Empire) Officers and Members of Orders are to be worn, together with Decorations and Medals, with No. 1 Dress, No. 3 Dress, and No. 8 Dress.

8. With all other dresses the rules laid down in clause 3 are to be observed.

Mention in Despatches, 1945, and Subsequently. The single bronze oak leaf Emblem, if granted for service in operations after the cessation of hostilities in the Second World War, is worn on the riband of the appropriate General Service Medal. If a General Service Medal has not been granted, the Emblem is worn directly on the coat after any Medal ribands. See Note 10

A single bronze oak leaf emblem is also used in the Forces to denote a King's Commendation for brave conduct or a King's Commendation for valuable service in the air granted since the cessation of hostilities in the Second World War.

King's Commendation for Brave Conduct, 1939-1945, and Subsequently. The Emblem of silver laurel leaves granted to civilians, other than those in the Merchant Navy, to denote a King's Commendation for brave conduct during the Second World War, 1939-1945, is worn on the riband of the Defence Medal. When the Defence Medal has not been granted, or the award is for services subsequent to the War, the Emblem is worn directly on the coat after any medal ribands. See Note 10

King's Commendation for Valuable Service in the Air, 1939-1945 and Subsequently. The oval silver badge granted to denote a civil King's Commendation for valuable service in the air is worn on the coat immediately below any medals or medal ribands or in civil air line uniform or the panel of the left breast pocket.

Note 1. These Orders are NOT worn in minature and the ribands of the Orders are not worn with Undress Uniform.

Note 2. These Orders are NOT worn in miniature, but are worn round the neck on all occasions, except with Service Dress and certain Orders of Undress Uniform.

Note 3. This order is NOT worn in Miniature.

Note 4. The Indian Order of Merit (Military and Civil) is distinct from the Order of Merit instituted in 1902.

Note 5. The official Medal awarded previously on the recommendation of the Board of Trade, Minister of Shipping or Minister of War Transport and now on the recommendation of the Minister of Transport.

Note 6. Formerly the Medal of the Order of the British Empire for Meritorious Service; also includes the Medal of the Order awarded before 29th December, 1922.

Note 7. Campaign Stars and Medals awarded for service during the First World War, 1914-1919, should be worn in the following order:—1914 Star, 1914-1915 Star, British War Medal, Mercantile Marine War Medal, Victory Medal, Territorial Force War Medal, India General Service Medal (1908) (for operations in Afghanistan, 1919). Campaign Stars and Medals awarded for service in the Second World War, 1939-1945, should be worn in the following order:—1939-1945 Star, Atlantic Star, Air Crew Europe Star, Africa Star, Pacific Star, Burma Star, Italy Star, France and Germany Star, Defence Medal, Volunteer Service Medal of the Dominion of Canada, War Medal 1939-1945, Africa Service Medal of the Union of South Africa, India Service Medal, New Zealand War Service Medal, Southern Rhodesia Service Medal, Australia Service Medal.

The order of wearing of the India General Service Medal (1908), Naval General Service Medal (1915), General Service Medal (Army and Royal Air Force) (1918) and India General Service Medal (1936) will vary, and will depend upon the dates of campaigns in which the recipient has participated.

For example, those awarded the Naval General Service Medal (1915) for service in Palestine 1936-1939, who now qualify for a clasp for service in parts of S.E.A.C. or for Minesweeping or Mine and Bomb Disposal after the end of hostilities 1939-1945, will not alter the position of the ribbon which will be worn before those of Campaign Stars, etc., 1939-1945. Those who qualify for the Naval General Service Medal (1915) for the first time, through service since the end of hostilities 1939-1945, will wear the ribbon after those awarded for service 1939-1945.

Note 8. King George V's Durbar Medal, 1911, in Gold, can be worn in the United Kingdom by Ruling Chiefs of India only.

Note 9. The official Medal for service with a Rocket Life-saving Apparatus Company or Brigade, awarded previously on the recommendation of the Board of Trade, the Minister of Shipping or Minister of War Transport, and now on the recommendation of the Minister of Transport.

Note 10. If there are no Medal ribands, the Emblem is worn in the position in which a single riband would be worn.

Medals awarded by Societies.

10. Medals awarded by a Society for bravery in saving human life, if specially authorised to be worn, are to be worn on the right breast similarly to those on the left and on the same horizontal line.

If the Stanhope Gold Medal is awarded to an officer or man by the Royal Humane Society, it is to be worn in place of, and not in addition to, a silver medal previously granted.

Bar for Decorations, etc.

11. Orders worn on the breast. Decorations and Medals are to be worn on the left breast in one horizontal line, one inch below the point of the shoulder, suspended from a bar of which no part is to be seen, and commencing from the end further from the shoulder.

On the Full Dress Coat the bar must not project beyond the centre seam, and when the Orders, Decorations and Medals cannot, on account of their number, be suspended from the bar so as to be fully seen, they are to overlap, the highest showing in full.

Ribbons when Decorations, etc., are worn.

12. When Orders, Decorations and Medals are worn, the medal ribbons are to be of the following lengths:—

Full size	1½ inch
Miniature	1¼ inch

Ribbons of these lengths carry four clasps. If more than four clasps are worn the length of the ribbon is to be regulated by there being half an inch of clear ribbon between the top edge of the ribbon and the highest clasp for full-sized medals, and ¾ of an inch for miniatures, the remaining ribbons being so regulated that the centres of the medals are in line with the centre of the medal having the largest number of clasps.

Officers are to wear their medals loose, unless they have such a number as to necessitate overlapping, in which case they may at the option of the wearer be worn in the Court method. Miniatures may be worn either loose or in the Court method. In the Court method the ribbons are mounted on a frame of which the lower edge is in line with the centre of the decorations and medals. Commencing from the lower edge of the frame each ribbon runs over the upper edge and down to the ring or clasp of the decoration or medal. The decorations and medals are stitched down to the ribbons.

Digitized by Google

Ribbons when Decorations, etc., are not worn.

13. When Orders, Decorations and Medals are not worn, the lengths of the ribbons worn are to be half an inch.

With blue uniform, the ribbons are to be sewn plain on the cloth of the uniform, without intervals. With white uniform, the ribbons are to be placed on a removable bar or bars. When the space is not sufficient to accommodate them in one row, they are not to be made to overlap, but are to be arranged in two or more rows placed the one immediately under the other, with an interval of ¼ inch intervening between the rows, except that for officers with more than three rows of medal ribbons, the interval between the rows may be reduced to one-eighth of an inch, and it is optional for officers with more than five rows of medal ribbons to wear ribbons three-eighths of an inch in length. The ribbons are to be arranged so that they are clearly visible.

Ribbons and Orders, Decorations and Medals, to wear which private permission has been given, are not to be sewn on the coat.

Miniatures of Orders, Decorations and Medals.

14. Miniatures of Orders, Decorations and Medals are to be arranged on a bar in the same manner and order as the full-sized. Knights Grand Cross, Knights Grand Commanders, Knights Commanders, Companions and Commanders will wear on the bar, senior to all other Decorations, etc., except the Victoria Cross, and George Cross, the miniature badge of the Order, or Orders to which they belong. Only one set of miniatures need be maintained. The miniature of Companionship or Commandership will not be removed when the riband or badge is worn by Knights Grand Cross, Knights Grand Commanders, Knights Commanders, etc. All miniatures are to be of the approved standard size, viz., one-half the size of the full-sized Order, Decoration or Medal.

With Ball Dress, Mess Dress and White Mess Dress, miniatures are to be worn on a bar on the lapel, extending over the lapel towards the shoulder if necessary. They are not to extend beyond the lapel on the inner side.

Miniature ribbons are similarly to be worn on a bar on the lapel of Mess Undress and White Mess Undress Jackets, the lengths of the ribbons worn are to be three-eighths of an inch.

Decorations, etc., with plain clothes.

15. Knights Grand Cross and Knights Commanders on all occasions when wearing the Stars of Orders will also wear a Riband and Badge.

Note.—Until the general re-introduction of No. 1 dress becomes practicable medals are to be worn on ceremonial occasions only by naval ratings on their best blue suits and on No. 6 dress.

2. *Medals* are to be worn on the left breast except as in (VI) below on a removable bar (vide paragraph 5) which is to be placed immediately above the top row of medal ribbons stitched to blue uniform (vide paragraph 6). On white uniform (drill tunics and jumpers) the medal bar is to be 2" vertically below the point of the shoulder. Medals are to be worn "obverse" outwards (i.e., with the head of the Sovereign showing) in the following order, commencing with the end farthest from the shoulder :—

(i) British decorations in order of seniority (vide Uniform Regulations, Officers).

(ii) British medals as directed in Uniform Regulations, Officers, with war medals in order of date.

(iii) The long service and good conduct medals and the medal for good shooting.

(iv) Foreign decorations in order of date of award.

(v) Foreign medals in order of date of award.

(vi) Medals awarded by a society for bravery in saving human life, if specially authorised to be worn, are to be worn on the right breast, similarly to those on the left and on the same horizontal line.

3. When the number of medals is more than three, the medals are to overlap, the inner one being shown in full, the amount of overlap being governed by the number of medals worn and the length of the bar (vide paragraph 5).

4. The length of the ribbons of medals (i.e., medal bar to top of medal) is to be as follows :—

(i) If one row of medal ribbons is worn (vide paragraph 6)—1½ inches.

(ii) If two or more rows of medal ribbons are worn—2 inches.

(iii) If the number of clasps requires the ribbon to be longer than (i) or (ii) it is to be regulated so that there is half an inch of clear ribbon between the top edge of the ribbon and the highest clasp, other ribbons being adjusted so that the centres of decorations are in line with the centre of the medal having the largest number of clasps.

Note 1. When the length of ribbons exceeds 1½ inches it is advisable for them to be stitched together low down.

Note 2.—When medals are worn the medal ribbons stitched to blue uniform are not to be visible and where necessary to ensure this they are to be covered by a small piece of serge attached to the medal bar.

5. Medals are to be worn on a removable bar which is to be provided at the expense of the wearer. The bar may be of any metal or material provided that the bar and buckle are wholly concealed by the ribbons. When worn on jackets (Class I and Class III uniform) the bar is to be immediately above the top row of medal ribbons, the inner medals being worn over the lapel in order to be fully visible except when a rifle is carried when they will be worn under the lapel. The length of the bar is to be as follows :—

One or two medals—according to the nature of the decorations worn.

Three, four or five medals—3¾ inch bar.

Six or more medals—5 inch bar (but not to exceed the distance between the shoulder seam of sleeve and the inner angle of the lapel when worn with Class I or Class III jacket).

A cloth attachment (see paragraph 6) with beckets should be sewn on No. 1 jackets and jumpers so the bar can be securely fastened. On jackets beckets to take the medal bar are to be placed on the cloth attachment immediately above the upper row of ribbons. On jumpers the cloth attachment should be 1 inch deep with beckets in the centre and sufficiently long to take the movable bar. The placing of beckets on white uniform is optional.

6. *Medal ribbons* when worn alone with blue uniform jackets or jumpers are to be arranged so that they are clearly visible and are to conform to the following rules :—

(i) Medal ribbons are to be worn on the left breast :
The position of the upper edge of medal ribbons is to be as follows :—
Jackets : On a level with the point of the lapel.
Jumpers : 4½ inches below the point of the shoulder (measured over the front of the jumper).
When more than one row of ribbons is worn, the above applies to the top row.

(ii) No row is to contain a smaller number of ribbons than the row above; the top row may consist of one ribbon only.

(iii) Medal ribbons are to be ½ inch in length and there is to be an interval of ½ inch between each row. The whole display is to be as symmetrical as possible about the vertical.

(iv) The ribbons in any one row are to be close together and are to be sewn to a cloth attachment which is to be stitched to the jacket or jumper. The size of the cloth attachment is to be such as to leave a quarter of an inch above and below the ribbons and a quarter of an inch between the end of the row and the side of the cloth attachment.

(v) In no case must the ribbons overlap.

7. On white uniform medal ribbons are to be worn on a removable bar or bars and are to conform with paragraph 6 (ii) (iii) and (v). The top bar is to be placed in the position indicated in paragraph 2 above for the medal bar.

VII.—Medals and Medal Ribbons.

40. (a) *Orders, Decorations and Medals*—are to be worn in a horizontal line suspended from a single brooch of which no part is seen, or be stitched to the garment, and in the order of precedence laid down by the Navy. The brooch will be placed directly over any ribbons already stitched to the garment.

The occasions on which decorations, etc., are to be worn are shown in Section VIII, Orders of Dress. The manner of wearing Insignia of Orders is shown in paragraph 42.

When decorations and medals cannot on account of their number be suspended from the brooch so as to be freely seen they are to overlap, the senior decoration or medal showing, or they may be worn in the Court style, i.e., the ribbons are mounted on a frame of which the lower edge is in line with the centre of the decorations and medals ; commencing from the lower edge of the frame each ribbon runs over the upper edge and down to the ring or clasp of the decoration or medal. The decorations and medals are stitched down to the ribbons.

Medals are to be worn so as to show the Sovereign's head, or obverse side. The first earned clasp is to be worn nearest the medal.

When decorations and medals are worn, the ribbons are to be normally 1½ inches in length. When two or more decorations and medals are worn, they are to be so arranged that the lower edges (or points of stars) are in line. Owing to the differing lengths of decorations and medals it may be necessary for the ribbons to be of greater length than 1½ inches. The addition of a number of clasps to a medal may also necessitate the wearing of a ribbon of more than 1½ inches.

(b) *Mess Jackets.*—Miniature medals are to be worn on the lapel of the mess jacket ¾ inch below the Corps Badge or equivalent position. They are not to extend beyond the lapel on the inner side.

(c) *Plain Clothes.*—Evening Dress—Miniature decorations and medals will be worn with evening dress (plain clothes), as prescribed for Naval Officers.

Dinner Jackets.—When orders, decorations and medals are worn with evening dress (plain clothes) approval is given, as a temporary measure, for miniatures to be worn on the left lapel of dinner jackets by those not in possession of full evening dress. Neck badges will not be worn, but the insignia may be worn in miniature with decorations and medals on the left breast. Stars of Orders will not be worn with dinner jackets.

(d) *Foreign Orders, Decorations and War Medals* when authorised to be worn, are to be worn in the same order as prescribed for Naval Officers.

41. *Medal Ribbons.*—When no medals are worn, ribbons ¾ inch long are to be worn without intervals on the left breast of blue uniform, khaki drill, blue and khaki battledress.

Digitized by Google

Order of precedence of wearing is to be from right to left, starting with the top row. Normally, if the total number of ribbons does not exceed five, they are to be worn in one row, but in no case is the row to extend to the right further than the outer edge of the lapel or to the left further than ¾ inch from the shoulder seam. The row is to be sewn ¼ inch above the top seam of the left breast pocket—centrally above the pocket button. With Khaki drill, the ribbons are to be worn on a metal bar or bars.

When more than five ribbons are worn or where the space available does not permit five ribbons being worn in one row, any additional row or rows are to be worn above the first row, the lower row to be full. Rows of ribbons are to be ¼ inch apart, but this may be reduced if rendered necessary by the number of rows and the space available. The additional row or rows are to be sewn as nearly central above the pocket button as practicable, but it is in no case to extend beyond the same limits as the bottom row.

42. *Manner of Wearing Insignia of Orders.*

(a) *Insignia of the 1st Class (Knights Grand Cross, Knights Grand Commander).*

The insignia of Knights Grand Cross and Knights Grand Commanders consists of the badge suspended from a broad riband over the shoulder* and the star. Ribands will be worn in Nos. 1A, 4A, 6A and Full Dresses. In Full Dress the riband will be worn under the shoulder strap and sash, the bow from which the badge is suspended resting on the hip immediately below the sash, and with No. 4A Dress under the coat and over the waistcoat. In Nos. 1A and 6A Dresses the riband will be worn under the shoulder strap and under the Sam Browne Belt and Brace. One riband and badge only is to be worn and this is to be the senior riband and badge, unless a junior or foreign riband and badge should appear to be more appropriate to the occasion.

On collar days, the collar takes the place of the riband, being worn on full dress only over the shoulder straps and also over aiguillettes and fastened with white satin bows 1½ inches wide, the collar hanging at equal distance front and back. They will not be worn after sunset or at reviews or ceremonial parades, unless directions to that effect are given. On these occasions a Knight Grand Cross or Knight Grand Commander of more than one Order wears in addition the riband and badge of the next senior order.

With No. 1B Dress and No. 6B Dress the star of the Order only may be worn at the discretion of the Senior Officer present.

Note : Badges of Knights Grand Cross and Knights Grand Commanders are only to be worn as Broad Ribands over shoulder and never round the neck.

When two stars are worn the senior star will be placed directly above the other. Three stars will be worn in triangular formation and four stars in diamond formation. The senior star will be worn on top, except that in the case of three stars it is permissible for the two senior stars to be worn horizontally in line with the junior star underneath. The senior of the two stars worn horizontally will be placed nearest the centre of the chest. Ribands and Collars will be worn as stated in sub-para. (a).

Neck Orders.—An officer in possession of one badge will wear it round the neck with the riband under the shirt collar and the badge over the tie. An officer in possession of badges of more than one Order will wear the badge of the highest grade as above described, the second badge will be worn below the other, suspended from a riband emerging about ¾ inch below the top button of the jacket, a small eye being stitched inside the jacket, to which the riband will be fastened by a hook.

(c) *Insignia of the 3rd Class (Companion or Commander).*

The riband with the badge attached is worn round the neck in the same manner and with the same dress as prescribed for the 2nd Class (Knight Commander).

(d) *Insignia of the 4th and 5th Classes (Officer or Member) and a badge of a Companion of the Distinguished Service Order.*

The insignia will be worn with Nos. 1, 1A, 6, 6A and 4A Dresses on the left breast in the position assigned to them, as prescribed for Naval Officers.

(e) *General.*

(i) Each of the following comprise a badge which is worn as a neck decoration. The badge is never worn in miniature :—

With No. 1 Dress, the bar is to be attached by means of beckets sewn on the tunic, and with No. 6 Dress through small eyelet holes worked in the drill tunic. The position of the medal bar is to be :—
Serge tunic : to be attached to the garment immediately above the medal ribbons so as to cover them.
Drill tunic : bar with medals to replace medal ribbon bar.

The length of ribbons is to be so regulated that the lower edges of the Decorations and Medals are in line with the lower edge of the medal having the largest number of clasps. In this case there will not be less than half an inch from the uppermost clasp to the top of the ribbon having the greatest number of clasps.

If no clasps are worn, the lower edges of the Decorations and Medals are to be in line with the lower edge of the innermost medal, the length of which ribbon is to be 1¼ inches.

When medals cannot, on account of their number, be suspended so as to be freely seen, they are to overlap, the senior Decoration or Medal showing in full.

31. *Medal Ribbons.* Are to be sewn on blue tunic and on blue and khaki battledress blouses. On the drill tunic ribbons are to be worn on a bar or bars. The ribbons are to be three-eighths of an inch in length, sewn in the proper sequence, the senior Decoration or Medal commencing from the inner edge of the top row ; they will not overlap and when there is not sufficient room to wear them in one row they will be worn in two or more rows. Normally five or less medal ribbons will be worn in one row, but this is dependent upon the physique of the individual and the type of garment (i.e., with closed or open neck). The bottom edge of the lowest row will be half an inch above the upper edge of the pocket with a quarter of an inch interval between rows. The ribbons will be sewn centrally above the button of the pocket flap but there will be a space of not less than ¾" between outer ribbon and the sleeve seam. When two or more rows are worn, the upper rows will be completed last. When there is a smaller number of ribbons in the second or subsequent rows the shorter rows will be arranged centrally above the button of the pocket flap.

The Medal is awarded annually unless no officer is considered to have qualified, in which event the Medal is held over until the following year or any subsequent year, when, if considered justifiable to do so, it is given as an additional award.

Medical Officers of all ranks are eligible for the award, and an officer is not restricted to receiving the Medal on one occasion only during his career.

5. The prize shall not be awarded more than once to the same Officer.

6. The award will be made on the material received at the Admiralty in each calendar year, by a committee consisting of the Hydrographer, the Director of Naval Air Warfare and the Director of the Naval Weather Service.

7. In case of co-operation, an Officer who has assisted in the production of material may participate in the award, should the funds be sufficient.

THE BERTRAND STEWART PRIZE ESSAY.

The Bertrand Stewart Prize consists of a sum of £70 devoted annually as a prize for "the best paper on some military subject, the study or discussion of which would tend to increase the efficiency of His Majesty's Services."

The subject of the essay for each year is published in the Army Quarterly and in Admiralty Fleet Orders.

The right to compete is limited to British subjects who have served, or who are actually serving, as Officers or in other ranks or ratings of His Majesty's Forces.

The term "His Majesty's Forces" includes the Navy and the Royal Marines, the Regular Army, The Special Reserve, The Territorial Army, The Militia and the Royal Air Force, and also the Naval, Military and Air Forces of India, the Dominions and Crown Colonies.

The essays submitted for the prize must not exceed 10,000 words in length; they must be typewritten and submitted in quadruplicate.

The authorship of the essays must be strictly anonymous. Each competitor must adopt a motto and enclose with his essay a sealed envelope with his motto typewritten on the outside and his name and address inside.

The title and page of any published or unpublished work, to which reference is made in any essay or from which extracts are taken must be quoted.

The essays, which are to be addressed to the Editors of the Army Quarterly, must reach the office of the Army Quarterly, 94, Jermyn Street, London, S W., not later than (date to be published).

The essays will be judged by three referees—two to be appointed by the Army Council, the third to be one of the Editors of the Army Quarterly. The decision of the referees, or of the majority of them, will be final.

The referees are fully empowered if, in their opinion, or in the opinion of the majority of them, no essay submitted to them comes up to a sufficiently high standard of excellence, not to award the prize; or they may, if they consider such a course desirable, divide the prize among two or more competitors.

The result of the competition will be made known in the Army Quarterly, and the prize essay will be published in the Review. In the event, however, of there being two or more prize essays, the Editors of the Army Quarterly reserve to themselves the right of deciding which of these essays they will publish.

The copyright of any essay which appears in the Army Quarterly belongs to the Proprietors of the Review.

Neither the Proprietors nor the Editors of the Army Quarterly are to be held responsible for the loss of, or failure to return any essay submitted for the competition, nor do they incur any liability whatsoever in connection with the receipt of the essays, any dealings therewith, the judging thereof or the reports thereon.

THE HAROLD TENNYSON MEMORIAL PRIZE.

This Prize was founded in 1917 by Lord Tennyson, in memory of his son, Acting Sub-Lieutenant The Hon. Harold Courtenay Tennyson, R.N., of H.M.S. "Viking," who was killed in action on the 29th January, 1916.

The interest on a sum of £230, Government Stock, held upon trust by the Admiralty, is employed in providing a Prize to be awarded each term to the Cadet of the Ninth Term at the Royal Naval College, who comes out first in an Examination in English Literature. This examination is on the work of the great English Prose or Poetical Writers, including from time to time, one or more of the late Lord Tennyson's poems.

The prize consists of books, including the single volume edition of the late Lord Tennyson's complete works. Cadets of the Dominion and Indian Navies are eligible for this Prize.

THE WALLROCK TROPHY.

This Trophy was presented in 1949 on the institution of the Short Service Commission (Aircrew) entry, by Samuel Wallrock, Esq.

The trophy consists of a bronze plaque 12½" x 8½" on an oak background 21" x 14" engraved at the top "Best All-Round Aviation Cadet."

To have inscribed on it the name of the best all-round Naval Cadet (Aircrew) of each term on passing out of the Training Ship. To be retained in the ship in which the Naval Cadets (Aircrew) receive training.

THE AULAY WATSON MEMORIAL PRIZE.

This prize was founded in 1949 by Colonel W. D. Watson and his wife, in memory of their son, Lieutenant (E). A. W. Watson, M.B.E., R.N., who was killed in an accident between naval aircraft on 11th February, 1946.

2. The interest on a sum of £1,400 held upon trust by the Admiralty, will be used to provide prizes from time to time for the best contributions to the scientific advancement of Naval air engineering. The contribution may take the form of an original thesis, an invention, an idea (even if not fully developed) or otherwise, provided only that it shall in the opinion of the Admiralty have resulted in the scientific advancement of Naval air engineering.

3. All personnel of the Royal Navy or its Reserves (excluding Commonwealth Navies) up to and including officers of the rank or equivalent rank of Lieutenant are eligible for the prize. An award of a prize may also be made to the widow or other relative of a deceased officer or rating who, but for his death would have been awarded such prize.

4. All awards will be made in cash without any conditions attached.

5. A Committee specially convened at the Admiralty, to be known as the Aulay Watson Memorial Fund Committee and consisting of representatives of the Departments of the Engineer-in-Chief of the Fleet and Aircraft Maintenance and Repair will review all recommendations annually in January.

6. Recommendations for consideration by the Committee should be forwarded to the Secretary of the Admiralty (Air Branch) as occasion requires, through the administrative authorities, who should endeavour to furnish all information necessary to form accurate assessments of merit.

THE WEMYSS PRIZE.

This prize was founded in 1946 by the Hon. Alice Wemyss in memory of her father, Admiral of the Fleet Lord Wester Wemyss, who had been the first Captain of the Royal Naval College at Osborne.

The interest on a sum of £100 will be employed in providing a prize of books, annually for the cadet of the senior term at the Royal Naval College, Dartmouth, who writes the best thesis on a subject, generally drawn from social, economic or political history which will be announced.

The prize will be awarded at the end of each summer term.

THE WHARTON TESTIMONIAL.

The Wharton Testimonial was founded in 1907 to commemorate the service of Rear-Admiral Sir William J. L. Wharton, K.C.B., F.R.S., who filled the post of Hydrographer of the Navy from 1884 to 1904. It exists for the same purpose as the Beaufort Testimonial. The funds available amount to about £950. The interest on a portion of this sum will be added to the interest on the capital of the Beaufort Testimonial and the total amount

will be employed in purchasing some instrument or work of a kind to be practically useful to a Naval Officer. The interest on the remaining sum will be used to purchase for the winner of the joint prizes a gold medal having on the obverse a bust of the late Sir William Wharton, and on the reverse a suitable inscription.

The two awards for the same object will be given annually under the names of "The Beaufort Testimonial and the Wharton Testimonial," thus associating the names of two Hydrographers of the Navy.

REGULATIONS FOR THE ENTRY OF NAVAL CADETS AT AGE 16 IN THE EXECUTIVE, ENGINEERING, AND SUPPLY AND SECRETARIAT BRANCHES.

1. Three competitions will be held annually by the Admiralty for the entry of Naval Cadets in the Executive, Engineering, and Supply and Secretariat Branches of the Royal Navy. The entries will be in January, May and September. The competition will comprise a written examination and tests of Personal Qualities as detailed below.

II. *Age Limits.*

2. Candidates must have attained the age of 16 years and must not have attained the age of 16 years 8 months on the date of entry, i.e., 1st January, 1st May, or 1st September.

For example :—

Candidates born on or between	*Eligible for Written Examination in*	*Eligible for entry in*
2nd Sept., 1935, and 1st Jan, 1936	June, 1951 .. Nov., 1951 ..	Jan., 1952 May, 1952
2nd Jan., 1936, and 1st May, 1936	Nov., 1951 .. March, 1952	May, 1952 Sept., 1952
2nd May, 1936, and 1st Sept., 1936	March, 1952 June, 1952 ..	Sept., 1952 Jan., 1935

3. A candidate therefore has two chances of competing for entry into the R.N. College under this system. A candidate who is eligible and desires to compete again in the event of his being unsuccessful at an examination should not delay his application until the results of the examination he has taken are announced, since on many occasions there may be insufficient time for fresh application to be made. Failure to enter under this system will not preclude a candidate from competing again later on under the Special Entry System.

III. *Nationality.*

4. Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of clear proof of the nationality of the candidates will rest upon their parents or guardians, who, if they are in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application.

5. Boys who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Parents or guardians are, therefore, advised to seek an early decision from the Admiralty as to the eligibility for entry of prospective candidates possessing double nationality.

IV. *Physical Standard.*

6. Candidates who pass high enough in the educational examination will be called for medical examination before the Medical Director-General of the Navy or Officer deputed by him, and must be found physically fit for general service in the Royal Navy. The medical examination will normally be held on the same occasion as the tests referred to in paragraph 13. Candidates must be in good health and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and they must be in all respects well developed and active in proportion to their age. A candidate will not be entered unless he has been vaccinated within the past three years and is prepared to be re-vaccinated when considered necessary by the naval authorities.

7. Details of the physical requirements for candidates are contained in Appendix I.

8. Candidates who are successful in the medical examination will not receive any special notification of this fact from the Admiralty. If a candidate is rejected on medical grounds, however, the parent or guardian will be informed at once.

9. A Medical Board of Appeal is available to consider cases in which the parent or guardian of a candidate is not satisfied with the result of the official Medical Examination. This Appeal Board will consist of the Medical Director-General of the Navy and a physician or a surgeon or a specialist nominated by the Medical Consultative Board, according to the nature of the alleged disqualification or isqualifications.

10. A parent or guardian who wishes to make an appeal must do so by a date which will be stated in the letter notifying the candidate's rejection. The appeal must be forwarded to the Medical Director-General of the Navy, Admiralty, Queen Anne's Mansions, St. James' Park, London, S.W.1, and be accompanied by a cheque or crossed postal order for one guinea, payable to the Director of Naval Accounts.

V. *Examinations.*

11. The written examination will be set by the Admiralty and will be held in or near the candidate's own school. The standard of the examination will be high, to correspond with the high quality of cadets whom it is desired to enter, but the syllabus has been designed so that boys from any type of school will be able to compete. Candidates will be required to take the following compulsory subjects in Part I.

	Maximum Marks.
PART I.	
(1) English Language	100
(2) Elementary Mathematics :—	
(i) Arithmetic and Algebra 50	
(ii) Trigonometry and Geometry 50	100

The Admiralty reserves the right, however, to

vary these standards as may be found necessary.

VI. *Tests of Personal Qualities.*

13. As part of the scheme of examination, a certain number of candidates (taken in order of the total marks obtained in the written examination) will be required to undergo tests of intelligence, aptitude, character, and personality before a Board consisting of Naval Officers, a Psychologist and representatives of the public system of education. It must be clearly understood that the attainment of the standards set out in paragraph 12 will not automatically entitle a candidate to undergo the tests.

14. The tests will occupy one day and entail a stay of two nights at the Naval Establishment where the tests are held. Marks up to a maximum of 400 for Personal Qualities will be awarded on the results of these tests, and a mark of 240 will be required to qualify. The Admiralty reserves the right, however, to vary this standard as may be found necessary. The award of Cadetships, within the numbers required in each Branch, will be determined by the aggregate mark obtained in both parts of the competition.

15. Third class rail or bus fares in excess of £1 5s. 0d. incurred in travelling in connection with this competition from the candidate's normal place of residence within the United Kingdom will be refunded. During the school term the normal place of residence may be taken to mean the school which the candidate attends, if it is a boarding school. Lodging and food will be provided free of charge to candidates while they are at the Testing Establishment.

VII. *Applications.*

16. Every candidate must obtain the printed form of application for admission to the competition. This will be furnished on application by letter, addressed to the Secretary of the Admiralty (C.W. Branch), Queen Anne's Mansions, St. James' Park, London, S.W.1. The form must be completed in the candidate's own handwriting and returned to that address together with a cheque or crossed postal order for ten shillings, made payable to the Director of Navy Accounts. A Registrar's copy of the candidate's birth certificate (or if this cannot be obtained, a certificate of his baptism or other documentary evidence, accompanied by a statutory declaration made by one of his parents or guardians before a magistrate, or Commissioner for Oaths, giving the exact date of his birth), must also accompany the completed application form.

17. Applications on the prescribed form complete with enclosures necessary, must be received in the Admiralty not later than :—

8th Oct., 1951, for Nov., 1951, Examination.
(Entry May, 1952).
4th Feb., 1952, for March, 1952, Examination.
(Entry September, 1952).
5th May, 1952, for June, 1952, Examination.
(Entry January, 1953).

NO APPLICATIONS CAN BE CONSIDERED AFTER THESE DATES.

18. Any candidate who has filled up and returned the printed application form and has not received an acknowledgement of it within four complete days should write at once to the Secretary of the Admiralty (C.W. Branch), at the above address. Failure to comply with this provision will deprive the candidate of any claim to consideration on the grounds of loss or delay in the post.

VIII. *Allocation of Candidates to Branches.*

19. Candidates will be required to state on the application form the Branch or Branches (Executive, Engineering, or Supply and Secretariat) for which they wish to be considered. They may apply for one, or two, or all three Branches. Candidates who elect to compete for more than one Branch will be allocated at the sole discretion of the Admiralty to the particular Branch for which they are considered to be most suitable. Allocation to a particular Branch will normally be determined by the mark awarded for Personal Qualities but the Admiralty reserves full discretion in this matter. A candidate will not be accepted in any Branch unless he is, in the opinion of the Admiralty, suitable in all respects to hold a commission in the Royal Navy. The choice of Branch or Branches shown on the application form may not be altered unless the request to do so is received at the Admiralty before the closing date for applications except as provided in paragraph 20 below.

20. A candidate who has been found unfit at his official medical examination for the Branch or Branches of his choice, but has been found fit for a Branch not included in his choice, will be given the opportunity to say whether he wished to be considered for that Branch. Candidates to whom this rule applies will be required to exercise their option at the time of the tests referred to in Section VI. The revision of a candidate's choice in this way will not affect his right of appeal against the Naval Medical Board's decision on his fitness for the Branches originally chosen, as provided in Section IV.

IX. *Applications from Dominions and Colonies.*

21. The Governments of the Dominions and Colonies are allowed to nominate exceptionally, for appointment to Cadetships outside the normal entry arrangements, specially recommended candidates belonging to families permanently resident in the Dominion or Colony. Such candidates must actually reside and receive their education in the Dominion or Colony.

22. Nominations must be forwarded through the Secretary of State for Commonwealth Relations or the Secretary of State for the Colonies, and must reach the Admiralty eight months before the particular entry for which the candidate is eligible by age. Arrangements will be made by the Admiralty for the nominated candidates to take the Admiralty examination and be interviewed in the Dominion or Colony. A nominated candidate will not be accepted unless he attains a standard not below that of the lowest successful candidate in the competitive examination held in the United Kingdom. Enquiries should be addressed in the first instance to the Government of the Dominion or Colony, and should be made before the prospective candidate reaches the age of 15 years.

X. *Conditions of Entry and Withdrawal.*

23. Parents or guardians are required to declare in writing their intention that the candidate, if he obtains a Cadetship, will adopt the Navy as his profession in life, and it is subject to this undertaking that candidates are selected for Cadetship. Every Cadet who enters the Royal Naval College must therefore be prepared to continue his training so long as the Admiralty are satisfied with his progress, and parents are not at liberty to withdraw their sons at will.

24. On the entry of a Cadet, his parent or guardian will be required to undertake that, in the event of the Cadet being allowed to withdraw from the College or from the Navy before being confirmed in the rank or equivalent rank of Sub-Lieutenant or before reaching the age of 21 (whichever is the earlier), the parent or guardian will pay to the Admiralty, on demand, the sum of £90 per term (or such smaller sum as the Admiralty may determine, having regard to the circumstances in which the withdrawal is made and to the circumstances of the parent or guardian) in respect of each term passed by him at the R.N. College, as a contribution towards the cost of his training and maintenance. This clause does not apply to Cadets withdrawn at the request of the Admiralty.

25. The Admiralty may requre cadets to be withdrawn if, in their opinion :—

(1) Cadets fail to reach a satisfactory standard in work or
(2) Their conduct is unsatisfactory, or
(3) They do not display the qualities required of a Naval Officer.

26. It is to be clearly understood that the period of training, including the time spent as a Cadet in a seagoing ship, is one of probation, and that the parent or guardian of a Cadet is required to withdraw

Digitized by Google

him immediately on the receipt of an official request for his withdrawal.

27. When a Cadet is found to be making insufficient progress, a letter is sent to his parent or guardian, warning him of the possibility of having to withdraw the Cadet unless a marked improvement takes place. This warning is generally issued a term in advance, to enable the parent or guardian provisionally to make other arrangements for the boy's future in case his withdrawal should beome necessary.

28. Candidates who enter the Executive Branch may be required, after passing for the rank of Lieutenant or at an earlier stage, to serve either as general service officers as specialists in Gunnery, Torpedo - Anti - Submarine, Navigation-Direction, Signal Communications, Submarines or Naval Aviation, or to be employed on other special duty. Similarly, Engineer Officers may be required to serve in submarines or naval aviation or on other special duties. Officers who wish to qualify as specialists will, as far as possible, be allowed to make their own choice provided that the requirements of the Service are satisfactorily met. Parents or guardians must undertake on behalf of candidates, that candidates will be prepared to serve in any capacity within the Branch they enter.

XI. *Swimming Certificate.*

29. Before entry as a Cadet, a certificate by the school or other authorities must be forwarded to the Secretary of the Admiralty to the effect that the candidate is able to swim at least 50 yards.

XII. *Financial Arrangements.*

30. The full cost of tuition and board and lodging will be borne by the Admiralty; the cost of other items may be charged against the parent or guardian, in whole or in part, as described below.

31. The Admiralty will provide the Cadet with all the articles of uniform and clothing including normal replacements, required while at the R.N. College, Dartmouth. Similarly, on leaving the R.N. College the Cadet will be provided by the Admiralty with all the uniform and clothing required during the period in the Training Cruiser but such items will **not** be replaced.

32. The Admiralty will also assume initial responsibility for sundry expenses, such as travelling expenses, laundry and pocket money. The cost of these items, together with those referred to in para. 31 above, will be waived or charged against the parent or guardian, according to his financial circumstances. The amount of repayment, which will be spread over eight instalments payable at the beginning of each term, will be determined with reference to net income which will be assessed by the Admiralty. In assessing net income, allowances are made for income tax, children, insurance charges, etc.

33. If the net income as thus assessed falls below £300 a year the parent or guardian will not be required to repay any of the expenses involved.

34. If the net income exceeds £300 a year the parent or guardian will be required to make a repayment varying from a minimum of £1 a term to a maximum of £30 a term until the Cadet passes out of the Training Cruiser. Apart from the cost of maintenance while on leave no other form of expense will fall on the parent or guardian.

35. The Cadet will be eligible without charge for medical and dental treatment while at the R.N. College and in the Training Cruiser, but treatment required while the Cadet is on leave will be the responsibility of the parent or guardian.

36. Parents or guardians will be required to submit a confidential statement of their financial position at the time of the Cadet's entry and thereafter annually, in order that the Admiralty may assess the appropriate rate of repayment to be made from time to time. Thus, subject to satisfactory progress, a Cadet is assured of a full career, irrespective of the future financial circumstances of his parent or guardian; and the latter will be relieved from the trouble and heavy initial expense of providing an outfit for the boy on entry.

XIII. *Duration of Course.*

37. Naval Cadets will undergo at the R.N. College a course of instruction lasting six terms, that is, two years. On passing out, they will be sent to sea in the Training Cruiser for two terms (four months) for further training as Naval Cadets before being rated Midshipmen.

38. The following are the approximate dates for the beginning and end of the three terms of the College, and the lengths of the leave periods:—

16th Jan. to 1st April	..	Four weeks leave at Easter.
1st May to 30th July	..	Seven weeks leave at Midsummer.
19th Sept. to 20th Dec.	..	Four weeks leave at Christmas.

39. The parents or friends of a cadet must be prepared to receive him during the leave periods.

XIV. *General Regulations at The Royal Naval College.*

40. All Naval Cadets, while at the Royal Naval College and while serving in the Training Cruiser will be subject to the regulations regarding Cadets.

41. As Cadets have a weekly allowance paid to them as pocket money, their parents or friends should not give them any money, except on joining or on their return from leave, and the amount should not be reasonable. Money which may be required by a Cadet for any special circumstances will be advanced by the authorities of the College.

42. Cadets are not permitted to open accounts with tradesmen.

43. Each Cadet on joining and on returning from leave is required to produce a Health Certificate signed by his parent or guardian not earlier than the day before the Cadet's return—to the effect that, so far as is known, he has not, for at least three weeks immediately preceding his return, been exposed to any infectious disease, or entered any house where such disease has existed. A certificate is sent to the parent, and failure on the part of the Cadet to produce on his return from leave this certificate duly completed and signed, may entail his not being received.

44. If a Cadet is placed on the sick list, information is sent to his parent or guardian, who is also kept informed of the progress of the patient should the illness be at all serious.

45. With a view to dealing with possible scarlet fever outbreaks in the College, all new entry Cadets may, subject to parents' consent, undergo the Dick test to ascertain their susceptibility to the disease.

46. Letters about Cadets should be addressed to "The Commanding Officer, Royal Naval College, Dartmouth, Devon" (or "The Commanding Officer, H.M.S. (Name of Ship), c/o G.P.O., London" if the Cadet is serving afloat) and not to the Cadet by name.

47. Parents or guardians of Cadets must inform the Admiralty and the Commanding Officer of the College or of the Ship in which the Cadet is serving of any permanent change of residence without delay.

48. Opportunities may be afforded to Naval Cadets whilst at the College, to undergo a trip in a submarine or a passenger flight in naval aircraft, subject to parents' consent.

XV. *Passing Out.*

49. The Cadets' Passing-Out Examination is representative of all subjects studied at the College with the exception of Religious Knowledge. Marks for work done during the previous terms may be combined with the marks directly awarded in the examination.

50. First, Second and Third Class Certificates will be awarded, and the class obtained in passing out from the College counts afterwards towards promotion to the rank of Lieutenant, promotion being accelerated according to the following scale:—

For a First Class Certificate .. 2 months
For a Second Class Certificate .. 1 month

Further awards of time gained are made on the results of the passing out examination held in the training cruiser:—

For a First Class Certificate .. 2 months

Digitized by Google

For a Second Class Certificate .. 1 month.

51. The amount of time gained for these certificates is subject to revision.

52. The Passing-out examination is recognised by various University Authorities (including those of Oxford, Cambridge, London and the Scottish Universities Entrance Board) as one by which exemption from the various University Entrance Examinations may be gained.

APPENDIX I.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR CADETSHIPS IN THE ROYAL NAVY.

With a view to preventing Candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner.

It is to be understood that this private examination is merely suggested as a guide for intending Candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular official Physical Examination. The following list of defects which cause rejection may be submitted to the private medical practitioner for guidance.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds or injuries.

2. Skin disease, unless temporary or trivial.

3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.

4. Squint (except as provided under the heading "Visual Standard" at the end of this Appendix. deformity or any chronic disease of the eye or eyelids)

5. Impaired hearing, or discharge from one or both ears, or any disease of the external, middle, or internal ear.

6. Disease of the bones of the nose, or of its cartilages, nasal polypus, or disease of the naso-pharynx.

7. Disease of the throat, tongue, palate or tonsils; many unsound or functionless teeth*, unhealthy gums disease of the glands of the throat or neck, external cicatrices, if at all extensive and especially if adherent.

8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest or any symptoms of lung disease or tendency thereto.

9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.

10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms or is likely to form a serious impediment to the efficient performance of duty.

11. Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities, from whatever cause; a varicose state of the veins, specially of the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.

12. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.

13. No person will be admitted into His Majesty's Service unless he has been vaccinated or re-vaccinated during the three years preceding the date of his entry.

* i.e., seven teeth missing or defective, a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The number given above is intended as a general guide, and is not necessarily strictly adhered to, provided the general condition of the teeth is good. Parents or guardians must arrange for dental defects in accepted candidates to be remedied prior to joining.

VISUAL STANDARDS

EXECUTIVE CADET.

The minimum standard of distant vision on entry is Snellen 6/6 in one eye and not less than Snellen 6/9 in the other eye without glasses. The defect must be due solely to error of refraction. For near vision the candidate must be able to read Snellen D=0.5 (Jaegar, 1) with each eye separately without the aid of glasses.

Hypermetropia (under homatropine) must not exceed the following limits: In the better eye. Hypermetropia, 1.5 dioptre. Simple hypermetropic astigmatism, 0.75 dioptre. Compound Hypermetropic astigmatism, 1.5 dioptre (of which not more than 0.75 dipotre may be due to astigmatism) in the meridian of greater error. In the worse eye. Hypermetropia, 2.5 dioptres. Simple hypermetropic astigmatism, 1.0 dioptre. Compound hypermetropic astigmatism 2.5 dioptres (of which not more than 1.0 dioptre may be due to astigmatism) in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Candidates should possess binocular vision. Squint will debar from entry. Heterophoria must not be excessive and the acceptable limits, tested with the Maddox Rod are :—

Eso-and-Exo-phoria ..	6 prism dioptres.
Hyperphoria	1 prism dioptre.

Colour perception must be Standard 1. This standard of colour perception entails, in general terms, success in the complete Martin Lantern Test.

ENGINEERING CADET.

For the Engineering Branch the minimum standards are: Distant vision, Snellen 6/9 in each eye tested separately without glasses. Any defect must be due to error of refraction only. Near vision, Snellen: D = 0.5 (Jaegar, 1) with each eye separately without glasses.

Hypermetropia (under homatropine) must not, in either eye, exceed 5.0 dioptres. Compound hypermetropic astigmatism must not exceed 5.0 dioptres in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Candidates should possess binocular vision. Squint will debar from entry. Heterophoria must not be excessive and the acceptable limits are the same as those required by the Executive Branch.

A degree of defect of colour perception is permitted. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Any ndidate who has filled up and returned the printed pplication form, but has not received an acknowdgment of it within four complete days, should at ice write to the Secretary, Civil Service Commission. Failure to comply with this provision may prive the candidate of any claim to consideration.

20. A separate form of applicat on must be tained, filled up and duly returned by a candidate connection with each examination which he wishes attend. A candidate is, however, warned not to lay his application for the next examination until e result of the previous examination has been nounced, since there may then be insufficient time r fresh application to be made.

The forms of application are ready for issue about ur months before the date of each examination.

21. The subjects of examination, with the marks obtainable in each subject, will be found in Appendix III. Specimen question papers may be obtained from H.M. 24. Candidates should note particularly that medical rejection for the Branches of their choice will not entitle them to be considered for any Branch not included in their choice, for which they may be medically fit. It is therefore most important that candidates should include in their order of preference on the application form all the appointments which they would be prepared to accept.

25. A candidate is not allowed to add to his choice of Branch or Branches unless his request to do so is received at the Civil Service Commission before the closing date for applications. The tests will occupy one day and entail a stay of two nights. Marks up to a maximum of 400 for Personal Qualities will be awarded by the Interview Board on the results of these tests. This mark will be added to the mark scored at the written examination, and the final order of merit will normally be determined by the aggregate mark, but failure to attain a mark of 180 for Personal Qualities will disqualify candidates from the competition (see also paragraph 33).

The amount of repayment will be spread over three instalments payable at the beginning of each term, and will be determined with reference to net income, which is assessed by the Admiralty. In assessing net income, allowances are made for income tax, children, insurance charges, etc.

42. If the net income as thus assessed is below £300 a year the parent or guardian will not be required to repay any of the expenses involved. If the net income exceeds £300 a year the parent or guardian will be required to make a repayment varying from a minimum of £1 a term (total £3) to a maximum of £50 a term (total £150) until the Cadet passes out of the Training Cruiser. Apart from the cost of maintenance while on leave no other form of expense will fall on the parent or guardian.

43. The Cadet will be eligible without charge for medical and dental treatment while under training and, while on leave, from the local Admiralty Surgeon and Agent. The repayment of expenses incurred through consulting a Civil Medical Practitioner will be considered by the Admiralty if an Admiralty Surgeon and Agent is not available, or under other exceptional circumstances.

It is to be understood that this private examination is merely suggested as a guide for intending Candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular official Physical Examination. Candidates must, however, possess some sound opposing molars and incisors. Parents or guardians must arrange for dental defects in accepted candidates to be remedied prior to joining.

VISUAL STANDARDS.

Executive Cadet.

The minimum standard of distant vision on entry is Snellen 6/6 in one eye, and not less than Snellen 6/12 in the other eye without glasses. The defect must be due solely to error of refraction. For near vision the candidate must be able to read Snellen D=·0.5 (Jaegar, 1) with each eye separately without the aid of glasses.

Hypermetropia (under homatropine) must not exceed the following limits: In the better eye:— Hypermetropia 1.5 dioptres. Simple Hypermetropic astigmatism, 0.75 dioptre. Compound Hypermetropic astigmatism, 1.5 dioptres (of which not more than 0.75 dioptre may be due to astigmatism) in the meridian of greater error. In the worse eye:— Hypermetropia, 2.5 dioptres. Simple hypermetropic astigmatism, 1.0 dioptre. Compound Hypermetropic astigmatism, 2.5 dioptres (of which not more than 1.0 dioptre may be due to astigmatism) in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Candidates should possess binocular vision. Squint will debar from entry. Heterophoria must not be excessive and the acceptable limits, tested with Maddox Rod are:—

Eso- and Exo-phoria	6 prism dioptres.
Hyperphoria	1 prism dioptre.

Digitized by Google

Colour perception must be Standard 1. This standard of colour perception entails, in general terms, success in the complete Martin Lantern Test.

Engineering Cadet.

For the Engineering Branch the minimum standards are: Distant vision, Snellen 6/9 in one eye and not less than Snellen 6/12 in the other eye without glasses. Any defect must be due to error of refraction only. Near vision, Snellen D=0.5 (Jaegar, 1) with each eye separately without glasses.

Hypermetropia (under homatropine) must not, in either eye, exceed 5.0 dioptres.

Compound hypermetropic astigmatism must not exceed 5.0 dioptres in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Candidates should possess binocular vision. Squint will debar from entry. Heterophoria must not be excessive and the acceptable limits are the same as those required by the Executive Branch.

A degree of defect of colour perception is permitted. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Sufficient colours should be shown to ensure that the candidates recognise the red, signal green and white lights without guessing.

Supply and Secretariat Branch Cadet.

For candidates for Supply and Secretariat Branch Cadetships, full normal vision is not required, but vision without glasses must, in any case, be not less than 6/60 with each eye. With glasses vision must be not less than 6/6 in one eye and 6/24 in the other eye. The candidate must be able to read Snellen D=0.6 (Jaeger, 2) with glasses, each eye being tested separately.

Hypermetropia (under homatropine) must not, in either eye, exceed 5.0 dioptres.

Compound hypermetropic astigmatism must not exceed 5.0 dioptres in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Glasses are permitted on duty.

An alternating concomitant squint with small deviation (not exceeding 15 degrees) will not debar from entry, but vision of candidates with such a squint must be capable of correction to 6/6—6/12 at least, and, with glasses, the candidate must read Snellen D=0.60 with each eye. If binocular vision is present heterophoria must not be excessive and the acceptable limits are the same as those required by the Executive Branch.

A degree of defect of colour perception is permitted. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Sufficient colours should be shown to ensure that the candidates recognise the red, signal green and white lights without guessing.

REGULATIONS FOR THE SPECIAL ENTRY OF NAVAL CADETS IN THE ELECTRICAL BRANCH OF THE ROYAL NAVY.

(*The Admiralty reserves the right to amend these regulations from time to time, but as much notice as possible will be given of any alterations made.*)

1. Appointments to Cadetships in the Electrical Branch of the Royal Navy are made annually in September in accordance with the arrangements set out below :—

II.—AGE LIMITS.

2. Candidates must attain the age of 17 years and must not attain the age of 19 years on 1st September in the year of entry.

For example

Candidates born on or between :—	Eligible for entry in
2nd September, 1931 and 1st September, 1932	September, 1950.
2nd September, 1932 and 1st September, 1933	September, 1950. or September, 1951.
2nd September, 1933 and 1st September, 1934	September, 1951. or September, 1952.

3. Candidates who are unsuccessful at their first attempt may renew their candidature in the following year, if they are still eligible by age.

III.—NATIONALITY.

4. Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of clear proof of the nationality of the candidates will rest upon their parents or guardians, who, if they are in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application.

5. Candidates who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Parents or guardians are therefore advised to seek an early decision from the Admiralty as to the eligibility for entry of prospective candidates possessing double nationality.

IV.—PHYSICAL STANDARD.

6. Irrespective of whether they have been passed as fit in connection with a previous competition, candidates will be called for medical examination before the Medical Director-General of the Navy or an Officer deputed by him, and must be found physically fit for general service in the Royal Navy. The medical examination will normally be held on the same occasion as the tests referred to in paragraph 15. Candidates must be in good health and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and they must be in all respects well-developed and active in proportion to their age. A candidate will not be entered unless he has been vaccinated within the past three years, and is prepared to be re-vaccinated when considered necessary by the naval authorities.

7. Details of the physical requirements for candidates are contained in Appendix 1.

8. Candidates who are successful in the medical examination will not receive any special notification of this fact from the Admiralty. If a candidate is rejected on medical grounds, however, the parent or guardian will be informed at once.

9. A Medical Board of Appeal is available to consider cases in which the parent or guardian of a candidate is not satisfied with the result of the official Medical Examination. This Appeal Board will consist of the Medical Director-General of the Navy and a physician or a surgeon or a specialist nominated by the Medical Consultative Board, according to the nature of the alleged disqualification or disqualifications.

10. A parent or guardian who wishes to make an appeal must do so by a date which will be stated in the letter notifying the candidate's rejection. The appeal must be forwarded to the Medical Director-General of the Navy, Admiralty, Queen Anne's Mansions, St. James's Park, London, S.W.1, and be accompanied by a cheque or crossed postal order for one guinea, payable to the Director of Navy Accounts.

V.—EDUCATIONAL QUALIFICATIONS.

11. (a) Candidates will be required to have obtained passes at advanced level in three subjects to the General Certificate of Education, taken at one time, the three subjects to include Physics and at least one of the following mathematical subjects set by the following examining boards.

(i) *Oxford and Cambridge Schools Examination Board* :
Mathematics & Higher Mathematics.
Mathematics for Science.
Applied Mechanics.

(ii) *Oxford Delegacy for Local Examinations* :

Further Mathematics II.

(iv) *University of Bristol* :
Pure Mathematics.
Applied Mathematics.

(v) *University of Durham* :
Pure Mathematics.
Applied Mathematics.

(vi) *University of London* :

(vii) *Northern Universities Joint Matriculation Board* :
Mathematics and Theoretical Mechanics.
Mathematics.

(viii) *Welsh Joint Education Committee*
Pure Mathematics.
Applied Mathematics.

(b) Although candidates will not be required to have a knowledge of Latin or Greek, yet they will be required to have qualified educationally in all other respects for entry into any English University.

(c) Successful candidates are subsequently required to pass the Qualifying Examination for the Mechanical Sciences Tripos of the University of Cambridge. For this purpose, it is necessary for candidates to have reached an adequate standard of knowledge in Pure Mathematics, Applied Mathematics and Physics, and candidates with only the minimum qualification described at Paragraph 11(a) must satisfy the Admiralty that they have reached this standard. Candidates are therefore advised to obtain passes at advanced level in the whole of this field by taking, in addition to the minimum required in sub-paragraph 11(a), another appropriate mathematical subject set by one of the examining authorities listed in sub-paragraph 11(a) above. It is not necessary that the additional subject shall be taken at the same examination. Consideration may also be given by the Admiralty to candidates who have obtained passes at advanced level in, for example, Physics, Chemistry and one of the mathematical subjects, and who have achieved a high standard in the mathematics papers and who submit a certificate by their Headmaster to the effect that they have a knowledge of Pure and Applied Mathematics adequate for a pass in the

Qualifying Examination for the Mechanical Sciences Tripos of the University of Cambridge.

Notes: As regards Mathematical subjects:

(i) In the examination set by the Oxford and Cambridge Schools' Examination Board a pass at advanced level in Mathematics and Higher Mathematics will suffice.

(ii) In the examination set by the University of London a pass at advanced level in Pure and Applied Mathematics will suffice.

(iii) In the examination set by the Northern Universities' Joint Matriculation Board a pass at advanced level in Mathematics and Theoretical Mechanics will suffice; but the alternative, Mathematics at advanced level, may be accepted provided that candidates have achieved a sufficiently high standard.

12. In place of the General Certificate of Education, a candidate may produce

(a) a Higher School Certificate, issued by one of the Examining Boards referred to in paragraph 11(a) above, showing that he has reached principal or group subject standard in Physics, Pure Mathematics and Applied Mathematics

or (b) a certificate from the Scottish Education Department or the Ministry of Education from Northern Ireland, showing that he has attained a standard equivalent to the General Certificate of Education of the Oxford and Cambridge Schools' Examination Board, as particularised in paragraph 11(a) and (c) above

or (c) evidence of having passed any other examination which, in the opinion of the Admiralty, is of equivalent or higher standard, e.g., the Inter-B.Sc. examination of London University, with Pure Mathematics, Applied Mathematics and Physics as principal subjects.

13. A candidate educated in the countries of the Commonwealth or elsewhere abroad must produce evidence satisfactory to the Admiralty of his having attained an equivalent standard.

14. A candidate who is sitting for the General Certificate of Education examination may apply provided that he produces a statement from his Headmaster that his general education is up to the standard required to obtain the General Certificate of Education as particularised in paragraph 11(e) and (c) above. This will allow of his being interviewed by the Selection Board, so that the Admiralty may reach a decision immediately the results of the examination are known.

VI. TESTS OF PERSONAL QUALITIES.

15. Candidates who satisfy the educational requirements set out in Section V above will be required to undergo tests of intelligence, aptitude, character and personality.

16. The tests will occupy one day and entail a stay of two nights at the Naval Establishment where the tests are held.

17. Third class rail or bus fares in excess of £1 incurred in travelling in connection with this competition from the candidate's normal place of residence in the United Kingdom will be refunded. The normal place of residence may, during the school term, be taken to mean the school which the candidate attends if he does so as a boarder. Lodging and food will be provided free of charge to candidates while they are at the Training Establishment.

16. Cadetships, within the number of vacancies available, will be awarded to medically fit candidates at the discretion of the Admiralty who, in making the final selection, will be guided by the candidate's performance in their educational examinations (Section V) and tests of personal qualities (paragraph 15).

VII.—APPLICATIONS.

19. Every candidate must obtain the printed form of application for admission to the competition. This will be furnished on application by letter, addressed to the Secretary of the Admiralty (C.W. Branch), Queen Anne's Mansions, St. James's Park, London, S.W.1. The form must be completed in the candidate's own handwriting and returned to that address. A Registrar's copy of the candidate's birth certificate (or if this cannot be obtained, other documentary evidence, accompanied by a statutory declaration made by one of his parents or guardians before a magistrate, giving the exact date of his birth) must accompany the completed application form. Certificates of Registry of Birth or Baptism are not in themselves accepted as evidence of the date of birth. Candidates should also forward with the application form their High School Certificate or a certificate of equivalent standard. If they are applying under the arrangement set out in paragraph 14, their Headmaster should complete the Certificate on page 3 of the application form.

20. A certificate by the school or other authority to the effect that the candidate is able to swim at least 50 yards must be sent with the application form.

21. Applications on the prescribed form complete with the necessary enclosures, must be received in the Admiralty by the 1st July. Applications received after this date cannot be considered.

22. Any candidate who has filled up and returned the printed application form and has not received an acknowledgment of it within four complete days should write at once to the Secretary of the Admiralty (C.W. Branch), at the above address. Failure to comply with this provision will deprive the candidate of any claim to consideration on the grounds of loss or delay in the post.

VIII.—CONDITIONS OF ENTRY.

23. Candidates must not be married.

24. A candidate will not be accepted if he is not, in the opinion of the Admiralty, in all respects suitable to hold a commission in the Royal Navy.

25. The Admiralty may require a Cadet to be withdrawn if, in their opinion :—

(i) He fails to reach a satisfactory standard in work, or

(ii) His conduct is unsatisfactory, or

(iii) He does not display the qualities required of a Naval Officer.

26. It is to be clearly understood that the period of training, including the time spent as a Cadet in a sea-going ship, is one of probation, and that the parent or guardian of a Cadet is required to withdraw him immediately on the receipt of an official request for his withdrawal.

27. All Cadets will be required at present to pass the Qualifying Examination for the Cambridge University Mechanical Science Tripos.* This examination will be taken about a week after entry to the Royal Naval College unless it has already been taken privately by a Cadet before entry. The result of this examination will be communicated to parents; in the event of a Cadet failing to pass, the parent will be notified of the standard of his performance together with an opinion of his prospects of success at a second attempt at a later stage in his Cadet training. His parents will then have the option of withdrawing him immediately or allowing him to remain in the Service until he can take the examination again. Failure at this second attempt may entail the Cadet's withdrawal from the Service.

28. Parents or guardians must undertake on behalf of candidates that they will serve in any capacity within the Electrical Branch.

IX.—FINANCIAL ARRANGEMENTS.

29. The Admiralty will provide the Cadet with all the articles of uniform and clothing required on entry and on joining the Training Cruiser, and will also assume initial responsibility for sundry expenses such as travelling expenses and laundry. The cost of these items will be waived or charged against the parent or guardian according to his financial circum-

stances. The amount of repayment will be spread over three instalments payable at the beginning of each term of Cadet training, and will be determined with reference to net income, which is assessed by the Admiralty. In assessing net income, allowances are made for income tax, children, insurance charges, etc.

30. If the net income as thus assessed falls below £300 a year, the parent or guardian will not be required to repay any of the expenses involved. If the net income exceeds £300 a year the parent or guardian will be required to make a repayment varying from a minimum of £1 a term (total £3) to a maximum of £50 a term (total £150) until the Cadet passes out of the Training Cruiser. Apart from the cost of maintenance while on leave no other form of expense will fall on the parent or guardian.

31. The Cadet will be eligible without charge for medical and dental treatment while under training and, while on leave, from the local Admiralty Surgeon and Agent. The repayment of expenses incurred through consulting a Civil Medical Practitioner will be considered by the Admiralty if an Admiralty Surgeon and Agent is not available, or under other exceptional circumstances.

32. Parents or guardians will be required to submit a confidential statement of their financial position at the time of the Cadet's entry, in order that the Admiralty may assess the appropriate rate of repayment.

X.—DURATION OF COURSE

33. Successful candidates will be entered as Naval Cadets (L) in the term commencing in September and be appointed to the R.N. College, Dartmouth, for training. They will remain at the College for one term, and will then be sent to sea in the Training Cruiser for two terms.

34. On passing out of the Training Cruiser they will be promoted to Midshipman (L) and be given three years' advanced technical training up to Honours Degree standard at a University.

35. At the end of their second year at the University they will be promoted to Acting Sub-Lieutenants (L) and confirmed as Sub-Lieutenants (L) at the end of their third year, provided they have made satisfactory progress at these dates.

36. On completion of the University course they will undergo two years' further training at Electrical Schools, at sea, and with manufacturing firms. During this period they will be promoted to acting Lieutenants (L) and, on completion of the training, to Lieutenants (L).

XI.—GENERAL.

37. Letters about Cadets should be addressed to "The Commanding Officer, Royal Naval College, Dartmouth, Devon" (or "The Commanding Officer, H.M.S. (name of Ship), c/o G.P.O., London," if the Cadet is serving afloat) and not to the Captain by name.

38. Parents or guardians of Cadets must inform the Admiralty and the Commanding Officer of the College or of the Ship in which the Cadet is serving of any permanent change of residence without delay.

39. These regulations do not apply to Naval Cadets who are entered in the Executive Engineering and Supply and Secretariat Branches, of the Royal Navy, for whom separate regulations are issued.

APPENDIX I.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR CADETSHIPS IN THE ROYAL NAVY.

To prevent Candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner.

It is to be understood that this private examination is suggested merely as a guide for intending candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular official Physical Examination. The following list of defects which cause rejection may be submitted to the private medical practitioner for guidance.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds or injuries.

2. Skin disease, unless temporary or trivial.

3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.

4. Squint (except as provided under the heading "Visual Standards" at the end of this Appendix), deformity, or any chronic disease of the eye or eyelids.

5. Impaired hearing, or discharge from one or both ears, or any disease of the external, middle, or internal ear.

6. Disease of the bones of the nose or of its cartilages, nasal polypus, or disease of the naso-pharynx.

7. Disease of the throat, tongue, palate or tonsils; many unsound or functionless teeth*, unhealthy gums, disease of the glands of the throat or neck, external cicatrices, if at all extensive and especially if adherent.

8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest, or any symptoms of lung disease or tendency thereto.

9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.

10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms or is likely to form a serious impediment to the efficient performance of duty.

11. Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities, from whatever cause; a varicose state of the veins, especially in the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.

12. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.

13. No person will be admitted into His Majesty's Service unless he has been vaccinated or re-vaccinated during the three years preceding the date of his entry.

* i.e., ten teeth missing or defective, a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The number given above is intended as a general guide, and is not necessarily strictly adhered to, provided the general condition of the teeth is good. Parents or guardians must arrange for dental defects in accepted candidates to be remedied prior to joining.

VISUAL STANDARDS.

Full normal vision is not required, but vision withour glasses must, in any case, be not less than 6/60 with each eye. With glasses vision must be not less than 6/6 in one eye and 6/24 in the other eye. The candidate must be able to read Snellen D =0.6 (Jaeger, 2) with glasses, each eye being tested separately.

Hypermetyopia (under homatropine) must not, in either eye, exceed 5.0 dioptres.

Compound hypermetropic astigmatism must not exceed 5.0 dioptres in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Glasses are permitted on duty.

An alternating concomitant squint with small deviation (not exceeding 15 degrees) will not debar from entry, but vision of candidates with such a squint must be capable of correction to 6/6—6/12 at least, and, with glasses, the candidate must read Snellen D=0.6 with each eye. If binocular vision is present, heterophoria must not be excessive and the acceptable limits tested with the Maddox Rod are:—

Eso- and Exo-phoria .. 6 prism dioptres.
Hyperphoria .. .. .. 1 prism dioptre.

A degree of defect of colour perception is permitted. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Sufficient colours should be shown to ensure that the candidates recognise the red, signal green and white lights without guessing.

REGULATIONS FOR ENTRY OF ENGINEER OFFICERS, R.N. (UNIVERSITY CANDIDATES).

1. Entries will be made once a year (in September).

2. Candidates must be in possession of an Engineering degree (Mechanical, Electrical, Chemical or Petroleum (Production) Engineering) of a recognised University. Candidates whose academic qualifications have not been determined by the date of forwarding the lists by the University Authorities may be recommended provisionally and their qualifications subsequently confirmed or otherwise.

3. *Age Limits.*—Candidates must have attained the age of 21 years and must not have attained the age of 25 years on 1st July for appointment in the following September. An extension of the upper age limit may be allowed at Admiralty discretion to candidates whose University course has been delayed or interrupted by compulsory military service.

4. *Nationality.*—Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of clear proof of nationality will rest upon the candidates, who, if they are in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application. Candidates who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy; they are, therefore, advised to seek an early decision from the Admiralty as to their eligibility for entry.

5. *Conditions of Entry.*—A candidate will not be accepted if he is not, in the opinion of the Admiralty, in all respects suitable to hold a commission.

6. *Applications.*—Candidates, including post-graduates, should apply on the proper form (supplies of which can be obtained from the Secretary of the Admiralty, or, in the case of Dominion Universities, from the University Authorities), to the authority of their University shown in Appendix I. Applications must reach the University Authorities by the 30th April of the year of entry. Lists of recommended candidates will then for forwarded to the Admiralty from the Universities.

7. *Interview.*—From the list of recommended candidates, the Admiralty will select such candidates as are considered suitable to appear for interview before a Selection Board at the Admiralty. Selection Boards convened locally will be held for candidates from the Dominions.

8. *Physical Requirements.*—The physical standard s given in Appendix II. Candidates selected by the Admiralty for interview by the Selection Board will be required to undergo an examination by the Medical Director-General of the Navy as to their physical fitness for appointment. This examination will be held, as far as possible, on the same day as the interview. No candidate will be entered unless he has been vaccinated, and re-vaccination may be required, if considered necessary. The decision of the Admiralty as to physical fitness will be final.

9. *Conditions of Service.*—Successful candidates will be entered as Acting Sub-Lieutenant (E) and will be appointed to the Royal Naval Engineering College, Devonport, for training, for a maximum of one year, the actual period depending on the work-shop training already undergone by the candidate prior to entry. On completion of the training at the Royal Naval Engineering College, they will, if recommended, be confirmed in rank with original seniority, and will receive appointments to ships for a period, generally nine months, during which they will be required to obtain a certificate of competency as a Junior Engineer Officer. On obtaining this qualification they will be promoted to the rank of Lieutenant, with seniority of eleven months after the date of entry.

Failure to obtain this certificate of competency will involve a delay in promotion, or the question of the officer's discharge from the Service.

Officers possessing a First or Second Class Honours Degree in Engineering or Mechanical Science may, at the discretion of the Admiralty, be selected to undergo an Advanced Course of two years' instruction in Marine Gunnery or Advanced Engineering. Ante-dates of seniority up to six months as Lieutenant (E) may be awarded on the results of the examination at the end of this course.

After promotion to Lieutenant (E), officers will be subject to the same regulations as officers of the Engineering Branch entered as Cadets. Officers will be promoted to Lieutenant-Commander (E) on attaining 8 years' seniority as Lieutenant (E). Advancement to Commander (E) and higher ranks will be by selection.

10. *Uniform.*—Prior to joining, successful candidates will be required to provide themselves with a minimum of uniform, details of which will be supplied. A cash grant towards the provision of the necessary outfit of uniform is payable in addition to a free issue of certain articles of clothing, subject to certain conditions of refund in the event of an officer failing to serve for certain prescribed periods from date of entry. Grants on this scale are not payable to Officers who have already received a gratuity in respect of a previous period of Naval Service as an Officer. Such Officers may receive modified grants which will depend upon the length of break in service.

11. *Pay.*—The rates of pay are given on page . Ante-dates in seniority will count towards increments in pay and for promotion, but the time so gained will not count for retired pay or for other financial purposes. Ante-dates will not carry back pay on the scale for the higher rank.

12. *Retirement.*—Officers will be compulsorily retired on reaching the following ages:—

Lieutenant-Commander (E)	45
Commander (E)	50
Captain (E)	55
Rear-Admiral (E)	60

Officers may be permitted to retire voluntarily at Admiralty discretion after reaching 40 years of age.

The rates of retired pay are given on pages 22 to .

APPENDIX II.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR ENTRY AS ENGINEER OFFICERS IN THE ROYAL NAVY.

To prevent candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner.

It is to be understood that this private examination is merely suggested as a guide for intending candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular official Physical Examination.

The following list of defects which cause rejection may be submitted to the private medical practitioner for guidance.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds or injuries.
2. Skin disease, unless temporary or trivial.
3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.
4. Squint, deformity or any chronic disease of the eye or eyelids.

Visual Standards.

The standard of distant vision on entry is (without glasses) Snellen 6/12 using both eyes together, worse eye not below 6/18, correcting to at least 6/6 in one eye and 6/9 in the other with glasses. For near vision, the candidate must be able to read Snellen D=0.6 (Jaeger 2) with each eye separately without glasses. Hypermetropia exceeding 5.0 dioptres (under homatropine) in the meridian of greater error will disqualify.

Defects of colour vision do not necessarily disqualify, but the minimum standard acceptable is Grade II. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Sufficient colours should be shown to ensure that the candidates recognise the red, signal green and white lights without guessing.

5. Impaired hearing, or discharge from one or both ears, or any disease of the external, middle, or internal ear. Candidates who have undergone a successful mastoid operation will be considered on their merits.
6. Disease of the bones of the nose, or of its cartilages, nasal polypus, or disease of the naso-pharynx.
7. Disease of the throat, tongue, palate, or tonsils; many unsound or functionless teeth*, unhealthy gums, disease of the glands of the throat or neck, external cicatrices, if at all extensive and especially if adherent.
8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest, or any symptoms of lung disease or tendency thereto.
9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.
10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms or is likely to form a serious impediment to the efficient performance of duty.
11. Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities, from whatever cause; a varicose state of the veins, especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.
12. Distortion of the spine, of the bones of the chest or pelvis from injury or constitutional defect.

* i.e.—10 defective or deficient teeth, a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The number given above is intended as a general guide, and is not necessarily strictly adhered to, provided the general condition of the teeth is good.

Dental defects in accepted candidates must be remedied prior to joining, at candidate's expense.

REGULATIONS FOR ENTRY OF ELECTRICAL OFFICERS, R.N. (UNIVERSITY CANDIDATES).

1. Entries will be made once a year (in September).

2. *Academic Qualifications.*—Candidates must possess an Honours Degree in Electrical Engineering of a recognised University. A candidate who has completed satisfactorily a three-year course in Electrical Engineering at a University or University College where no degree of Honours standard is normally awarded in this subject may nevertheless be considered for entry, provided that his tutor can certify that the candidate would have gained Honours had that degree existed. Before a candidate is accepted he must also have completed satisfactorily at least six months' works experience, which may have been done in University vacations. Candidates who have not yet been able to gain such experience may, however, apply and if provisionally accepted will be required to gain this experience before final acceptance. The Admiralty are prepared to assist in arranging suitable works experience for such candidates at their own expense. Candidates whose academic qualifications have not been determined by the date of forwarding the lists by the University authorities may be recommended provisionally subject to confirmation of their qualifications later.

3. *Age Limits.*—Candidates must have attained the age of 21 years and must not have attained the age of 25 years on 1st July for appointment in the following September. An extension of the upper age limit may be allowed at Admiralty discretion to candidates whose University course has been delayed or interrupted by compulsory military service.

4. *Nationality.*—All candidates must be British subjects and the sons of persons who are British subjects at the time of candidates' entry. The burden of clear proof of nationality will rest upon the candidate who, if he is in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application. Candidates who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy; they are, therefore, advised to seek an early decision from the Admiralty as to their eligibility for entry.

5. *Conditions of Entry.*—A candidate will not be accepted if he is not, in the opinion of the Admiralty, in all respects suitable to hold a commission.

6. *Applications.—Candidates*, including post-graduates, should apply on the proper form (supplies of which can be obtained from the Secretary of the Admiralty, or, in the case of Dominions Universities, from the University Authorities), to the authority of their University shown in Appendix I. Applications must reach the University Authorities by the 30th April of the year of entry. Lists of recommended candidates will then be forwarded to the Admiralty from the Universities.

7. *Interview.*—From the list of recommended candidates the Admiralty will select such candidates as are considered suitable to appear for interview before a Selection Board at the Admiralty. Selection Boards convened locally will be held for candidates from the Dominions.

8. *Physical Requirements.*—The physical standard is given in Appendix II. Candidates selected by the Admiralty for interview by the Selection Board will be required to undergo an examination by the Medical Director-General of the Navy as to their physical fitness for appointment. This examination will be held, as far as possible, on the same day as the interview. A candidate will not be entered unless he has been vaccinated, and re-vaccination may be required, if considered necessary. The decision of the Admiralty as to physical fitness will be final.

9. *Conditions of service.*—Successful candidates will be entered as Acting Sub-Lieutenants (L) and will be appointed to the Royal Naval Electrical School (H.M.S. COLLINGWOOD) at Fareham, Hants, for a course of Training lasting about 3½ months.

On completion of this course, officers will be appointed to a ship for a period of 6 months sea training, after successful completion of which they will be confirmed as Sub-Lieutenants (L) and then appointed to H.M.S. COLLINGWOOD for a further course lasting 14 months. During this latter period, which will include 6 months Radio Industrial Training, they will hold the rank of Acting Lieutenant (L).

On completion of this further course, officers will be confirmed as Lieutenants (L) with seniority adjusted according to the results achieved in their courses so as to date from between 5 and 11 months after their date of joining the Royal Navy.

Failure to achieve satisfactory progress in the above courses will involve a delay in promotion, or the question of the officer's discharge from the Service.

After promotion to Lieutenant (L), officers will be subject to the same regulations as officers of the Electrical Branch entered as cadets. They will be promoted to Lieutenant-Commander (L) on attaining eight years' seniority as Lieutenant (L); advancement to Commander (L) and higher ranks will be by selection.

10. *Uniform.*—Prior to joining, successful candidates will be required to provide themselves with a minimum of uniform, details of which will be supplied. A cash grant towards the provision of the necessary outfit of uniform is payable in addition to a free issue of certain articles of clothing, subject to certain conditions of refund in the event of an officer failing to serve for certain prescribed periods from date of entry. Grants on this scale are not payable to officers who have already received a gratuity in respect of a previous period of Naval Service as an officer. Such officers may receive modified grants which will depend upon the length of break in service.

11. *Pay.*—The rates of pay are given on Page 5. Ante-dates in seniority will count towards increments in pay and for promotion, but the time so gained will not count for retired pay or for other financial purposes. Ante-dates will not carry back pay on the scale for the higher rank.

12. *Retirement.*—Officers will be compulsorily retired on reaching the following ages :—

Lieutenant-Commander (L)	45
Commander (L)	50
Captain (L)	55
Rear-Admiral (L)	60

Officers may be permitted to retire voluntarily at Admiralty discretion after reaching 40 years of age.

The rates of retired pay are given on pages 22 to 28.

APPENDIX II.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR ENTRY IN THE ELECTRICAL BRANCH OF THE ROYAL NAVY (UNIVERSITY CANDIDATES).

To prevent candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner.

It is to be understood that this private examination is suggested merely as a guide for intending candidates and to lessen the chances of disappointment, and that it is intended by no means to take the place of, or to influence in any way, the regular official Physical Examination. The following list of defects which cause rejection may be submitted to the private medical practitioner for guidance.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds, or injuries.
2. Skin disease, unless temporary or trivial.
3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.
4. Squint (except as provided under the heading "Visual Standards" at the end of this Appendix) deformity, or any chronic disease of the eye or eyelids.
5. Impaired hearing, or discharge from one or both ears, or any disease of the external, middle, or internal ear.
6. Disease of the bones of the nose, or of its cartilages, nasal polypus, or disease of the naso-pharynx.
7. Disease of the throat, tongue, palate or tonsils; any unsound or functionless teeth*, unhealthy gums, disease of the glands of the throat or neck, external cicatrices, if at all extensive and especially if adherent.
8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest, or any symptoms of lung diseases or tendency thereto.
9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.
10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms or is likely to form a serious impediment to the efficient performance of duty.
11. Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities, from whatever cause; a varicose state of the veins, especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers or toes.
12. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.
13. No person will be admitted into His Majesty's Service unless he has been vaccinated or re-vaccinated during the three years preceding the date of his entry.

---

* i.e., ten teeth missing or defective, a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The number given above is intended as a general guide, and is not necessarily strictly adhered to, provided the general condition of the teeth is good.

Dental defects in accepted candidates must be remedied prior to joining at their own expense.

Visual Standards

Full normal vision is not required, but vision without glasses must, in any case, be not less than 6/60 with each eye. With glasses vision must be, not less than 6/6 in one eye and 6/24 in the other eye. The candidate must be able to read Snellen D=0.6 (Jaeger, 2) with glasses, each eye being tested separately.

Hypermetropia (under homatropine) must not, in either eye, exceed 5.0 dioptres. Compound hypermetropic astigmatism must not exceed 5.0 dioptres in the meridian of greater error.

The fields of vision must be normal (confrontation test).

Glasses are permitted on duty.

An alternating concomitant squint with small deviation (not exceeding 15 degrees) will not debar from entry, but vision of candidates with such a squint must be capable of correction to 6/6—6/12 at least, and, with glasses, the candidate must read Snellen D = 0.6 with each eye.

If binocular vision is present, heterophoria must not be excessive and the acceptable limits tested with the Maddox Rod are:—

Eso- and Exo-phoria ..	6 prism dioptres
Hyperphoria	1 prism dioptre

A degree of defect of colour perception is permitted. This standard of colour perception entails, in general terms, success in a modified Martin Lantern Test, using a single large aperture with a neutral filter at a distance of eight feet. Sufficient colours should be shown to ensure that the candidates recognise the red, signal green and white lights without guessing.

REGULATIONS FOR FIRST APPOINTMENTS IN THE ROYAL MARINES.

(*Note.*—The Admiralty reserves the right to amend these regulations from time to time, but as much notice as possible is given of any alterations.)

1. Competitive examinations for appointments as Second Lieutenant in the Royal Marines are held in February, June and October of each year. The examinations are the Navy, Army and Air Force Entrance examinations, conducted by the Civil Service Commissioners.

2. Candidates are restricted to three attempts for the examination as a whole, including not more than two attempts for any one Service (i.e., Royal Navy, Royal Marines, Army or Royal Air Force).

3. Successful candidates will be entered as follows :—

Examination	*Date of Entry*
February	Following September.
June	Following January.
October	Following May.

II.—Age Limits.

4. Candidates must be within the age limits of 17 years 8 months and 19 years on the first day of the month of entry as given in paragraph 1 above (i.e., they must attain the age of 17 years 2 months, but must not attain the age of 18 years 6 months on the first day of the month following the normal date of the examination). Every candidate will be required to furnish the Civil Service Commissioners, as soon as called upon to do so, with an extract from the register of his birth, or, if this cannot be obtained, other documentary evidence, accompanied by a statutory declaration made by one of his parents or guardians before a magistrate, giving the exact date of his birth. Certificates of registry of birth or of baptism are not in themselves accepted as evidence of the date of birth.

III.—Nationality.

5. Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of clear proof of the nationality of the candidates will rest upon their parents or guardians, who, if they are in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application.

6. Candidates who possess a foreign, as well as a British, nationality may, in certain cases, be regarded as ineligible for entry into the commissioned ranks of the Royal Marines. Parents or guardians are therefore advised to seek an early decision from the Admiralty as to the eligibility for entry of prospective candidates possessing double nationality.

IV.—Physical Standard.

7. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination before the Medical Director-General of the Navy or the Officer deputed by him, and must be found physically fit for service in the Royal Marines. This examination will be held, as far as possible, on the same occasion as the tests referred to in paragraph 26. Candidates must be in good health and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and they must be in all respects well developed and active in proportion to their age. A candidate will not be entered unless he has been vaccinated within the past 3 years and is prepared to be re-vaccinated when considered necessary by the Naval Authorities. Details of the physical requirements for candidates are contained in Appendix I.

8. Candidates who are successful in the medical examination, will not receive any special notification of this fact from the Admiralty. If a candidate is rejected on medical grounds, however, the parent or guardian will be informed at once.

9. A Medical Board of Appeal is available to consider cases in which the parent or guardian of a candidate is not satisfied with the result of the official Medical Examination. This Appeal Board will consist of the Medical Director-General of the Navy and a physician or a surgeon or a specialist nominated by the Medical Consultative Board according to the nature of the alleged disqualification or disqualifications. A parent or guardian who wishes to make an appeal must do so by a date which will be stated in the letter notifying the candidate's rejection. The appeal must be forwarded to the Medical Director-General of the Navy, Admiralty, Queen Anne's Mansions, St. James's Park, London, S.W.1, and be accompanied by a cheque or crossed postal order for one guinea, payable to the Director of Navy Accounts.

V.—Preliminary Educational Qualification.

10. Before admission to the written examination all candidates must produce a School Certificate obtained by passing one of the following examinations :—

The School Certificate Examination of the Oxford and Cambridge Schools Examination Board.

The School Certificate Examination of the Oxford Delegacy for Local Examinations.

The School Certificate Examination of the Cambridge Local Examinations Syndicate.

The School Certificate Examination of the University of Bristol.

The School Certificate Examination of the University of Durham.

The General School Examination of the University of London.

The School Certificate Examination of the Northern Universities Joint Matriculation Board.

The School Certificate Examination of the Central Welsh Board.

11. If a candidate has not yet received the actual certificate, a certified statement from the Examining Body to the effect that he has passed the examination will be accepted.

12. Provided that in place of a School Certificate a candidate may produce evidence of having passed the Matriculation Examination of London University or any other examination which in the opinion of the Civil Service Commissioners is of equivalent or higher standard.

13. Provided further that a candidate educated in Scotland or Northern Ireland must, if he is not in possession of a School Certificate or equivalent, produce a statement from the Scottish Education Department or the Ministry of Education for Northern Ireland showing that he has attained a standard equivalent to that of the School Certificate of the Oxford and Cambridge Schools Examination Board, and that a candidate educated in the Dominions or elsewhere abroad must produce evidence satisfactory to the Civil Service Commissioners of having attained an equivalent standard.

14. Provided further in exceptional cases a candidate who has been prevented from obtaining a School Certificate or its equivalent by circumstances outside his control may, at the discretion of the Commissioners, be admitted to the examination if he can produce a statement from a school person or educational authority (e.g., his former master), that his general education is up to the standard required to obtain such a Certificate, together with a statement vouched for by a responsible person (not a relative) of the circumstances which prevented his obtaining his School Certificate.

15. Provided further that a Naval Ratings' Naval Apprentice who is not in possession of a School Certificate will be admitted to the examination to compete for a First Appointment in the Royal Marines if recommended by his Commanding Officer and if he produces when requested by the Civil Service Commissioners a statement from the Senior Instructor Officer of the R.N. Training Establishment that his general education is up to the standard required to obtain School Certificate.

16. The following regulations will come into force as the result of the introduction in 1951 of the General Certificate of Education, and will apply to the examination of October, 1951, and subsequent examinations :—

Before admission to the written examination all candidates must produce *either* a School Certificate *or* a General Certificate of Education issued by one of the Examining bodies named above. The General Certificate of Education must show a pass in (i) English Language, and (ii) *three* other subjects chosen from the following list :—

English Literature, Geography, History (*see* Note 1), Latin, Greek, French, German, Spanish, Italian, Russian, Mathematics *or* Pure Mathematics, Applied Mathematics, Physics, Chemistry, Physics and Chemistry (*see* Note 2), Botany, Zoology, Biology (*see* Note 3), General Science *or* Additional General Science (*see* Note 4), Geometrical and Machine Drawing *or* Technical Drawing.

Note 1.—Any one of the subjects recognised by the examining bodies will be accepted : e.g., History, History of the British Empire, Foreign History, Ancient History, etc.

Note 2.—Physics and Chemistry may not be offered with Physics or Chemistry.

Note 3.—Biology may not be offered with Botany or Zoology.

Note 4.—General Science or Additional General Science may not be offered if any other science subject is chosen.

VI.—Applications.

17. The examination will normally be held on the last Tuesday in February, the first Tuesday in June and the last Tuesday in October. Every candidate must obtain the necessary printed form of application* for admission to the examination. This will be furnished on application by letter, addressed to the Secretary, Civil Service Commission, 6, Burlington Gardens, London, W.1. The form must be filled up in the candidate's own handwriting and should be returned to the Secretary, Civil Service Commission, as early as possible.

18. The written examinations are held at various centres, a list of which may be obtained on written application to the Secretary, Civil Service Commission. All candidates will be required to pay a fee of 15 shillings.

19. The closing date for applications, usually about three months before the examination, is announced by the Civil Service Commissioners. No applications can be considered after this date.

20. Any candidate who has filled up and returned the printed application form, but has not received an acknowledgment of it within four complete days, should at once write to the Secretary, Civil Service Commission. Failure to comply with this provision may deprive the candidate of any claim to consideration.

21. A separate form of application must be obtained, filled up and duly returned by a candidate in connection with each examination which he wishes to attend. A candidate is, however, warned not to delay his application for the next examination until the result of the previous examination has been announced, since there may then be insufficient time for fresh application to be made.

22. The subjects of examination, with the marks obtainable in each subject, will be found in Appendix II. Specimen question papers may be obtained from H.M. Stationery Office, Kingsway, W.C.2. price 6d., postage 1d. These papers cannot be supplied by the Admiralty or the Civil Service Commissioners.

Any further particulars regarding the examination must be obtained by written application to the Secretary, Civil Service Commission.

23. Where a candidate's aggregate travelling expenses from his normal place of residence within the United Kingdom (third class railway fares or bus fares) incurred in connection with the written examination and tests exceed £1/5/-, the excess will be refunded. The Civil Service Commissioners reserve the right to limit payment to an amount calculated on the basis of travel to the nearest examination centre. Claims for refund should be submitted to the Commissioners on the form which will be supplied to each candidate. Lodging and food will be provided free of charge to candidates while they are at the Testing Establishment.

* The forms of application are ready for issue about four months before the date of each examination.

VII.—Concurrent Candidature for other Appointments.

24. A candidate for an appointment under these regulations may, if he so desires, and provided he fulfils all the necessary conditions, present himself at the same time, without payment of any additional fees, for examination for a Cadetship in the Executive Branch, the Engineering Branch, or the Supply and Secretariat Branch of the Royal Navy. Regulations relating to Naval Cadetships (Special Entry) may be obtained on application to The Secretary of the Admiralty (C.W. Branch), Queen Anne's Mansions, St. James's Park, London, S.W.1.

25. Candidates should note particularly that medical rejection for the Branches of their choice will not entitle them to be considered for any Branch not included in their choice, for which they may be medically fit. It is therefore most important that candidates should include in their order of preference on the application form all the appointments which they would be prepared to accept. A candidate is not allowed to add to his choice of Branch or Branches unless his request to do so is received at the Civil Service Commission before the closing date for applications. A candidate may, however, be allowed by the Commissioners to change his order of preference provided that his request is received at the Civil Service Commission before the date of commencement of the written examination.

VIII.—Tests of Personal Qualities.

26. As part of the scheme of examination, those candidates who qualify at the written examination, will be required, irrespective of whether or not they have competed at a previous examination, to undergo tests of aptitude, character and personality which will be conducted by the Admiralty. The general responsibility for the selection of candidates will rest with the Civil Service Commissioners who, at their discretion, may be represented on the Board. The tests will occupy one day and entail a stay of two nights. Marks up to a maximum of 400 for Personal Qualities will be awarded by the Interview Board on the results of these tests. This mark will be added to the mark scored at the written examination, and the final order of merit will normally be determined by the aggregate mark, but failure to attain a mark of 180 for Personal Qualities will disqualify candidates from the competition. See, however, paragraph 34.

IX. Special Appointments.

27. *Corps Nomination.*—One appointment in the Royal Marines will be given annually to the son of an Officer of the Royal Marine Forces recommended to His Majesty by the Lords Commissioners of the Admiralty.

28. Selection for this appointment will be restricted :—

(a) To sons of Officers who have been killed in action or have died of wounds received in action within six months of such wounds having been received, of from illness brought on by fatigue, privation or exposure, incident to active operations before an enemy, within six months after having been first certified to be ill ; or

(*b*) To sons of Officers who have attained the substantive or brevet rank of Major or above, and have performed long and distinguished service.

X.—Service Nomination

29. An additional appointment will be offered annually to sons of Officers or men of the Royal

Marine Forces and Royal Navy recommended to His Majesty by the Lords Commissioners of the Admiralty. The selection for this appointment will be confined to: —

30. The sons of Officers or men who have been killed in action or have died of wounds received afloat or ashore, or who have died through the destruction of their ship, or through drowning, or have suffered other violent death due directly or wholly to war service, or who have died of disease directly attributable to Active Service, or who have performed long and meritorious service. During the war applications will also be considered where the death or meritorious service is that of a brother.

31. Both of the foregoing appointments are contingent on the nominees qualifying in the entrance examination and showing a competent knowledge in the subjects of Elementary Mathematics and Elementary Physics.

32. Applications to be considered for these appointments should be addressed separately to the Commandant General, Royal Marines, Queen Anne's Mansions, St. James's Park, London, S.W.1, not later than the date on which the application to take the Civil Service examination is forwarded to the Civil Service Commission. The award of the appointments will be notified by the Admiralty.

XI.—Conditions of Entry.

33. Candidates must be unmarried.

34. A candidate will not be accepted if he is not, in the opinion of the Admiralty, in all respects suitable to hold a commission in the Royal Marines.

35. Successful candidates will be appointed as Second Lieutenants, Royal Marines, and receive the pay and allowances of that rank from date of joining. Their order of seniority on entry will be determined by their place on the examination results.

36. The final order of seniority of Officers will be determined by the results of all their professional (naval and military) examinations during the probationary period of their service.

37. On completion of the courses laid down in Section XV, the Senior Lieutenant may be awarded a revolver, or his personal sword may be suitably inscribed at the public expense and a sum equivalent to the difference between the cost of a sword and the cost of the inscription granted to him, the award being based on the aggregate results of the examinations held.

38. *Period of Probation.*—Officers will be considered as on probation until they have completed all their courses of instruction and training and have been successful in all the examinations hereinafter mentioned.

39. *Removal from the Service.*—An Officer may be removed from the Service if in the opinion of the Lords Commissioners of the Admiralty—

(i) He fails to reach a satisfactory standard in his work, or
(ii) His conduct is unsatisfactory, or
(iii) He does not display the qualities required of a Royal Marine Officer.

XII.—Uniform.

40. A list of uniform required on joining is sent to all successful candidates.

41. An outfit allowance is payable on entry and is supplemented by free issues of clothing. This allowance, at present £144, together with the free issues, is sufficient to provide all the essential uniform and other clothing required by the officer while under training. The outfit allowance may, at Admiralty discretion, be paid to the officer's parent or guardian if a claim is received before payment is made to the Officer.

XIII.—Swimming Certificate.

42. Before entry, a certificate from the school or other responsible authorities must be forwarded to the Commandant General, Royal Marines, that the candidate is able to swim at least 50 yards.

XIV.—Health Certificate.

43. A Second Lieutenant must also produce on joining a certificate that he has not suffered from or been exposed to, infectious disease during the previous 30 days.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR FIRST APPOINTMENTS IN THE ROYAL MARINES.

With a view to preventing Candidates who may be physically unfit for His Majesty's Service from

incurring the inconvenience and expense of preparing for Commissions in the Royal Marines, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner, to whom the following list of defects which cause rejection may be submitted for guidance.

It is to be understood that this private examination is merely suggested as a guide for intending Candidates and to lessen the chances of disappointment and that it is by no means intended to take the place of, or to influence in any way, the regular Official Physical examination.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds or injuries.

2. Skin disease, unless temporary or trivial.

3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.

4. Squint, deformity, or any chronic disease of the eyes or eyelids. The standard of distant vision on entry is not less than Snellen 6/12 in each eye tested separately without glasses. With glasses, vision must be at least 6/6 in each eye. For near vision, candidates must be able to read Snellen, D=0.5 (Jaeger, 1) with each eye without glasses. Hypermetropia exceeding 5.0 dioptres (under homatropine) or compound hypermetropic astigmatism exceeding 5.0 dioptres in the meridian of greater error will disqualify. Candidates must possess binocular vision. Heterophoria must not be excessive and the acceptable limits tested with the Maddox Rod are :—

Eso- and Exo-phoria	6 prism dioptres
Hyperphoria	1 prism dioptre

The minimum standard of colour vision is Standard 1. This standard of colour vision entails, in general terms, success in the complete Martin Lanrern Test.

5. Impaired hearing or discharge from one or both ears, or any disease of the external, middle or internal ear.

6. Disease of the bones of the nose or of its cartilages, nasal polypus, or disease of the naso-pharynx.

8. Functional or organic disease of the heart or blood-vessels, deformity or contraction of the chest, or any symptom of lung disease or tendency thereto.

9. Undue swelling or distention of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.

10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms, or is likely to form, a serious impediment to the efficient performance of duty.

12. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.

13. Candidates must be at least 5 ft. 5 ins. in height.

No candidate will be admitted unless he has been vaccinated. Re-vaccination will also be required if considered necessary.

* Ten defective or deficient teeth—a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The numbers given above are intended as a general guide, and are not necessarily strictly adhered to, provided the general condition of the teeth is good.

† Parents or guardians must arrange for dental defects in accepted candidates to be remedied prior to joining.

REGULATIONS FOR THE ENTRY OF OFFICERS FOR AIRCREW DUTIES IN THE ROYAL NAVY AS PILOT OR OBSERVER.

(Short Service)

(*The Admiralty reserves the right to amend these regulations from time to time, but as much notice as possible will be given of alterations.*)

1. Entries of officers for Aircrew duties will be made four times a year in January, April, July and October, in accordance with the arrangements set not below.

2. The officers will be entered as Naval Cadets, and they will be required to serve on the Active List of the Royal Navy for a period of 8 years from the date of entry. On completion of this Short Service

engagement, they will be placed on an Emergency List and will be liable for service in war or emergency during the subsequent 7 years. There will be opportunities, however, for a certain number of officers to transfer to permanent commissions in the Royal Navy.

3. Officers who leave the Active List on completion of their Short Service engagement will be eligible for a gratuity of £1,500 (free of tax). Those who are selected for permanent commissions will not be eligible for this gratuity, but they will be eligible for retired pay or gratuity under the regulations in force for permanent officers, and will be allowed to count their actual service on their short service commissions towards such retired pay or gratuity.

4. The rates of pay of officers of the general service branches of the Royal Navy are shown on pages 5—12. These rates will apply to officers entered for Aircrew duties.

II. *Age Limits.*

5. Candidates must have attained the age of 17 years 4 months, but must not have attained the age of 24 years on the first day of the month of entry. Every candidate will be required to forward to the Admiralty with his application an extract from the register of his birth, or, if this cannot be obtained, other documentary evidence, accompanied by a statutory declaration made by one of his parents or guardians before a magistrate, giving the exact date of his birth. Certificates of registry of birth of baptism are not in themselves accepted as evidence of the date of birth.

6. Candidates who are unsuccessful at the first attempt may renew their candidature only if they were passed as fit for flying duties by the Medical Board and did not fail in the flying aptitude tests.

III. *Nationality.*

7. Candidates must be British subjects and the sons of persons who are British subjects at the time of the candidate's entry. The burden of clear proof of the nationality of the candidates will rest upon their parents or guardians, who, if they are in any doubt, should seek the opinion of the Admiralty at the earliest opportunity. Candidates not of pure European descent must be resident in the United Kingdom at the time of application.

8. Candidates who possess a foreign as well as British nationality may be ineligible for entry into the commissioned ranks of the Royal Navy. Parents or guardians are, therefore, advised to seek an early decision from the Admiralty as to the eligibility for entry of prospective candidates possessing double nationality.

IV. *Physical Standard.*

9. Candidates will be required, irrespective of whether they have been passed fit in connection with a previous examination, to present themselves for medical examination before the Central Air Medical Board and must be found physically fit for flying duties in the Royal Navy. Candidates must be in good health and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and they must be in all respects well developed and active in proportion to their age. A candidate will not be entered unless he has been vaccinated within the past 3 years and is prepared to be re-vaccinated when considered necessary by the Naval Authorities.

10. Details of the physical requirements for candidates are contained in Appendix I.

11. The attention of parents is particularly invited to the advice in Paragraph 1 of Appendix I. Experience at recent examinations has shown that an undue number of candidates has been found to be suffering from defects sufficiently serious to cause their rejection on medical grounds. Had they been examined beforehand, as advised, unnecessary expense and disappointment might have been avoided.

V. *Educational Qualification.*

12. All candidates must have obtained, and must forward with their applications, either (a) a School Certificate showing that they have reached credit standard in Mathematics. The certificate must have been obtained by passing one of the following examinations :—

The School Certificate Examination of the Oxford and Cambridge Schools Examination Board.
The School Certificate Examination of the Oxford Delegacy for Local Examinations.
The School Certificate Examination of the Cambridge Local Examinations Syndicate.
The School Certificate Examination of the University of Bristol.
The School Certificate Examination of the University of Durham.
The General School Examination of the University of London.
The School Certificate Examination of the Northern Universities Joint Matriculation Board.
The School Certificate Examination of the Central Welsh Board.

or (b) a General Certificate of Education issued by one of the Examining Bodies showing a pass at ordinary level in 1, 2, and 3 below :

1. English Language.
2. Mathematics or Pure Mathematics or Pure and Applied Mathematics.
3. One subject taken from this list.

English Literature.	Applied Mathematics (see Note 2).
Geography.	Physics.
History (see Note 1).	Chemistry.

Russian	General Science (see Note 5).
	Geometrical and Mechanical Drawing or Technical Drawing.

Note 1. History. Any one of the subjects recognised by the examining bodies will be accepted as History, History of British Empire, Foreign History, Ancient History, etc.

Note 2. Applied Mathematics. A candidate may offer any mathematical subject not included in Subject 2 above: but "Additional Mathematics" may not be offered if "Pure and Applied Mathematics" is chosen as subject 2.

Note 3. Physics and Chemistry may not be offered with Physics or Chemistry.

Note 4. Biology may not be offered with Botany or Zoology.

Note 5. General Science or Additional General Science may not be offered if any other science subject is chosen.

13. If a candidate has not yet received the actual certificate, a certified statement from the Examining Body to the effect that he has passed the examination, the subjects being specified (with credit in Mathematics in the case of the School Certificate).

14. Provided that in place of the Certificate a candidate may produce evidence of having passed any other examination which in the opinion of the Admiralty is of equivalent or higher standard.

Digitized by Google

15. Provided further that a candidate educated in Scotland or Northern Ireland must, if he is not in possession of a School Certificate or equivalent, produce a statement from the Scottish Education Department or the Ministry of Education for Northern Ireland showing that he has attained a standard equivalent to that of one of the certificates mentioned in paragraph 12, and that a candidate educated in the Dominions or elsewhere abroad must produce evidence satisfactory to the Admiralty of having attained an equivalent standard.

VI. *Tests of Personal Qualities and Flying Aptitude.*

16. Candidates who satisfy the educational requirement and who pass the Medical Board will be required to undergo tests of intelligence, character and personality before an Admiralty Interview Board. The Medical Board and the Interview Board will be held on the same occasion and will occupy about 2½ days.

17. Candidates who pass both the Medical Board and the Interview Board will subsequently be required to undergo flying aptitude and grading tests at the R.A.F. Station, Hornchurch. These tests will occupy about 7 days.

18. Third class rail or bus fares in excess of £1 incurred in travelling in connection with these tests from the candidate's normal place of residence will be refunded. Lodging and food will be provided free of charge to candidates while they are at the Testing Establishments.

VII. *Applications.*

19. Every candidate must obtain an application form. This will be furnished on application by letter, addressed to the Secretary of the Admiralty (C.W. Branch 521), Queen Anne's Mansions, St. James's Park, London, S.W.1. The form must be completed in the candidate's own handwriting and returned to the above address together with the documentary evidence of birth and of educational qualifications.

20. Applications on the prescribed form, complete with the necessary enclosures must be received in the Admiralty by the following dates :—

1st January for the entry of April.
1st March " " " " July.
1st July " " " " October.
1st October " " " " January.

21. Any candidate who has filled up and returned the application form and has not received an acknowledgment of it within four complete days should write at once to the Secretary of the Admiralty (C.W. Branch 521) at the above address. Failure to comply with this provision will deprive the candidate of any claim to consideration on the grounds of loss or delay in the post.

VIII. *Conditions of Entry and Service.*

22. A candidate will not be accepted if he is not, in the opinion of the Admiralty, in all respects suitable to hold a commission in the Royal Navy.

23. The allocation of a candidate to Pilot or Observer duties will be at the sole discretion of the Admiralty.

24. Before a candidate's entry as a Cadet, a certificate by the school or other authority must be forwarded to the Secretary of the Admiralty to the effect that the candidate is able to swim at least 50 yards.

25. The Admiralty may require a Cadet to be withdrawn if, in their opinion :—

(i) He fails to reach a satisfactory standard in his work, or
(ii) His conduct is unsatisfactory, or
(iii) He does not display the qualities required of a Naval Officer.

26. It is to be clearly understood that the period of training as a Cadet is one of probation, and that the parent or guardian of a Cadet is required to withdraw him immediately if requested to do so by the Admiralty.

27. On invaliding an officer will receive proportionate gratuity calculated on the basis of £140 a year for the first eighteen months and £200 for each subsequent year of service (subject to the normal provision that any such gratuity is liable to be reduced or withheld if the disability is due to causes within the officer's own control.) An officer who, for any other cause, does not complete his full period of service on the Active List will not be entitled to any gratuity, but an award, either at the full rate or at a reduced rate to be decided by My Lords Commissioners of the Admiralty, may be sanctioned in the undermentioned circumstances :—

(*a*) For an officer compulsorily transferred to the reserve, required to relinquish his commission or resign.
(*b*) For an officer transferred to the reserve at his own request.

28. Gratuity will not be payable to the estate of an officer who dies or is killed while serving on the Active List. If a state of national emergency exists when an officer's period of service on the Active List is due to expire, he may be retained. Gratuity will then become payable on the date he would otherwise have been transferred to the reserve and his further service will not be reckonable towards short service gratuity.

IX. *Duration of Course of Training.*

29. Successful candidates will be entered as Naval Cadets (Executive) for Aircrew duties and be given six months' general naval training. On passing out from this training, they will be promoted to Midshipman if under the age of 21 or to Acting Sub-Lieutenant if they have attained the age of 21 and will undergo three months' pre-flight training. This will be followed by basic and applied flying courses lasting about 9 months for pilots and by observers' courses lasting about 9 months for observers. The Pilots will then undergo operational flying courses.

30. Officers serving as Midshipmen will be promoted to Acting Sub-Lieutenant subject to satisfactory service after one year four months in the rank of Midshipman or on attainment of the age of 19 years 6 months, whichever is the later, except that officers who are over the age of 19 years 6 months at the time of entry will be promoted to the rank of Acting Sub-Lieutenant on reaching the age of 21.

31. Officers who fail in their courses may have their appointments terminated.

32. Total time to be served as Sub-Lieutenant (Acting and Confirmed) before promotion to Lieutenant will be from 1 year 8 months to 3 years according to time gained on results obtained during courses.

X. *Financial Arrangements.*

33. The Admiralty will provide the Cadets with all the articles of uniform and clothing required on entry, and will also assume initial responsibility for sundry expenses, such as travelling expenses and laundry. The cost of these items will be waived or charged against the parent or guardian or the Cadet if 21 years of age at the date of entry according to his financial circumstances. The amount of repayment will be determined with reference to net income, which is assessed by the Admiralty. It will be payable in two instalments, the first at the time of entry of the Cadet, and the second at the end of his first three months of training.

34. If the net income as thus assessed falls below £300 a year, the parent or guardian or Cadet will not be required to pay any of the expenses involved. If the net income exceeds £300 a year the parent or guardian or Cadet will be required to make a total repayment varying from a minimum of £2 to a maximum of £100. Apart from the cost of maintenance while on leave no other form of expense will fall on the parent or guardian or Cadet.

35. Parents or guardians or Cadets if over 21 years of age will be required to submit a confidential statement of their financial position at the time of the Cadet's entry, in order that the Admiralty may assess the appropriate rate of repayment. Details of pay will be found on pages 5-12.

Digitized by Google

36. The Cadet will be eligible without charge for medical and dental treatment while under training and, while on leave, from the local Admiralty Surgeon and Agent. The repayment of expenses incurred through consulting a Civil Medical Practitioner will be considered by the Admiralty if an Admiralty Surgeon and Agent is not available, or under other exceptional circumstances.

XI. *General.*

37. A Cadet must produce on joining, or on returning from leave, a health certificate to the effect that he has not suffered from, nor been exposed to, infectious disease during the previous 30 days.

38. Letters about Cadets should be addressed to the Commanding Officer, H.M.S. (Name of Ship), c/o G.P.O., London, and not to the Captain by name.

39. Parents or guardians of Cadets must, in all cases of a permanent change of address, inform the Admiralty (C.W. Branch) and the Commanding Officer of the Ship.

These regulations do not apply to Naval Cadets who are entered at age 16, or to Special Entry Cadets in the Executive, Engineering, and Supply and Secretariat Branches, or to Special Entry Cadets in the Electrical Branch, for whom separate regulations are issued.

APPENDIX I

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR AIRCREW DUTIES IN THE ROYAL NAVY AS PILOT OR OBSERVER.

To prevent candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner.

It is to be understood that this private examination is merely suggested as a guide for intending candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular official physical examination. The following list of defects which cause rejection may be submitted to the private medical practitioner for guidance.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds or injuries.

2. Skin disease, unless temporary or trivial.

3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.

4. Squint, deformity or any chronic disease of the eye or eyelids.

5. Impaired hearing, or discharge from one or both ears, or any disease of the external, middle or nternal ear.

6. Disease of the bones of the nose, or of its cartilages, nasal polypus, or disease of the nasopharynx.

7. Disease of the throat, tongue, palate or tonsils; many unsound or functionless teeth*, unhealthy gums, disease of the glands of the throat or neck, external cicatrices, if at all extensive and especially if adherent.

8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest, or any symptoms of lung disease or tendency thereto.

9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the abdominal organs. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.

10. The existence of any serious defect of the genital organs, or of varicocele, when it clearly forms or is likely to form a serious impediment to the efficient performance of duty, e.g., when it is associated with varicose veins or piles.

11. Paralysis, weakness, impaired motion or deformity of the upper or lower extemities, from whatever cause; a varicose state of the veins especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers, or toes.

12. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.

13. No person will be admitted into His Majesty's Service unless he has been vaccinated or re-vaccinated during the three years preceding the date of his entry.

Height, Weight, and Leg Measurements.

The requirements are as follows:—
Height: 64″ minimum; 78″ minimum.
Leg Length: 39″ minimum (Pilots only).
Weight: 200 lbs. maximum.
Fractional deviations from these limits will entail rejection.

(NOTE:—Leg length is measured with the candidate sitting, his buttocks firmly against a wall and the measurement is taken from the wall to the ball of the heel).

Visual Standards.

The minimum standard of distant vision on entry is Snellen 6/6 in one eye and not less than Snellen 6/9 in the other eye without glasses. The defect must be due solely to error of refraction. For near vision the candidate must be able to read Snellen D=0.5 (Jaeger, 1) with each eye separately without the aid of glasses.

Hypermetropia (under homatropine) must not exceed the following limits: In the better eye Hypermetropia, 1.5 dioptre. Simple hypermetropic astigmatism, 0.75 dioptre. Compound hypermetropic astigmatism 1.5 dioptre (of which not more than 0.75 dioptre may be due to astigmatism) in the meridian of greater error. In the worse eye Hypermetropia, 2.5 dioptres. Simple hypermetropic astigmatism, 1.0 dioptre. Compound hypermetropic astigmatism 2.5 dioptres (of which not more than 1.0 dioptre may be due to astigmatism) in the meridian of greater error.

The fields of vision must be normal (confrontation test).

The candidate is required to pass special tests of his ocular muscle balance and stereoscopic vision before acceptance for Pilot training. The results of these tests are viewed as a whole by the Central Air Medical Board and mere attainment of the limits laid down does not necessarily ensure acceptance. For the guidance of parents and guardians, however, a summary of the limits required in these tests is given below:—

Maddox rod test (at 20 feet distance)	Exophoria	6.0 Prism dioptres
	Esophoria	6.0 Prism D
	Hyperphoria	1.0 Prism D
Convergence	10 cms. at least	
Accommodation	11 cms. at least	
Bishop Harman diaphragm test	Exophoric response 4 Esophoric response 5	
Cover Test	Rapid recovery of fixation necessary.	

Colour perception must be Standard 1. The standard of colour perception entails, in general terms, success in the complete Martin Lantern test.

* i.e., ten teeth missing or defective, a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Candidates must, however, possess some sound opposing molars and incisors. The number given above is intended as a general guide, and is not necessarily strictly adhered to, provided the general condition of the teeth is good.

† Dental defects in accepted candidates must be remedied prior to joining.

The minimum standard of colour perception is Standard 3, which entails success in a modified test with the Martin Lantern using a single large aperture at a distance of 8 feet. A small degree of squint is permissible provided that the eyes are capable of correction with glasses to 6/6—6/12 at least.

The candidate's teeth must be in a healthy condition and adequate for the efficient mastication of food. Any defects must be remedied prior to entry. The wearing of artificial dentures provided they are well-fitting will not necessarily disqualify a candidate who is fit and suitable in every other respect.

Except for the purpose of completing the four years' full pay service necessary to qualify for a gratuity they will not be retained beyond that period unless the requirements of the Service render it desirable, and unless they have proved themselves to be in every way suitable for permanent duty in the Navy. Chaplains not so retained will withdraw with a gratuity. A Chaplain who, in the opinion of the Admiralty, is unsuitable for the Naval Service may be discharged at any time.

Resignation before the expiration of four years' service may be permitted in special circumstances at the discretion of the Admiralty.

In the event of discharge after short service the names of Chaplains who are recommended will be specially brought to the notice of the Church authorities.

4. Chaplains leaving the service on the expiration of a Short Service engagement will be placed on an Emergency List and will be liable for service in war or emergency during the subsequent four years.

5. A Chaplain appointed by Their Lordships to a Greenwich Hospital living, is required to retire, if eligible for retirement, or to withdraw with a gratuity. If not eligible for retirement or withdrawal with a gratuity, he must resign his commission.

PAY, RETIRED PAY, ETC.

6. The pay, allowances, retired pay, etc., of Chaplains are contained under those headings in the appropriate sections of this "Appendix."

In certain circumstances widows are eligible for pensions with allowances for children, as provided in the appropriate sections of this "Appendix."

A small degree of squint is permissible provided that the eyes are capable of correction with glasses to 6/6—6/12 at least.

The candidates teeth must be in a healthy condition and adequate for the efficient mastication of food. The candidate must make his own arrangements for any defects to be remedied prior to entry. Candidates who possess a foreign as well as British nationality may be ineligible for entry in the commissioned ranks of the Royal Navy. Candidates are, therefore, advised to seek an early decision from the Admiralty in such circumstances.

3. Chaplains will be appointed for a period of four years only in the first instance. Except for the purpose of completing the four years' full pay service necessary to qualify for a gratuity they will not be retained beyond that period unless the requirements of the Service render it desirable and unless they have proved themselves to be in every way suitable for permanent service in the Navy. Chaplains not so retained will withdraw with a gratuity. Chaplains leaving the service on expiration of a Short Service engagement will be placed on an Emergency List and will be liable for service in war or emergency during the subsequent four years. A Chaplain who, in the opinion of the Admiralty, is unsuitable for the Naval Service may be discharged at any time. In addition, if the ecclesiastical authorities are not satisfied with the conduct of a Chaplain the Admiralty will take note of their objection.

4. Resignation before the expiration of four years' service may be permitted, in special circumstances, at the discretion of the Admiralty.

5. In the event of discharge after short service the names of Chaplains who are recommended will be specially brought to the notice of the Bishop in whose Diocese they may desire to take duty.

Special arrangements will be made for an officer who holds a degree in a non-mathematical subject.

An Instructor Officer (non-dagger) on entry will normally undergo a course of about ten weeks' duration in H.M.S. Officers with suitable qualifications in Mathematics and Science may subsequently be required to undergo a long course in Meteorology.

Any officer who fails to qualify in his preliminary course will be discharged.

CONDITIONS OF SERVICE.

7. Instructor Officers (dagger) will be entered in the rank of Acting Instructor Lieutenant and will be confirmed in rank on satisfactory completion of 6 months' service, most of which will have been spent in preliminary training. On confirmation, their seniority as Instructor Lieutenant will be ante-dated to a date two years before the date of entry and they will receive pay appropriate to an Instructor Lieutenant of that seniority, from the date of completion of 6 months' service.

This ante-date of seniority will count during an officer's short service (see para. 9) for the purpose of determining (a) his seniority and (b) his eligibility for increases of pay, and for no other purpose. If, however, a Short Service Officer is transferred to the Permanent List (see para. 15) the ante-date of seniority will count also as service for the purpose of promotion, but not towards retired pay.

8. Instructor Officers (non-dagger) will be entered in the rank of Instructor Sub-Lieutenant (Wardroom rank) and will be promoted to Instructor Lieutenant after one year's satisfactory service.

9. All officers will be entered, initially, on a Short Service engagement for a period of 3, 4 or 5 years. Those who leave the Service at the end of the Short Service engagement will be eligible for a gratuity (free of tax), the full rates of which are as follows :—

After 3 years' service	£300

Digitized by Google

Similar arrangements will be made with the Scottish Education Department and the Ministry of Education for Northern Ireland.

10. Service as an Instructor Officer counts as teaching service in determining the incremental position of a teacher on the Burnham Scales, and as qualifying for purposes of the Teachers (Superannuation) Acts. The position is similar as regards Scotland and Northern Ireland.

11. Details of the full pay, retired pay, etc., of Instructor Officers are contained under those headings in the various sections of this Appendix.

12. A gratuity of £103 toward the provision of the necessary outfit of uniform is payable in addition to a free issue of certain articles of clothing, subject to certain conditions of refund in the event of an officer failing to qualify in his courses. Grants on this scale are not payable to Officers who have already received a gratuity in respect of a previous period of Naval Service as an Officer. Such Officers may receive modified grants which will depend upon the length of break in service.

13. Instructor Officers must be prepared to serve in any part of the world.

EMERGENCY LIST.

14. Officers leaving the service on completion of a Short Service engagement will be placed on an Emergency List and will be liable for service in war or emergency during the subsequent four years.

TRANSFER TO THE PERMANENT LIST.

15. After a minimum period of 2 years' service and provided that they can serve for a further 10 years, Officers, who so desire, may be transferred to the Permanent List at Admiralty discretion. In determining such transfers, regard will be paid to an officer's Short Service career and to his suitability for higher appointments. The number of transfers will be governed by the number of higher appointments available from time to time for officers on the permanent list and by the career aspect of those selected. Interviews for selections will normally be held twice annually in April and October.

PROMOTION.

16. Subject to a satisfactory record an Instructor Lieutenant will be promoted to Instructor Lieutenant-Commander on attaining 8 years' seniority as Instructor Lieutenant. Promotion to the rank of Instructor Commander and above will be by selection, subject to such periods of service and such other conditions as may be specified from time to time.

DUTIES.

17. Instructor Officers are employed primarily on educational and training duties ashore and afloat. A certain number of officers qualified in meteorology, are, however, seconded for meteorological duties and constitute the major part of the Naval Weather Service.

18. Seagoing appointments are held by Instructor Officers of both grades in battleships, fleet and light fleet carriers, larger cruisers and the Cadets' Training Ship. The smaller cruisers, destroyer flotillas, depot and repair ships normally carry only Instructor Officers (non-dagger).

19. The Instructor Officer is an integral part of the organisation of his ship and at " Action Stations " (except where appointed for full-time meteorological duties), he is employed in a key position in the tactical and strategical plotting organisation. Officers qualified in meteorology may be appointed for forecasting and general meteorological duties in a full or part time capacity, and all officers with scientific qualifications must be available to assist with their knowledge in solving any scientific problem which may arise.

20. Ashore, Instructor Officers are appointed to the Naval Colleges, Technical and Training Establishments, the main Naval Air Stations and other establishments where theoretical technical instruction, basic education, adult education and meteorological requirements exist.

There are a number of administrative posts in Headquarters and Commands open to the more senior Instructor Officers, and occasional opportunities for advanced technical research exist.

In any ship or shore establishment the senior Instructor Officer is responsible to the Commanding Officer for all the educational activities, including the furtherance of Adult Education. The senior officer appointed for meteorological duties will, however, be responsible for the meteorological organisation.

21. Instructor Officers (dagger) are mainly responsible for the instruction of officers. At sea, this includes the training of Junior Officers in Navigation and the continuation of their general education. On the staffs of shore establishments, they are employed as instructors in such subjects as Navigation, Mathematics, Physics, Chemistry, Electrical, Mechanical Engineering, Radio, Aeronautics, Meteorology and Adult Education.

22. Instructor Officers (non-dagger) are generally employed in the training of ratings. At sea, their duties include the instruction of Men and Boys in technical and educational subjects. Ashore, in the New-Entry Training Establishments, their duties include the instruction of Boys, young Seamen and Artificer Apprentices in basic subjects (English, Mathematics, Physics): in the Technical Establishments and Air Stations instruction in such subjects as Electrical and Mechanical Engineering, Radio, Navigation and the organisation of Adult Education; and in the Dockyard Schools abroad, instruction of apprentices and children.

23. In the Weather Service, Instructor Officers (dagger) are selected for the more important posts, e.g., independent forecasting in Aircraft Carriers, at Naval Air Stations and Meteorological Centres, administrative and research duties at Headquarters and in the Commands. Instructor Officers (non-dagger) act as Assistant Meteorological Officers and dependent forecasters. Both grades can serve on a part time or a whole time capacity, those who show a particular interest or aptitude for meteorology being seconded to the Naval Weather Service for full time duties for a period of years.

(*a*) who have passed the School Certificate examination or its Scottish or Northern Irish equivalent, with passes in Mathematics* and Science

or

(*b*) who have obtained a credit in Mathematics* and Science in a School Certificate Examination or its Scottish or Northern Irish equivalent.

or

(*c*) who qualify in a special examination set by the Admiralty.

* Not Arithmetic only.

Candidates recommended for Direct Entry without further educational examination, because they hold qualifications (*a*) or (*b*), will be called upon to present themselves for the interview and aptitude test shortly before the time (January, May or September) fixed for the commencement of service of the particular entry for which they are applying.

Details of qualifications (*a*) and (*b*) are as follows :

SCHOOL CERTIFICATES.

A candidate may qualify educationally by holding a School Certificate issued by a University Examining body with passes in Mathematics and Science, or by having obtained credits in Mathematics and Science in a School Certificate Examination. The University Examining body must be one of those approved by the Ministry of Education, namely :

(i) Oxford and Cambridge Schools Examination Board.
(ii) Cambridge Local Examinations Syndicate.
(iii) Oxford Local Examinations Delegacy.
(iv) University of London.
(v) Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, Sheffield and Birmingham.
(vi) University of Durham.
(vii) University of Bristol.
(viii) Central Welsh Board.

A candidate may also qualify educationally if he produces evidence of having passed any other examination which in the opinion of the Admiralty is of equivalent or higher standard.

A candidate educated in Scotland or Northern Ireland may, in place of a School Certificate, produce a certificate from the Scottish Education Department or the Ministry of Education for Northern Ireland showing that he has obtained a standard equivalent to that of the School Certificate.

Candidates without the educational qualification (*a*) or (*b*) must sit for the special examination (*c*). Those who attain the qualifying standard will be required to present themselves for the interview and aptitude test at the same time as Direct Entry candidates. Candidates must obtain a standard in Mathematics, in Science, and in the examination as a whole, satisfactory to the Admiralty.

Admiralty Examination. This will be held locally on the last Tuesday in February and October and the second Tuesday in June of each year. The variation in June is made to avoid coincidence with " School Certificate " examinations. The question papers will be set by the Admiralty, will be the same for all candidates and will be supplied to the Education Authorities, Governing Body or Superintendent of the School or Establishment by whom all arrangements for holding the examination will be made.

Note.—For an experimental period of three years commencing June, 1949, the upper age limit is raised to 16 years 8 months.

The examination is completed in one day and consists of five papers as shown below :—

	Maximum Marks	*Time Allowed*
Mathematics	300	1½ hours
Science	200	1 hour
Essay	100	¾ hour
English (Comprehension Test)	100	¾ hour
General Paper	100	1 hour

The mathematics and science papers are to be taken in the morning, and the remaining papers in the afternoon.

The worked papers are to be forwarded for marking to the Secretary of the Admiralty (for D.E.D.), immediately after the examination.

The appropriate officer of the Education, etc., Authority will be required to forward with the papers a certificate that they are the genuine unassisted work of the candidate.

Failure to secure an apprenticeship in any particular examination will not render a candidate ineligible to compete in a subsequent examination, provided he is otherwise eligible ; nor will it render him ineligible for direct entry, should he subsequently obtain the School Certificate qualification.

RECOMMENDATIONS. All boys who wish to try for an apprenticeship should apply for recommendation to one of the following authorities :

(1) Local Education Authorities in Great Britain and Northern Ireland.

(2) Youth Employment Committees of Local Education Authorities or of the Ministry of Labour and National Service (including the Headmasters' Employment Committee in London and the Home Counties) ; or Local Employment Committees under the Ministry of Labour of Northern Ireland.

(3) The Governing Body of a Secondary School not provided by the local Education Authority, but recognised by the Ministry of Education, or the Ministry of Education (Northern Ireland), for purposes of grant, or conducted under the Secondary Schools (Scotland) Regulations of the Scottish Education Department, or recognised by the Scottish Education Department for the purposes of the award of the Day School Certificate (Higher).

(4) The Superintendent, Royal Hospital School, Holbrook.

(5) The Superintendents of the Training Ships *Arethusa* and *Mercury*, of the London Nautical Training School, the *Indefatigable* and National Sea Training Homes for Boys or Parkstone Sea Training School.

NOTE.—Boys who are not entitled to a Recommendation from one of the above authorities may be allowed to take the examination at the discretion of the Admiralty.

An intending candidate should in the first place consult the Headmaster of his school or, if no longer attending school, the local office of the Youth Employment Service. Recommendation forms cannot be supplied from the Admiralty direct to candidates.

Digitized by Google

Recommendations should be made on the appropriate form, which will be supplied only to the authority concerned, on application to the Secretary of the Admiralty, and must reach the Admiralty not later than :

1st October for examination in October for entry in January ;

1st February for examination in February for entry in May ;

15th May for examination in June for entry in September and not earlier than the day on which the preceding examination takes place.

NOTE.—Recommendations for Direct Entry candidates should also be submitted by one of the above dates according to the candidate's age.

AGE. Candidates must be between the ages of 15 years and 16 years 4 months on the 1st day of the month of entry, i.e., either January, May or September. (*See* note on page 185).

NATIONALITY. Candidates must be of British nationality and normally the sons of British parents on both sides.

INTERVIEW, APTITUDE TEST AND MEDICAL EXAMINATION. Candidates will have to satisfy the Selection Board that they will make good Artificer Apprentices. There will be practical tests designed to show the candidates' aptitude for craftsmanship.

Candidates will also have to appear before a Naval medical officer to ensure that they are in good health and, as far as can be ascertained, that they are free from any defect that would render them unfit for the duties of Artificer. Details of the medical standard are set out below.

MEDICAL STANDARD.

Candidates must be in good health and of sound constitution, and be free, as far as can be ascertained, from any disease or defect that would unfit them for the duties of Artificer in the Royal Navy.

HEARING must be unimpaired.

VISION. Candidates must possess distant vision, Snellen 6/9 and near vision, Snellen D=0.5 (Jaeger 1) in each eye tested separately without glasses. Colour vision must approximate to normal.

TEETH must be in good condition and afford an efficient masticating area, including sound functionally opposed molars and incisors on both sides of the mouth. The loss of five or more teeth will generally disqualify a candidate.

HEIGHT AND CHEST MEASUREMENT. The following standard for candidates for entry as Artificer Apprentices has been fixed as a guide to examining medical officers :

Height 5 ft. 1 in. Chest 31 in.

All candidates must be willing to be vaccinated, re-vaccinated, and inoculated if necessary. Parental consent to this must be produced.

PRELIMINARY MEDICAL EXAMINATION. To lessen the chances of subsequent disappointment, intending Candidates are advised to present themselves for preliminary medical and dental examination at a headquarters recruiting office, at a Naval port or Naval establishment as near as possible to their homes, and at some time before sitting for the Admiralty educational examination. The preliminary medical examination would be free of charge, but intending candidates would be required to pay their own travelling expenses. It must be clearly understood that the preliminary medical examination is suggested as a guide to intending candidates and would not influence the final examination mentioned in the preceding paragraph. Application may, if necessary, be made to the Director of Naval Recruiting, Admiralty, London, S.W.1, for guidance as to the most convenient medical establishment.

CONSENT OF PARENT ON ENTRY. A successful candidate must produce the consent, in writing, of his parent, guardian or nearest relative, to his entering the Navy and engaging to serve for 12 years (Continuous Service) from the age of 18 in addition to whatever period may be served before he attains that age.

CANDIDATES WITH SERVICE CLAIMS.

A limited number of apprenticeships are awarded to candidates with Service claims who reach a qualifying standard in the special Admiralty examination. They will be nominated by the Lords Commissioners of the Admiralty from lists of candidates recommended by Commanders-in-Chief at home and abroad, the Admiral Commanding Reserves, Flag Officers Commanding in Home Waters, the Engineer-in-Chief of the Fleet and the Commandant General Royal Marines.

Candidates must be : sons of Commissioned Officers, Warrant or Branch Officers, Chief Petty Officers or Petty Officers of the Royal Navy ; Commissioned Officers, Warrant Officers or Non-commissioned Officers, of or above the rank of Sergeant, of Royal Marines ; Clerks, Draughtsmen, Inspectors and Foremen of the Artisan branches, or skilled Artisans not below the grade of Chargeman, of H.M. Dockyards. Service Nominations are restricted to :—

(*a*) boys whose fathers are dead ;

(*b*) boys whose fathers have been invalided or who have, for some similar reason, strong claims to special consideration on compassionate grounds ;

(*c*) boys whose fathers can show long and faithful service, or other sound reasons for consideration.

In allotting Service Nominations under sub-heading (*a*), Their Lordships' preference will be given to boys whose fathers have been killed in action, lost at sea on active service, or killed on duty ; or have died of wounds in action or injuries received on duty, within six months from the date of such action or injuries. Boys who are ineligible solely because their fathers were below the rank or grade specified in the paragraph above may be included in the recommendations for nomination if considered deserving and suitable candidates. Their names will, however, be considered after those of candidates whose fathers were of the necessary rank or grade.

Parents, if serving, should apply for a recommendation through the Commanding Officer of the Ship or Establishment in which they are serving, who will transmit the request to the appropriate Authority. If not serving, parents should apply to the Commander-in-Chief at the nearest Home Port. Royal Marines, if not serving afloat, should apply to the Director of Pay and Records, Royal Marines, Melville Barracks, Chatham.

Recommendations by one of the Authorities quoted above can be accepted at the Admiralty at any time after the boy has attained the age of 14 years 9 months. The latest date for the receipt of recommendations is the closing date for the receipt of applications for the last examination for which the boy is eligible by age.

Candidates will be eligible for nomination to an Apprenticeship in connection with any Admiralty examination held after the receipt of the recommendation at the Admiralty. If a candidate fails to qualify at the first attempt and sits for the examination on one or more further occasions, the original recommendation for a Service nomination holds good.

In all cases full statements of the father's service and of the family circumstances must be given.

In exceptional circumstances officers and men holding the ranks or rates mentioned above may apply for a recommendation for boys to whom they stand in the position of guardian. Independent and satisfactory evidence that the boy has been brought up by his guardian for five years or more should be forwarded with the recommendation.

Application for a Service Nomination does not of itself constitute an application for admission to the educational examination. Every candidate should take the necessary steps to ensure that a recommendation to compete is forwarded on his behalf by the local educational or other appropriate authority.

THE TRAINING OF AN ARTIFICER.

On entering the Navy the Artificer Apprentice joins H.M.S. *Fisgard*, the Royal Naval Artificers' Training Establishment at Torpoint, Cornwall. Here he lives and is educated free of charge in an establishment run on the lines of a good training college. He is appointed to one of the Houses, each of which is named after a famous Admiral, and his work and recreational activities are directed by the House Tutor and House Officer.

The Apprentice spends four terms, which last 16 months, in H.M.S. *Fisgard*. During the first three terms, he is trained in general craftsmanship, including wood-work, fitting, metal working and machining. He is also taught the rudimentary principles of all types of machinery to be encountered in the Service. In addition to technical training, he receives a general education and is examined in all the subjects studied.

BRANCH AND TRADE SELECTION. At the end of his first year at H.M.S. *Fisgard* the Apprentice is asked to state which branch he would like to join—Aircraft, Engine Room, Electrical, Ordnance or Shipwright. It cannot be guaranteed that he will enter any particular branch, but his wishes and his aptitude are carefully considered before he is allocated to a branch. During his last four months at H.M.S. *Fisgard* he starts on the specialised work of the branch to which he has been allocated.

Within the Engine Room Branch, Apprentices specialise in various trades, namely, boiler making, copper smithery, fitting and turning and engine smithery. Here, again, consideration is given to the Apprentice's preference, but his aptitude and the demands of the Service will influence the final choice.

SPECIALIST COURSES. After leaving H.M.S. *Fisgard* Aircraft Artificer Apprentices join H.M.S. *Condor*, the Royal Naval Artificers' Training Establishment at Arbroath, Scotland, while Electrical Artificer Apprentices join H.M.S. *Collingwood*, the Royal Naval Electrical School near Fareham, Hampshire, where they are subsequently divided into Apprentice groups for Electrical Artificer, Radio Electrical Artificer, Electrical Artificer (Air), and Radio Electrical Artificer (Air). These two latter groups complete their training at H.M.S. *Ariel*, the Royal Naval Air Electrical School near Warrington, Lancashire. All other Apprentices go to H.M.S. *Caledonia*, the Royal Naval Artificers' Training Establishment at Rosyth on the Firth of Forth.

At these training establishments Apprentices devote two years and eight months to advanced training in their own particular trade. They receive both theoretical and practical instruction in the operation and upkeep of the machinery and other equipment of the kind for which they will later be responsible. There will, for instance, be lathe work, the taking to pieces and assembling of engines and pumps, of electrical machines and equipment, Wireless and Radar equipment, in addition to lectures in which the function of these machines and equipment is explained.

PASSING-OUT EXAMINATION. Naval Artificer Apprentices of each branch, have to pass an examination and a practical test set for their branch, and provided they are successful, they are rated Artificer 5th Class.

Further details are published in the pamphlet "The Life and Prospects of the Royal Naval Artificer" which may be obtained on application to the Secretary of the Admiralty, London, S.W.1, or to any Recruiting Staff Officer, R.N. or R.M.

2. To entitle a man to a Medal, he must be eligible as above and have been recommended for the award by the Registrar-General of Shipping and Seamen.

3. Except as shown in clause 6 service with the Regular Forces, Militia or Special Reserve, will not be allowed to reckon towards the qualifying period, but all service with the Auxiliary Forces, including service qualifying for the Colonial Auxiliary Forces Long Service Medal, will reckon, provided the last 5 years have been served in the R.N.R.

4. Men transferred from the Royal Naval Reserve to the Royal Navy or the Royal Fleet Reserve, and men discharged from the R.N.R. on completion of a term of enrolment or on becoming medically unfit, who enter the Royal Navy and eventually enrol in the Royal Fleet Reserve, may count service in the Royal Fleet Reserve toward the Royal Naval Reserve Long Service and Good Conduct Medal, provided that men entered in the Royal Navy on or after the 1st April, 1908, declared their prior service in the Royal Naval Reserve on entry in the Royal Navy.

NOTE.—The above concession is limited to men serving on 14th December, 1921, or entered thereafter, in the Royal Navy or in the Reserves, in question.

Men in possession of the Royal Fleet Reserve Long Service and Good Conduct Medal who subsequently re-enter the Royal Navy or Royal Marines on regular engagements and qualify for the award of the Active Service, Long Service and Good Conduct Medal, will be required to surrender the Reserve Medal on being awarded the Active Service Medal. Similarly, men who possess the Royal Fleet Reserve Medal will be required to surrender it on being subsequently awarded the Royal Australian Navy or the Royal Canadian Navy Long Service and Good Conduct Medal.

4. When the conduct of any man after he has been awarded the Medal is considered to be such as to disqualify him from wearing it, he may be deprived of it by the Commander-in-Chief or the Commandant General, Royal Marines. The deprivation will be reported to the Admiralty.

When reservists are mobilised or re-entered in the Royal Navy, the regulations for the deprivation of the Active Service, Long Service and Good Conduct Medal (King's Regulations and Admiralty Instructions Article 563, Clauses 1–5) are to apply equally to the deprivation of the Royal Fleet Reserve Medal.

5. A minimum period of three years' "Very Good" conduct is required for restoration of the Medal, and a medal of which a man has been deprived for misconduct may be restored on the man's discharge from the Reserve, at the discretion of the Commander-in-Chief or the Commandant General, Royal Marines, provided the above conditions have been fulfilled. Should the man, however, complete five years' "Very Good" conduct before he is discharged, the medal may be restored on completion of that period at the discretion of the Commander-in-Chief or the Commandant General, Royal Marines.

6. When it is desired to replace a medal which has been accidentally lost, the man to whom the medal belonged must make a declaration before a Magistrate or Registrar of the Royal Fleet Reserve, stating the circumstances in which the loss occurred, together with his rating, name, class, number in the Reserve, and Royal Naval official number, or Royal Marine register number. This declaration will be sent to the Admiralty through the Registrar of the Royal Fleet Reserve, and the Medal will be replaced, on payment, if the explanation of its loss is considered satisfactory.

7. Medals are to be worn, in conformity with the Regulations for Naval Uniforms (Ratings), with No. 2 dress (or No. 7 dress in hot climates) on those occasions when the wearing of No. 1 or No. 6 dress is authorised for Active Service ratings, i.e., at inspections and musters, on ceremonial occasions, and on Sundays in harbour. Medals are not to be worn on any other occasion.

GOOD CONDUCT MEDAL AND GRATUITY.

Qualification for Award.—The Long Service and Good Conduct Medal represents, with Good Conduct Badges, the highest standard of conduct in the Service and it is important that recommendations for the award of the medal should not be made as a matter of course on completion of the necessary period of qualifying service.

2. *Gratuities.*—Except where otherwise stated, the award of a Good Conduct Medal will carry with it, irrespective of rating, a gratuity of £20, payment of which will be authorized by the Director of Navy Accounts.

3. To be entitled to the award of the Long Service and Good Conduct Medal and Gratuity, a man must:

(*a*) have completed 15 years' pensionable service with continuous "Very Good" character, and with previous character not inferior to "Good" in service which is reckonable for pension purposes. Where character during such service has been assessed as "Good" on the 31st December in any year, time reckoning for the medal will not commence until the 1st January following.

(*b*) have actually re-engaged to complete time for pension (but *see* clause 2 below regarding ratings on non-continuous service engagements).

(*c*) be in possession of three Good Conduct Badges.

(*d*) have been recommended for the award by the Captain of his ship, or the Commanding Officer, on his Service Certificate for the three consecutive years immediately preceding the award.

(*e*) be provisionally recommended by the Captain of the ship or the Commanding Officer of the establishment in which he is serving at the time of the application as in every respect deserving of the award.

2. *Non-Continuous Service.*—Maltese ratings serving on non-continuous service engagements are eligible for the award of the medal and gratuity under the foregoing conditions, except that clause 1 (*b*) above is not applicable. Other non-continuous service ratings, including non-European native ratings, may be awarded the medal without gratuity if their records of service and character conform to the requirements for an award under the ordinary rules.

3. Desertion will render a man ineligible for the award of the medal under the ordinary regulations (*see* Article 9—Special Recommendations).

4. *Long Service and Good Conduct Gratuities—Additional Allowance.*—Men awarded the gratuity referred to in Article 2 will also be eligible to earn an additional allowance, which will be payable in a lump sum with the first payment of pension on discharge, at the rate of £1 for each year of qualifying service with "Very Good" character rendered subsequent to the award or restoration of the medal.

2. Officers of Branch or higher rank who have been promoted thereto after the award of medal and gratuity will be allowed, on confirmation in rank, to receive payment of any additional allowance that may have been earned up to the date of their promotion.

3. Service during which a "Good" character is awarded will not count as qualifying service for the additional allowance, notwithstanding that the man may not have been deprived of the medal.

4. When a man is deprived of or forfeits his medal he will forfeit the additional allowance already accrued. If the medal is restored before he is pensioned, the amount earned subsequently to the date of restoration only will be awarded.

5. When a man is invalided after having been awarded the medal and gratuity, and before completion of the full time for pension, he will be granted any additional allowance that may have been earned up to the date of his discharge.

6. Any man who voluntarily quits the Service after the award of the medal and gratuity, and before becoming entitled to a pension, will forfeit all claim to any additional allowance that may have been earned.

7. Where a man who has been discharged to pension is permitted to re-engage for a further period of service subject to relinquishment of pension, such further service will be allowed to count for purposes of the additional allowance under the usual regulations, provided that the man is qualified in all respects for this allowance.

5. *Long Service and Good Conduct Gratuities and Additional Allowances of Dead Men.*—If a man should die after the award of his medal any gratuity or additional allowance to which he may be entitled will be paid to his widow, or next-of-kin if dependent upon him.

6. *Breaks in Service.*—A break in service not due to desertion, dismissal, sentence of imprisonment, or other misconduct on the man's part, will not be considered as breaking the continuity of his "Very Good" character, or of recommendations for the medal and gratuity, provided that he rejoins within five years or, if invalided, as soon as the state of his health permits.

7. *Annual Recommendations.*—After a man has been awarded a "Very Good" character assessment for the twelfth year in succession in service counting towards the medal and provided his character continues to be "Very Good," the Captain of the ship or the Commanding Officer is to consider whether he is deserving of a recommendation for the medal.

2. If the man is considered deserving of the medal, the Captain of the ship or the Commanding Officer, when recording the award of the thirteenth successive annual "Very Good" assessment on the Service Certificate, is also to record the recommendation by the notation "R.M.G."

3. If a man is not considered deserving of the medal, the fact is to be recorded by drawing a line across the recommendation column of the Service Certificate. The reason for so doing is also to be fully recorded by the Captain, or the Commanding Officer, on the man's recommendation for advancement and conduct record sheet.

4. Provided that a man's character remains "Very Good" and he is still recommended, a record as in clause 2 is similarly to be made at each subsequent annual assessment until the medal is awarded.

5. The recommendation, or otherwise, of a man is also to be noted on his recommendation for advancement and conduct record sheet whenever he is transferred to another ship or division after he has become eligible for recommendation.

8. *Recommendations to the Admiralty.*—The names of men provisionally recommended for medals and gratuities, are to be sent to the Director of Navy Accounts on Form S.218, accompanied by their Service Certificates or certified copies thereof, in sufficient time to allow for verification of entitlement and preparation of the medal (normally one calendar month), and for approval to be received and presentation to be made on the date when the award is due.

2. Recommendations for Royal Marine ranks disembarked are to be forwarded through the Director of Pay and Records, Royal Marines.

9. *Special Recommendations.*—If a man has the essential service qualification of 15 years with continuous " Very Good " character in accordance with the foregoing Articles but is ineligible for the award of the medal under the ordinary regulations, the Admiralty will consider any recommendation for a special award of the medal on the grounds that the man has displayed heroism or gallantry in action or has rendered some special service in time of emergency, during service qualifying for the medal and subsequent to the lapse which disqualifies him under the ordinary rules. The recommendation should be made by letter submitted through the Commander-in-Chief or Flag Officer or for a Royal Marine serving on shore through the Director of Pay and Records, stating fully the circumstances in which the application is made.

2. A recommendation for a man who has a record of 18 years' qualifying service with continuous " Very Good " character will also be considered although he may be disqualified under the ordinary regulations.

3. For men recommended under this Article the " R.M.G." notations on service certificates are not essential.

10. *Presentation of Medal and Gratuity.*—When the approval of the Admiralty has been received, the medal is, if possible, to be presented by the Captain before the ship's company or for Royal Marines by the Commanding Officer on parade. The gratuity is to be paid on the authority which will be issued by the Director of Navy Accounts. In no circumstances is the medal to be presented or the gratuity to be paid before the date on which the award is due.

2. The award of the medal and gratuity is to be noted on the Service Certificate. In order that the possession of the medal may not be overlooked when consideration is being given to deprivation of a Good Conduct Badge, the award of the medal is to be noted at the foot of the Badge column in addition to the Medals section of the Service Certificate.

11. *Misconduct Pending Presentation.*—If a man's conduct should not have been satisfactory in the interval between the date on which he is provisionally recommended for the medal and the date on which the award would normally be due, the Admiralty is to be informed by signal. The medal will not be awarded and, if received in the ship, is to be returned with the authority for payment of the gratuity to the Admiralty, and the circumstances explained.

2. If the presentation of the medal is for any reason delayed beyond the date on which the award is due, and misconduct (other than a trival offence not breaking the continuity of a man's " Very Good " conduct or " V.G." character) occurs in the interval, the medal is to be withheld and particulars reported to the Admiralty for decision. The report is to state whether deprivation of the medal would have been proposed had it been in the man's possession at the time of punishment, unless the punishment awarded automatically involves loss of medal. The authority for payment of the gratuity which accompanies the medal is not to be acted upon, unless the decision arrived at by the Admiralty is to the effect that the medal is to be regarded as awarded and deprived, in which case payment of the gratuity may then be made.

12. *Clasps.*—A man holding the medal who completes a further fifteen years' service on any kind of Royal Naval engagement with the character qualifications required for the original award may be awarded a clasp to the medal. The award of the clasp will not entitle the recipient to any further gratuity or pension addition. Applications for the award are to be made on Form S.218, endorsed " CLASP ONLY," and forwarded as directed in clause 8, accompanied by the Service Certificate or a certified copy thereof.

NOTE.—The rules as to deprivation and restoration of the G.C. Medal are contained in Article 563 of the King's Regulations and Admiralty Instructions.

MERITORIOUS SERVICE ANNUITIES AND MEDALS (ROYAL MARINES).

A sum not exceeding £400 a year is placed at the disposal of the Admiralty to be distributed in annuities not exceeding £20, as rewards for distinguished and meritorious service. This award was open either before or after discharge to Senior Non-Commissioned Officers of the Royal Marines who had completed 21 years' service, or had been granted a life pension on account of wounds or hurts received in action or otherwise in the execution of duty.

2. It has now been ruled that as Royal Marines receive the higher rate of L.S. and G.C. gratuity, they are not eligible for this award, but ranks who were already registered in the department of the Commandant General, Royal Marines on 16th May, 1947, will remain eligible for the medal and annuity, and awards will be made, as and when vacancies occur, to the most deserving cases.

3. Ranks selected for honorary distinction are entitled to wear a silver medal, having on one side His Majesty's effigy and on the other the words " For meritorious service," and bearing the name of the recipient with the date of the grant. The medal and annuity is liable to forfeiture for recipients on conviction for treason, sedition, or mutiny.

3. Where a pension has been increased by virtue of any addition since the 3rd September, 1939, to the emoluments of any office or employment in respect of which, or on retirement from which, the pension is payable, and the said addition was an addition by way of war bonus or other similar allowance, the increase authorised under the First and Second Schedules shall be calculated as if the pension had not been increased by reason of the said addition, and

(*a*) if the amount of the increase authorised under these Schedules, when so calculated as aforesaid, is equal to or less than the amount by which the pension has been increased by reason of the said addition, the pension shall not be increased under these Schedules; and

(ii) Where the amount of a pension is determined by reference to an average rate of emoluments received over a period of service (later referred to as "the relevant service") part of which was served before 1st April, 1946:

(*a*) For the purpose of calculating the amount of any increase under these Schedules, the pension shall be deemed to be of the like amount as the pension which could have been granted if it had fallen to be determined by reference to the average rate of emoluments received over so many years of the relevant service as were begun before 1st April, 1946;

(*b*) The amount of the increase which could be granted apart from this sub-paragraph (*b*) shall be reduced in the proportion which the relevant service less the years begun as aforesaid, bears to the whole of the relevant service.

Where part of a pension has been surrendered by a pensioner for the purpose of enabling a grant to be made of a pension to the wife or husband of the pensioner under any arrangement whereby a pension is payable to the wife or husband of the pensioner during the pensioner's lifetime, then for the purpose of determining the percentage by reference to which the authorised increase of each of these pensions is to be calculated under the First and Second Schedules, each of the pensions shall be deemed to be of an amount equal to the aggregate of the two pensions.

5. The Admiralty may prescribe the manner in which the means of a pensioner are to be calculated for the purpose of this Order in Council, and may require from time to time of all pensioners who claim, or may be in receipt of, an increase of pension under the First Schedule a declaration in such form as may be prescribed regarding their means of livelihood and conditions as regards dependants.

6. An increase of pension granted under the First Schedule may be reviewed with a view to increase, reduction or cessation, whenever a change in the circumstances and means of livelihood of the pensioner renders such review necessary.

7. Any general conditions attaching to the grant or continuance of retired pay or pension under Naval Regulations shall also apply to the grant or continuance of any increase to such retired pay or pension awarded under the provisions of this Order in Council.

8. The provisions of this Order in Counci shall have effect from the 1st January, 1944.

(*b*) an award under Part V of this Order shall be based upon the highest of those different relevant ranks.

(5) For the purposes of an award in respect of the death of a retired officer who has been recalled to service or otherwise taken into employment as a commissioned officer, the relevant rank shall be the rank in which he was employed, or the rank appropriate to the appointment in which he was employed, at the date on which he was last on full pay prior to the termination of his service, or at any of the dates mentioned in paragraph (2) (*c*) of this Article, whichever is most favourable.

(3) For the purposes of an award in respect of disablement (which may be made provisionally or upon any other basis), the degree of that disablement shall be assessed on an interim basis, unless the member's condition permits a final settlement as to the extent, if any, of that disablement.

10. *Determination of degree of disablement.*—(1) Subject to the following provisions of this Order the degree of the disablement due to service of a member of the naval forces shall be assessed by making a comparison between the condition of the member as so disabled and the condition of a normal healthy person of the same age and sex, without taking into account the earning capacity of the member in his disabled condition in his own or any other specific trade or occupation, and without taking into account the effect of any individual factors or extraneous circumstances:

Provided that, where such disablement is due to more than one injury, a composite assessment of the degree of disablement shall be made by reference to the combined effect of all such injuries.

(2) The degree of disablement assessed as aforesaid shall be certified by way of a percentage, the disablement being represented by 100 per cent. (which shall be the maximum assessment) and a lesser degree being represented by such percentage as bears to 100 per cent. the same proportion as the lesser degree of disablement bears to total disablement, so, however, that a degree of disablement of 20 per cent. or more shall be certified at a percentage which is a multiple of ten, and a degree of disablement which is less than 20 per cent. shall, except in a case to which Table 1 in the Third Schedule applies, be certified in the manner required by Table 2 of that Schedule.

(3) Where a disablement is due to an injury specified in the First Schedule or is a disablement so specified, and, in either case, has reached a settled condition, the degree of that disablement shall, in the absence of any special features, be certified for the purposes of this Article at the percentage specified in that Schedule as appropriate to the injury or to that disablement.

(4) Where a member of the naval forces has sustained a minor injury specified in Table 1 in the Third Schedule as well as some other disablement due to service, the degree of which is less than 20 per cent., and a composite assessment of the degree of the disablement from both causes is no less than the assessment for the other disablement, this Article shall have effect so as to authorise an award under Article 12 in respect of the minor injury as well as an award under Article 11 or 12 in respect of the other disablement.

(3) Where a child of a male member is a child to whom Article 1 (5) (*e*) applies, an allowance under this Article in respect of that child shall be at such rate as the Minister may determine, but shall not exceed £36 a year where the member was a commissioned officer, £30 a year where the member was a warrant officer or 11s. a week in any other case.

(4) Where the widower of a woman member is alive, no allowance shall be awarded under this Article in respect of any child of whom the widower is the father or who has been legally adopted by the widower unless the conditions for the award under Article 31 or 36 of a pension to the widower in respect of the death of the member are fulfilled. In this paragraph the word "widower" includes a person married to the member after the material date.

(5) Where —

(*a*) a child of a male member is not under the control of the child's mother or of a person who is or has been in receipt of a pension under Article 26, 28 or 29, in respect of the death of the member; or

(*b*) a child of a woman member is not under the control of the child's father or of a widower of the member, being a father or widower in receipt of a pension under Article 31 or 36 in respect of her death;

33. *Pensions to motherless or fatherless children under the age limit.*—Where a child of a male member of the naval forces is or becomes motherless, or where a woman member who has a child dies without leaving a widower (whether married to her before or after the material date) or the pensioned widower of such a woman member dies, and in either case the child has not attained the child's age limit, a pension may be awarded to the child at which ever of the following rates is applicable:—

(*a*) where the member was a commissioned officer, £60 a year;

(*b*) where the member was a warrant officer,* £45 a year if the child has not attained the age of 15 years or £52 a year if the child has attained that age;

(*c*) in any other case, 13s. 6d. a week if the child has not attained the age of 15 years or 20s. a week if the child has attained that age:

Provided that, in the case of a male member, a pension under this Article to a child to whom Article 1 (5) (*e*) applies shall be at such rate as the Minister may determine, but shall not exceed the rate which would be appropriate under the foregoing provisions of this Article.

(*a*) is a student or an apprentice; or

(*b*) is incapable of self-support by reason of an infirmity which arose before he attained the child's age limit;

and the circumstances are such, in the opinion of the Minister, as to justify the award or its continuance.

(2) Subject to paragraph (3) of this Article, an allowance or pension so awarded or continued shall be at the rate and subject to the conditions laid down in the foregoing provisions of this Part.

(3) Where a child in whose case the conditions of Article 32 (5) or 33 are fulfilled has attained the age of 18 years and is incapable of self-support by reason of an infirmity which arose before he attained

(*a*) the child has attained the age of 5 years; and

(*b*) the circumstances of the family are such as to require it; and

(*c*) the Minister is satisfied that the type of education which the child is receiving or is to receive is suitable for the child.

(2) The amount of an education allowance shall be determined by the Minister, but the total payments made in respect of any period of twelve months shall not exceed £80 in respect of any one child.

36. *Awards for ineligible members of the family of unemployable pensioners.*—Where a member of the naval forces was at the date of his death in receipt of an allowance in respect of a child under Article 17 (3) (*d*) (ii) or in respect of a husband under Article 17 (3) (*b*), a pension to or an allowance in respect of the child and a pension to the husband may be awarded at the rate and subject to the conditions which would have been appropriate under the foregoing provisions of this Part if the child or husband had been an eligible member of the family.

37. *Pensions to parents.*—(1) Subject to the following provisions of this Article, the parent of a member of the naval forces may be awarded a pension if he is in pecuniary need by reason of old age, or infirmity or other adverse condition which is not merely of a temporary character:

Provided that, where the widow, unmarried dependant living as a wife, or widower of a member is in receipt of a pension under this Part, a pension shall not be awarded under this Article unless the parent was dependent on the member.

(2) In determining whether and to what extent a parent is in pecuniary need, the Minister shall take into account the extent to which the member before and during his service supported the parent, and the extent to which the member, if he had not died, would have been likely, in the opinion of the Minister, to support the parent thereafter.

(3) The rate of a pension under this Article shall be not less than £15 a year where the member was an officer, or 5s. a week in any other case, and shall not exceed—

(i) where the member was an officer, £20 a year;

(ii) in any other case, 7s. 6d. a week where there is only one eligible parent or 12s. 6d. a week where there is more than one eligible parent.

(5) Where the conditions for the award of a pension under this Article are fulfilled in the case of more than one parent of a member, a pension may be awarded to whichever parent the Minister may select and, so long as the award to that parent is in force, a pension shall not be awarded to any other parent of the member:

Provided that, where the parents of the member are not living together, a pension may, if the Minister thinks fit, be awarded to each of them, so, however, that the aggregate rate of the pensions shall not exceed the maximum rate at which a pension under this Article may be awarded.

38. *Pensions to other dependants.*—(1) Subject to the following provisions of this Article, any other dependant of a member of the naval forces may be awarded a pension if he was dependent on the member and is in pecuniary need and incapable of self-support:

Provided that—

(*a*) Not more than one dependant shall be awarded a pension under this Article in respect of the death of the member except in the case of juvenile dependants, and where an award under this Article to any dependant ceases for any reason to have effect, no award shall be made under this Article to any other person unless that person is the wife or husband of that dependant; and

(*b*) The decision of the Minister shall be final on any question as to which of two or more dependants who may be eligible should receive a pension under this Article.

(2) A pension awarded under this Article to any other dependant who is not a juvenile dependant shall be at such rate as the Minister may determine, but shall not exceed £54 a year where the member was an officer or 20s. a week in any other case, and shall not, in a case where a pension under Article 37 is in payment to one eligible parent of the member, exceed this maximum which, by virtue of paragraph (4) of this Article, is appropriate in such a case.

(3) A pension awarded under this Article to a juvenile dependant of a member shall be at such rate as the Minister may determine, but shall not exceed—

(*a*) where the member was a male commissioned officer, £26 a year for each juvenile dependant, so, however, that the aggregate rate of the pensions shall not exceed whichever is the greater of the following rates, namely—

(i) £75 a year; or

(ii) the appropriate ordinary rate of a widow's pension under the principal Regulations;

(*b*) where the member was a woman with commissioned officer status, £26 a year for each

(*c*) where the member was a warrant officer,* £20 a year for each juvenile dependant, so, however, that the aggregate rate of the pensions shall not exceed £65 a year;

(*d*) in any other case, 6s. a week for each juvenile dependant, so, however, that the aggregate rate of the pensions shall not exceed 20s. a week;

and shall not, in a case where a pension under Article 37 is in payment to one eligible parent of the member, exceed the maximum which, by virtue of paragraph (4) of this Article, is appropriate in such a case.

(4) Where a pension under Article 37 is in payment to one eligible parent of the member, the rate of a pension under this Article to another dependant of the member or, as the case may be, the aggregate rate of the pensions to the other dependants of the member, shall not exceed the difference between the rate of the pension of which the parent is in receipt and the maximum rate which would be appropriate in that case under paragraph (3) of Article 37 if there were two eligible parents and the case were treated as an exceptional case under the proviso to that paragraph.

39. *Remarriage of female pensioners, etc.*—(1) Any pension to or allowance in respect of a female person awarded under this Part in respect of the death of a member of the naval forces shall cease if that person marries or cohabits with some other person as his wife.

(2) Where a pension awarded under Article 26 to the widow of an officer or of a sergeant-major of the Royal Marines, or a pension awarded under Article 37 to the female parent of a member of the naval forces, ceases under paragraph (1) of this Article on her marriage, the Minister may, on the death of her husband of that marriage, restore the pension in whole or in part if the circumstances of the widow or parent are, in his opinion, such as to justify its restoration.

(3) Where a pension awarded under Article 26 or 28 to the widow of a rating (not being the widow of a sergeant-major of the Royal Marines) ceases on her marriage, a gratuity equal to one year's pension may be awarded to her.

(4) An allowance under this Part in respect of the child of a member of the naval forces shall not be affected by the cessation under this Article of a pension awarded to any other person in respect of the death of that member.

(5) Subject to the provisions of this Article where a re-employed officer is in receipt of an award in respect of previous disablement and the award contains no element in respect of his previous service, he may be granted, in lieu of the existing award, an award under Article 11, the degree of disablement being assessed by reference to the combined effect of all the injuries which are due to service and to his previous service:

Provided that where the existing award is in respect of disablement due to service in the 1914 World War, or is in respect of disablement due to service before the 1914 World War but is at a rate laid down for disablement due to service in the 1914 World War, he may be granted, in addition to the existing award, an award under Article 11 in respect of the additional disablement which is represented by the difference between the degree of disablement assessed by reference to the combined effect of all the injuries which are due to service and to his previous service, and the degree of disablement on which the existing award is based.

(6) Where, in the case of an officer to whom paragraph (4) or (5) of this Article applies, the disablement due to service is a minor injury specified in Table 1 in the Third Schedule, and the existing award is not increased by the re-assessment of the degree of the disablement by reference to the combined effect of all the injuries which are due to service and to his previous service, the officer may be granted, in addition to the existing award, the appropriate gratuity under Article 12.

(*a*) to continue to receive retired pay in respect of service; or

(*b*) to receive, in lieu of such further retired pay and in final settlement, the service gratuity which might otherwise have been granted on the termination of his service, less the difference between the amount of such retired pay which has been issued and the amount of the payments which would, over the period of such issue, have been made if a life annuity had been purchased corresponding in value to the service gratuity and determined actuarially according to the officer's age on the date his service terminated:

Provided that—

(i) if the officer is eligible for a gratuity under Article 12, he may receive that gratuity in addition to an award under this paragraph;

(4) Where an officer promoted from rating has received a service gratuity and subsequently a claim in respect of his disablement due to service is accepted, he shall have an option—

(i) a disablement addition on a pension basis or, as the case may be, a disablement addition on a gratuity basis; or

(ii) the appropriate award under paragraph (2) (*a*) or (*b*) of this Article less the annual value of the service gratuity as a life annuity determined actuarially according to his age at the time when he exercises the option:

(4) Where the disablement due to service of a rating with a previous pension is a minor injury specified in Table 1 in the Third Schedule, and the existing award is not increased by the re-assessment of the degree of disablement by reference to the combined effect of all the injuries which are due to service and to his previous service, the rating may be granted in addition to the existing award the appropriate gratuity under Article 12.

(2) Where the Minister in any case considers that it is by reason of some act or omission by or on behalf of a person to or in respect of whom a pension or gratuity is being or may be paid that—

(*a*) there is no compensation to be taken into account against that pension or gratuity under paragraph (1) of this Article; or

(*b*) the amount of compensation so to be taken into account against that pension or gratuity is less than it would otherwise have been;

and the Minister is of the opinion that such act or omission was unreasonable, the Minister may assess the amount of the compensation which, in his opinion, would have fallen to be taken into account as aforesaid but for such act or omission, and may, for the purpose of paragraph (1) of this Article, treat the amount so assessed as if it were compensation which could be taken into account under that paragraph against that pension or gratuity.

(3) In this Article "compensation" means—

(*a*) any periodical or lump sum payment in respect of the disablement or death of any person, or in respect of any injury, disease, or incapacity sustained or suffered by any person, being a payment—

(3) In this Article "child" includes any person who is for the purposes of any provision of this Order to be treated as a child to or in respect of whom a pension may be or has been awarded.

56. *Payment of public claims out of pensions.*—Where the Minister is satisfied that a sum is due to the Crown, a Secretary of State, a Minister or a Government Department from a person to or in respect of whom a pension or gratuity may be or has been awarded, or that an overpayment has been made to or in respect of any such person by the Crown, a Secretary of State, a Minister or a Government Department, the Minister may deduct from the pension or gratuity in respect of that sum or overpayment such amounts and at such times as he may think fit and may apply the amounts so deducted in or towards paying or repaying that sum or overpayment.

57. *Administration of pensions, etc.*—(1) A pension or gratuity awarded to or in respect of any person may be administered by the Minister if that person—

(*d*) is a person in whose case the award can be forfeited or has been restored under Article 58;

or if, in any other case, the Minister considers that it is in the interests of that person that it should be so administered.

(2) A pension or gratuity which is being administered under this Article may, as to the whole or such part thereof as the Minister thinks fit and at such times as he thinks fit, be applied for the benefit of the person to or in respect of whom it has been awarded or be paid to any person whom the Minister considers a fit and proper person so to apply the same.

58. *Forfeiture of pensions, etc.*—(1) Where a person to or in respect of whom a pension or gratuity may be or has been awarded—

(*a*) is, in pursuance of a sentence or order of a Court upon his being found guilty of an offence, serving a term of imprisonment, detention, preventive detention or corrective training, or detained in a Borstal institution, approved school or remand home; or

(*b*) is under any enactment deported from, required to leave, or prohibited from entering the United Kingdom or the Isle of Man, or is a person whose certificate of naturalisation has been revoked; or

(*c*) being a person to or in respect of whom an award of a pension or gratuity may be or has been made under Part V of this Order, is, in the opinion of the Minister, unworthy of a grant from public funds;

the Minister may withhold the award of the pension or gratuity or, if it has been awarded, may direct that it shall be forfeited as from such date (including any past date) as he may think fit.

(2) The Minister may, upon such terms and as from such date (including any past date) as he thinks fit, restore, either in whole or in part, a pension or gratuity forfeited under this Article.

59. *Refusal of treatment.*—(1) Where it is certified that a member of the naval forces should in his own interests receive medical, surgical or rehabilitative treatment for a disablement in respect of which a pension may be or has been awarded to him, and the member refuses or neglects to receive the treatment, the Minister may, if he considers that such refusal or neglect is unreasonable, reduce any pension in respect of the member's disablement by such an amount, not exceeding one-half of any such pension, as he may think fit.

(2) For the purpose of this Article, any misconduct on the part of the member which, in the opinion of the Minister, renders it necessary for any treatment that he is receiving to be discontinued, may be treated as a refusal of the member to receive the treatment.

60. *Failure to draw pension.*—Where a person fails for a continuous period of not less than twelve months to draw his pension, the award may be cancelled and payment of any arrears may be withheld:

Provided that the Minister may, in any particular case, restore the award and pay the arrears either in whole or in part.

61. *Arrears.*—Except in so far as the Minister may otherwise direct with respect to any particular case or class of case, payment of a pension shall not be made in respect of any period preceding the date of the application or appeal as a result of which the claim to the award of the pension, or as the case may be, to the continuance or resumption of the payment of the pension, is accepted.

62. *Payment of pensions.*—Payment of a pension under this Order may be made provisionally or upon any other basis and for such period as the Minister may think fit and, except as the Minister may direct either generally or in any particular case or class of case, a pension awarded in terms of a weekly amount may be paid weekly in advance and a pension not awarded in such terms may be paid quarterly or monthly in arrear.

63. *Review of awards, etc.*—(1) Where the Minister makes a final assessment of the degree or nature of the disablement of a member of the naval forces, or a final decision that there is no disablement or that the disablement has come to an end, any award under Article 11 or 12 made on the basis of that assessment, or any such final decision, shall not, subject to any decision given by a Tribunal under the Pensions Appeal Tribunals Acts, 1943 and 1949(a), and to the provisions of this Part, be reviewed unless—

(*a*) in the case of a final assessment, there is a substantial increase in the degree of disablement which is due to service; or

(*b*) in the case of a final decision, there is a substantial degree of disablement which is due to service; or

(*c*) the rate of the pension or other grant has by error been fixed at a figure which is not appropriate under this Order to the assessment of the degree or nature of the disablement; or

(*d*) the award of the pension or other grant has been made by error; or

(*e*) the Minister has reason to believe that the award has been obtained by improper means.

(2) Any award under this Order (other than an award made on the basis of such a final assessment as aforesaid) may, subject to any decision given by a Tribunal under the Pensions Appeal Tribunals Acts, 1943 and 1949(a), be reviewed at any time on any of the grounds specified in paragraph (1) of this Article, or on any other ground which, in the opinion of the Minister, having regard to the provisions of this Order, necessitates its review.

(3) On any review under this Article the Minister may continue or vary the award, or make a fresh award in place of it, or cancel it, or in the case of such a final decision as is mentioned in paragraph (1) of this Article may make an award as may be appropriate having regard to the provisions of this Order.

64. *Power to dispense with probate.*—(1) Where a person to whom any payment could have been made under this Order before his death dies before the payment is made, and the amount unpaid does not exceed £100, the amount so unpaid may be paid to the personal representative of the deceased person without probate or other proof of title, or may be paid or distributed to or among the persons appearing to the Minister to be the persons beneficially entitled to the personal estate of the deceased person, or to or among any one or more of those persons, and, in determining the persons to whom and the proportions in which the amount so unpaid shall be paid or distributed, the Minister may have regard to any payments made or expenses incurred by any such person for or on account of the funeral of the deceased person.

(2) Where a deceased person has died intestate and he was, or any child of his was or is, illegitimate, the deceased person and any such child shall, for the purposes of this Article, be treated as legitimate.

65. *Administration of this Order.*—This Order shall be administered by the Minister or, as to any particular provision thereof which he may select, by such other person or body acting under his directions as he may direct, and, except as otherwise provided by statute, the Minister shall be the sole interpreter of this Order and shall be empowered to issue such instructions with reference thereto as he may from time to time deem necessary.

66. *Transferred powers.*—Nothing contained in this Order shall prejudice or affect any power transferred to the Minister under Section 1 of the Pensions (Navy, Army, Air Force and Mercantile Marine) Act, 1939(a).

67. *Commencement of this Order and revocation of previous Orders.*—(1) Subject to the following provisions of this Article, this Order shall be deemed to have come into operation on the 1st June, 1949, in place of the Order of the 4th June, 1946(b) and the two Orders of the 21st May, 1947, which shall cease to have effect from the 1st June, 1949, in respect of any period after that date.

(2) Subject to the following provisions of this Article—

(*a*) where, on the 31st May, 1949, an allowance granted under Article 12 (4) of the Order of the 4th June, 1946, in respect of an unmarried dependant living as a wife of a member of the naval forces was being paid, that allowance may be continued until the conditions for the grant of an allowance under the said Article cease to be fulfilled;

(*b*) where an allowance has been continued by virtue of subparagraph (*a*) of this paragraph until the death of the member of the naval forces, an award may be made under Article 28 of the Order of the 4th June, 1946, if and for so long as the conditions for an award under that Article are fulfilled;

(*c*) an award may be continued under Article 28 (4) of the Order of the 4th June, 1946, to an unmarried dependant living as a wife if, on the 31st May, 1949, she was in receipt of a pension under Article 28 (2) or 28 (3) of the said Order and, on the expiration of the period of twelve months beginning with the date of the member's death, or at the date when she ceases to have in her charge a child of the member and to receive an allowance in respect of that child under the provisions of Part V of this Order, as the case may be, she is in pecuniary need and incapable of self-support.

(3) Subject to the following provisions of this Article, each of the provisions specified in the first column of the following Table shall be deemed to have come into operation on the commencing date specified in the second column of that Table in relation to that provision, so, however, that no payment shall be made by virtue of any of the said provisions in respect of any period before the commencing date as specified in relation to that provision.

NAVAL AUXILIARY PERSONNEL SCHEME, 1946.

Scheme (S.R.80 1946, No. 1640) as amended by Order dated 6th February, 1948, made by the Minister of Pensions under Sections 5 and 7 of the Pensions (Navy, Army, Air Force and Mercantile Marine) Act, 1939, as amended by the Pensions (Mercantile Marine) Act, 1942, governing the grant of Compensation for War injuries and Detention to, or in respect of, Personnel serving under agreement T.124 and Variants in Commissioned Auxiliary War Vessels, and other Naval Auxiliary Members Serving Afloat in H.M. Ships.

1. In this Scheme the following expressions have, unless the context otherwise requires, the meanings hereby respectively assigned to them, that is to say—

(1) "the Act" means the Pensions (Navy Army, Air Force and Mercantile Marine) Act, 1939, as amended by the Pensions (Mercantile Marine) Act, 1942;

(2) "detention," in relation to a naval auxiliary member, means detention which—
  (*i*) is consequent on the capture, seizure, arrest or other restraint of the naval auxiliary member or of his ship by reason of the existence of a state of war; and
  (*ii*) is suffered by reason of his service;

(3) "equivalent naval rank," in relation to a naval auxiliary member, means the rank which the naval auxiliary member is, by virtue of Article 4 of this Scheme, to be treated as holding for the purposes of this Scheme;

(4) "material date," in relation to any claim to an award under this Scheme, means the date of the qualifying injury, or of the commencement of the detention, on which the claim to the award is based;

(5) "the Minister" means the Minister of Pensions;

(6) "naval auxiliary member" means a person who—
  (*a*) is subject to the Naval Discipline Act by virtue of section 90 of that Act; and
  (*b*) is, in pursuance of a naval engagement—
    (*i*) employed or engaged in sea-going service in a ship forming part of His Majesty's Navy; or
    (*ii*) temporarily employed or engaged in a Depot Ship forming part of His Majesty's Navy either pending his being employed or engaged in sea-going service in pursuance of that engagement or pending termination of that engagement after he has been employed or engaged in seagoing service in pursuance thereof;

(7) "naval engagement," in relation to any person, means an engagement with the Admiralty to serve His Majesty—
  (*i*) in a particular ship; or
  (*ii*) in a particular ship or such ships as the Admiralty may from time to time determine;
  Provided that, where a person enters into two or more successive naval engagements which succeed each other without an interval, those engagements shall be deemed for the purposes of this Scheme to constitute a single naval engagement;

(8) "the Naval Order" means the Order in Council dated January 20th, 1944(a), as amended by Order in Council dated 28th September, 1944, concerning retired pay, pensions and other grants for members of the naval forces and of the nursing and auxiliary services thereof disabled, and for the widows, children, parents and other dependants of such members deceased, in consequence of service during the present war;

(9) "public funds" means moneys provided by Parliament or the Parliament of Northern Ireland, moneys the payment whereof is a charge on the Consolidated Fund of the United Kingdom or of Northern Ireland, moneys provided by any general or local rate or by a fund established under or by virtue of any public, general or local Act, and moneys payable under any enactment, ordinance, regulation or other instrument forming part of the law of any place outside the United Kingdom;

(10) "qualifying injury," in relation to a naval auxiliary member, means a war injury or a war risk injury, being in either case an injury sustained by the naval auxiliary member by reason of his service;

(11) "rank" includes rating;

(12) "service," in relation to a naval auxiliary member, means service after the 2nd September, 1939, in pursuance of a naval engagement;

(13) "ship forming part of His Majesty's Navy" means a ship of the Royal Navy in commission;

(14) "war injury" and "war risk injury" have the meaning respectively assigned thereto in the First Schedule to this Scheme.

2.—(1) The Intepretation Act, 1889, applies to the interpretation of this Scheme as it applies to the interpretation of an Act of Parliament.

(2) In no case shall there be an onus on any claimant under this Scheme to prove that disablement or death is directly attributable to the relevant qualifying injury or to detention, and the benefit of any reasonable doubt on those questions shall be given to the claimant.

2 (**A**) Where a claim under this Scheme—
  (*a*) in respect of disablement is made more than seven years after the date of the relevant qualifying injury or end of detention, or
  (*b*) is made in respect of the death of a person, such death having occurred more than seven years after the date of the relevant qualifying injury or end of detention,

and upon reliable evidence, a reasonable doubt exists whether the disablement is, or the death was, directly attributable to the relevant qualifying injury or detention, the benefit of that reasonable doubt shall be given to the claimant.

(3) For the purposes of this Scheme, the detention of a naval auxiliary member may be treated as continuing until whichever is the earliest of the following dates, that is to say—
  (*a*) the date of his death; or
  (*b*) the date on which it is first practicable for him to go to the place to which he ought to go for the purpose of resuming the performance of his duties under the naval engagement in pursuance of which he was serving at the commencement of the detention; or
  (*c*) the date of which it is first practicable for him, without committing a breach of the naval engagement in pursuance of which he was serving at the commencement of the detention, to return to the country to which he belongs;

or until such other date as the Minister may direct in relation to that naval auxiliary member or to any class of naval auxiliary members.

3.—(1) Subject to the provisions of paragraph (3) of this Article, this Scheme applies to any naval auxiliary member whose disablement or death is directly attributable to a qualifying injury or to detention.

(2) This Scheme applies also, subject to the provisions of paragraph (3) of this Article, to any person employed or engaged in a ship forming part of His Majesty's Navy as an enlisted man of the Royal Navy in whose case it was provided on his enlistment that, in the event of his disablement or death being directly attributable to a war injury,

war risk injury or detention, compensation would be payable in accordance with the provisions of the Scheme for the time being in force applying the provisions of the Naval Order to naval auxiliary personnel, and accordingly any such person shall be treated for the purposes of this Scheme as if he were a naval auxiliary member, the rank in which he is serving in the Royal Navy being treated as his equivalent naval rank and his service during the war as a man of the Royal Navy being treated as his naval service.

(3) This Scheme does not apply to any person to whom any Scheme made under subsection (2) of section 5 of the Act applies.

4.—(1) For the purposes of this Scheme a naval auxiliary member shall be treated as holding on the material date the equivalent naval rank which is specified in the Second Schedule to this Scheme in relation to the capacity, or the capacity and circumstances, in which he was rendering naval service, and the qualifications which he held, on that date:

Provided that where, in the case of a naval auxiliary member holding a commission granted by His Majesty for the purpose of his service, his commissioned rank was on the material date higher than the rank specified in the Second Schedule to this Scheme in relation to the capacity, or the capacity and circumstances, in which he was rendering service, or the qualifications which he held, on that date, the equivalent naval rank which the naval auxiliary member shall for the purposes of this Scheme be treated as holding on that date shall be his commissioned rank.

(2) Where on the material date a naval auxiliary member—

(*a*) fails to be treated by virtue of the foregoing provisions of this Article as holding an equivalent naval rank which is, in the opinion of the Minister, too low or too high having regard to any circumstances which the Minister may consider relevant to the determination of the equivalent naval rank of that naval auxiliary member; or

(*b*) was rendering service in a capacity, or in a capacity and circumstances, not specified in the Second Schedule to this Scheme;

that naval auxiliary member shall be treated for the purposes of this Scheme as holding on that date such equivalent naval rank as is, in the opinion of the Minister, appropriate.

(3) Where the disablement or death of a naval auxiliary member is directly attributable, not to a single qualifying injury or period of detention, but to two or more such causes, and different ranks would, by virtue of the foregoing provisions of this Article, be applicable to the different causes of the disablement or death—

(*a*) any award under the Naval Order as applied by this Scheme in respect of disablement shall be at such composite rate as the Minister may consider apropriate having regard to the disabling effect of each such cause and the rank applicable thereto; and

(*b*) any award under the Naval Order as applied by this Scheme in respect of death shall be based upon the highest of those different ranks.

5. Where the disablement of a naval auxiliary member is directly attributable to a qualifying injury or to detention, the provisions of the Naval Order, modified in the respects indicated in the Third Schedule to this Scheme, shall apply to him so as to secure that, subject to the provisions of this Scheme, there may be made on the termination of the naval engagement in the course of which he sustained the qualifying injury or suffered the detention an award or awards in respect of that disablement of the like nature and amount as would, having regard to his equivalent naval rank, have been made in respect thereof under the Naval Order if he had been a member of the naval forces for the purposes of that Order and his disablement had been due to service as a member of those forces during the war.

6. (1) Where a naval auxiliary member who has suffered disablement which is directly attributable to a qualifying injury or to detention (in this Article referred to as the "relevant disablement") has been awarded a pension or other grant payable out of public funds (otherwise than under this Scheme) in respect of some other disablement however caused, the degree of the relevant disablement shall not exceed the difference between—

(*a*) the degree of the other disablement determined by reference to the assessment on which payment of the said pension or other grant is being made or, where that payment is not based on any specific assessment, the assessment which, in the opinion of the Minister, having regard to the regulations under which that payment is made, is appropriate to that other disablement; and

(*b*) the degree at which the relevant disablement and the other disablement, determined as aforesaid, would together have been assessed on a composite assessment if both disablements had fallen to be assessed under the Naval Order as applied by this Scheme.

(2) The Minister may, notwithstanding anything in the Naval Order as applied by this Scheme or in this Scheme, make such award in respect of the relevant disablement as will secure that the aggregate value of the award in respect of that disablement and of the pension or other grant in respect of the other disablement is not less than the value of the award which, if both disablements had come within the scope of this Scheme, would have been made by virtue of Article 4 (3) of this Scheme having regard to the equivalent rank of the member in relation to the relevant disablement and the rank which is, or should, in the opinion of the Minister, be assumed to be, the basis of the pension or other grant in respect of the other disablement.

(3) Where an award may be made under the Naval Order as applied by this Scheme in respect of a member of the disabled person's family in respect of whom an award is not comprised in the pension or other grant in respect of the other disablement, the provisions of this Article shall not apply in relation to that award.

7. Where the death of a naval auxiliary member is directly attributable to a qualifying injury or to detention, the provisions of the Naval Order, modified in the respects indicated in the Third Schedule to this Scheme, shall apply to him so as to secure that, subject to the provisions of this Scheme, there may be made an award or awards of the like nature and amount as would, having regard to his equivalent naval rank, have been made under the Naval Order if he had been a member of the naval forces for the purposes of that Order and his death had been due to service as a member of those forces during the war.

Provided that an award under this Article shall not be made where the death of the naval auxiliary member takes place more than seven years after the date of the relevant qualifying injury or end of detention unless at the date of his death he then was, or at any time previously thereto had been, in receipt of a pension awarded by the Minister in respect of a disablement to which his death was directly attributable.

For the purposes of the proviso to this Article, the expression "pension" includes a weekly allowance, a gratuity or an allowance in respect of a period of approved treatment.

8. Where the Minister is satisfied that a payment (not being a payment in respect of the cost of a funeral) has been or will be made in respect of an injury (whether resulting in disablement or death) under—

(*a*) section 1 of the Superannuation Act, 1887, as amended by section 2 of the Superannuation Act, 1935, or by section 9 of the

Digitized by Google

Superannuation Act (Northern Ireland), 1935; or

(*b*) any Order in Council relating to pensions for officers of the Royal Fleet Auxiliaries;

no award of a pension, allowance or gratuity on account of any disablement or death which is directly attributable to that injury shall be made under the Naval Order as applied by this Scheme and any such award which has been made shall be cancelled. Provided that, where the Minister is satisfied that in respect of any period the aggregate annual value of the payments which are being or will be made under the first of the said enactments falls short of the aggregate annual value of the payments which, but for the foregoing provisions of this Article, would have been made in respect of that period under the Naval Order as applied by this Scheme or under this Scheme, the Minister may make such awards under the Naval Order as applied by this Scheme or under this Scheme as he may consider appropriate in order to make good the deficiency.

9.—(1) The rate or amount of any pension, allowance, gratuity or other grant which may be awarded under the Naval Order as applied by this Scheme or under this Scheme to or in respect of a person to whom this Article applies may be reduced to such extent as the Minister may consider appropriate, and (unless the Minister, having regard to any circumstances which seem to him relevant, otherwise directs in relation to a person coming within paragraphs (2) (*c*) or (*d*) of this Article) shall not exceed two-thirds of the rate or amount which, but for this Article, would have been applicable.

(2) This Article applies to—

(*a*) any person ordinarily resident outside the United Kingdom who, for the performance of his duties under the naval engagement by virtue of which his case comes within this Scheme, was receiving or due to receive remuneration which is shown to the satisfaction of the Minister to be substantially lower than the remuneration customary in the case of a person ordinarily resident in the United Kingdom who undertakes in the United Kingdom to perform similar duties;

(*b*) any member of the family of a person coming within sub-paragraph (*a*) of this paragraph;

(*c*) any person whose country of origin is one where the standards of remuneration applicable for his employment are shown to the satisfaction of the Minister to be substantially lower than the standards of remuneration applicable in the United Kingdom for similar employment, and who is resident in that country or in some other country where the standards of remuneration applicable for his employment as shown to the satisfaction of the Minister to be substantially lower than the standards of remuneration applicable in the United Kingdom for similar employment;

(*d*) any member of the family of a person whose country of origin is as aforesaid, being a member of the family who is resident in the said country or in some other country such as aforesaid.

10. Where, in the case of any person to whom a pension or allowance may be or has been awarded under the Naval Order as applied by this Scheme, the Minister is satisfied that the payment of a lump sum in lieu of that pension or allowance is justified by the circumstances of the case, the Minister may award to that person such a lump sum as aforesaid and any reference in the Naval Order as applied by this Scheme or in this Scheme to a gratuity shall be construed as including a reference to a lump sum awarded under this Article.

11. Any assignment or charge, and any agreement to assign or charge, any pension, allowance, gratuity or other grant which may be or has been awarded under the Naval Order as applied by this Scheme or under this Scheme shall, for the purposes of this Scheme, be void.

12. The provisions of the Naval Order as applied by this Scheme shall apply in relation to any medical question which arises under this Scheme in like manner as they apply in relation to any matter which is required by the Naval Order to be certified and which involves a medical question.

13.—(1) Any person to whom a pension, allowance or gratuity has been awarded under the Naval Order as applied by this Scheme or under this Scheme, and any person to whom payment of that pension, allowance or gratuity is to be made, shall, if and when required by the Minister so to do, subscribe such declaration as the Minister may from time to time prescribe or direct.

(2) Where a declaration is subscribed under paragraph (1) of this Article by a person who is not the person to whom the pension, allowance or gratuity has been awarded, there shall be furnished, if and when required by the Minister, such certificate as the Minister may from time to time prescribe or direct.

(3) If such a declaration or certificate as may have been required by the Minister under this Article to be subscribed or furnished is not subscribed or furnished, payment of the pension, allowance or gratuity, shall be withheld until the requirements of the Minister under this Article have been complied with.

14.—(1) The Minister shall be the sole administrator of this Scheme and, subject to the provisions of the Pensions Appeal Tribunals Act, 1943, all questions with respect to the effect or operation of this Scheme shall be determined by the Minister and his decision thereon shall be final and conclusive.

(2) The Minister may make regulations for giving effect to the purposes of this Scheme.

15.—(1) Subject to the following provisions of this Article this Scheme shall be deemed to have come into operation on the 1st February, 1946, so, however, that no payment shall be made under this Schedule in respect of any period before that date.

(2) Subject to the following provisions of this Article, the War Pensions (Naval Auxiliary Personnel) Scheme, 1944, as amended by the War Pensions (Mercantile Marine) Scheme, etc. (Amendment) Order, 1944, shall be deemed to have ceased to have effect as from the 1st February, 1946, without prejudice, however, to its operation in respect of any period before that date.

(3) Subject to the following provisions of this Article, the provisions contained in Articles 15 (2), 15 (3), 15 (4), 15 (7), 15 (8), 15 (9), 15 (10), the proviso to 16 (3) (c), Articles 17 (2) (b), 17 (2) (c), 17 (3), 17 (4), 38 (4) (d) and 38 (5) of the Naval Order as applied by this Scheme shall be deemed to have come into operation on the 1st September, 1945.

(4) In relation to any award payable weekly the foregoing references to the 1st February, 1946, and the 1st September, 1945, shall be construed as references to the first normal weekly pay day for that award following the 1st February, 1946, or, as the case may be, the 1st September, 1945.

(5) Any relevant provision of this Scheme or of the Naval Order as applied by this Scheme shall, as from the commencing date appropriate for that provision, apply to any case where the disablement or death of a Naval Auxiliary member was directly attributable to a qualifying injury sustained or detention suffered on or after 3rd September, 1939, but before that commencing date, whether an award has been made under any previous Scheme or not.

16. This Scheme may be cited as the War Pensions (Naval Auxiliary Personnel) Scheme, 1946.

(*ii*) is suffered by reason of his service;

(3) "end of war service," in relation to a coastguard, means the end of the war or, if earlier, the termination of the period of service in the course of which the coastguard sustained the qualifying injury or suffered the detention to which his disablement or death is, or is claimed to be, directly attributable;

(4) "equivalent naval rank," in relation to a coastguard, means the rank which the coastguard is, by virtue of Article 4 of this Scheme, to be treated as holding for the purposes of this Scheme;

(5) "the Injury Warrant" means the Injury Warrant, No. 1, 1935(a), or the Injury Warrant, No. 2, 1935(b), as amended in either case by any subsequent Warrant;

2.—(1) The Interpretation Act, 1889, applies to the interpretation of this Scheme as it applies to the interpretation of an Act of Parliament.

(2) In no case shall there be an onus of any claimant under this Scheme to prove that disablement or death is directly attributable to a qualifying injury or to detention and the benefit of any reasonable doubt on those questions shall be given to the claimant.

(3) For the purposes of this Scheme, the detention of a coastguard may be treated as continuing until whichever is the earlier of the two following dates, that is to say—

(*b*) the date on which it is first practicable for him to arrive back in the United Kingdom;

or until such other date as the Minister may direct in relation to that coastguard or to any class of coastguards.

naval rank which is specified in the First Schedule to this Scheme in relation to the capacity or the capacity and circumstances, in which he was employed in the Coastguard Service on the material date or, if more beneficial, on the date of the end of his war service.

(2) A coastguard who on the material date, or the date of the end of his war service, was employed in the Coastguard Service in a capacity, or in a capacity and circumstances, not specified in the First Schedule to this Scheme shall be treated for the purposes of this Scheme as holding on that date such equivalent naval rank as is in the opinion of the Minister appropriate.

(3) Where the disablement or death of a coastguard is directly attributable, not to a single qualifying injury or period of detention, but to two or more such cases, and different ranks would, by virtue of the foregoing provisions of this Article, be applicable to the different causes of the disablement or death—

(*a*) any award under the Naval Order as applied by this Scheme in respect of disablement shall be at such composite rate as the Minister may consider appropriate having regard to the disabling effect of each such cause and the rank applicable thereto; and

(*b*) any award under the Naval Order as applied by this Scheme in respect of death shall be based upon the highest of those different ranks.

5. Where the disablement of a coastguard is directly attributable to a qualifying injury or to detention, the provisions of the Naval Order, modified in the respects indicated in the Second Schedule to this Scheme, shall apply to him so as to secure that, subject to the provisions of this Scheme, there may be made on the termination of his service an award or awards in respect of that disablement of the like nature and amount as would, having regard to his equivalent naval rank, have been made in respect thereof under the Naval Order if he had been a member of the naval forces for the purposes of that Order and his disablement had been due to service as a member of those forces during the war.

6. Where a coastguard is in receipt of retired pay, pension or similar award in respect of previous naval, military or air force service, or would be in receipt of such retired pay, pension or award if he had not commuted the same, that coastguard shall be treated for the purposes of any award under the Naval Order as applied by this Scheme in respect of disablement as if he had been recalled to, or called out for service in, or re-enlisted or re-employed in, the naval, military or air forces, so, however, that an award in respect of disablement suffered by a coastguard who would, if the Order referred to in paragraph (*a*) of Article 3 of this Scheme had not been made, have been eligible for an award under the Injury Warrant, shall not by virtue of this Article be less favourable than the award which would have been made if the Injury Warrant had continued to be applicable.

7.—(1) Where a coastguard who has suffered disablement which is directly attributable to a qualifying injury or to detention (in this Article referred to as the "relevant disablement"), has been awarded a pension or other grant payable out of public funds (otherwise than under this Scheme) in respect of some other disablement however caused, the degree of the relevant disablement shall not exceed the difference between—

(*a*) the degree of the other disablement determined by reference to the assessment on which payment of the said pension or other grant is being made or, where that payment is not based on any specific assessment, the assessment which, in the opinion of the Minister, having regard to the regulations under which that payment is made, is appropriate to that other disablement; and,

(*b*) the degree at which the relevant disablement and the other disablement, determined as aforesaid, would together have been assessed on a composite assessment if both disablements had fallen to be assessed under the Naval Order as applied by this Scheme.

(2) The Minister may, notwithstanding anything in the Naval Order as applied by this Scheme or in this Scheme, make such award in respect of the relevant disablement as will secure that the aggregate value of the award in respect of that disablement and of the pension or other grant in respect of the other disablement is not less than the value of the award which, if both disablements had come within the scope of this Scheme, would have been made by virtue of Article 4 (3) of this Scheme having regard to the equivalent naval rank of the coastguard in relation to the relevant disablement and the rank which is, or should, in the opinion of the Minister, be assumed to be, the basis of the pension or other grant in respect of the other disablement.

(3) Where an award may be made under the Naval Order as applied by this Scheme in respect of a member of the disabled person's family in respect of whom an award is not comprised in the pension or other grant in respect of the other disablement, the provisions of this Article shall not apply in relation to that award.

8. Where sickness or disablement benefit in respect of an injury or of disablement directly attributable to detention has been paid to a coastguard under the National Health Insurance Act, 1936, in respect of any period falling within the period of twenty-six weeks beginning with the Monday next before the date on which he sustained that injury or disablement, a pension or allowance under the Naval Order as applied by this Scheme awarded to that coastguard in respect of that period on account of any disablement directly attributable to that injury or detention shall only be paid in respect of that period to the extent to which the amount thereof exceeds the amount of that sickness or disablement benefit.

9. Where the death of a coastguard is directly attributable to a qualifying injury or to detention the provisions of the Naval Order, modified in the respects indicated in the Second Schedule to this Scheme, shall apply to him so as to secure that subject to the provisions of this Scheme, there may be made an award or awards of the like nature and amount as would, having regard to his equivalent naval rank, have been made under the Naval Order if he had been a member of the naval forces for the purposes of that Order and his death had been due to service as a member of those forces during the war.

10. Any assignment or charge, and any agreement to assign or charge, any pension, allowance gratuity or other grant which may be or has been awarded under the Naval Order as applied by this Scheme shall, for the purposes of this Scheme, be void.

11. The provisions of the Naval Order as applied by this Scheme shall apply in relation to any medical question which arises under this Scheme in like manner as they apply in relation to any matter which is required by the Naval Order to be certified and which involves a medical question.

12.—(1) Any person to whom a pension, allowance or gratuity has been awarded under the Naval Order as applied by this Scheme, and any person

o whom payment of that pension, allowance or gratuity is to be made, shall, if and when required by the Minister so to do, subscribe such declaration as the Minister may from time to time prescribe or direct.

(2) Where a declaration is subscribed under paragraph (1) of this Article by a person who is not the person to whom the pension, allowance or gratuity has been awarded, there shall be furnished, if and when required by the Minister, such certificate as the Minister may from time to time prescribe or direct.

(3) If such a declaration or certificate as may have been required by the Minister under this Article to be subscribed or furnished is not subscribed or furnished, payment of the pension, allowance or gratuity, shall be withheld until the requirements of the Minister under this Article have been complied with.

13.—(1) The Minister shall be the sole administrator of this Scheme and, subject to the provisions of the Pensions Appeal Tribunals Act, 1943, all questions with respect to the effect or operation of this Scheme shall be determined by the Minister and his decision thereon shall be final and conclusive.

(2) The Minister may make regulations for giving effect to the purposes of this Scheme.

14. The War Pensions (Coastguards) Scheme, 1943(a), shall be deemed to have ceased to have effect as from the 16th August, 1943, without prejudice, however, to its operation in respect of any period before that date.

15.—(1) This Scheme shall be deemed to have come into operation on the 16th August, 1943, so, however, that no payment shall be made under this Scheme in respect of any period before that date.

(2) This Scheme may be cited as the War Pensions (Coastguards) Scheme, 1944.
